CONSTITUTION & BYLAWS

Updated 8/9/17

The Constitution of California Interscholastic Federation Cardinal Athletic Principles

TO BE OF MAXIMUM EFFECTIVENESS, THE ATHLETIC PROGRAM WILL:

1. Be a well-coordinated part of the secondary school curriculum.
2. Justify the use of the tax funds and school facilities because of the educational aims achieved.
3. Be based on the spirit of amateurism.
4. Be conducted by secondary school authorities.
5. Provide opportunities for many students to participate in a wide variety of sports in every sport season.
6. Eliminate professionalism and commercialism.
7. Prevent "All-Star" contests or other promotional events.
8. Foster training in conduct, game ethics, and sportsmanship for participants and spectators.
9. Include a well-balanced program of intramural sports.
10. Engender respect for local, state, and national rules and policies under which the school program is conducted.

Code of Ethics

IT IS THE DUTY OF ALL CONCERNED WITH HIGH SCHOOL ATHLETICS:

1. To emphasize the proper ideals of sportsmanship, ethical conduct, and fair play.
2. To eliminate all possibilities which tend to destroy the best values of the game.
3. To stress the values derived from playing the game fairly.
4. To show cordial courtesy to visiting teams and officials.
5. To establish a happy relationship between visitors and hosts.
6. To respect the integrity and judgment of sports officials.
7. To achieve a thorough understanding and acceptance of the rules of the game and the standards of eligibility.
8. To encourage leadership, use of initiative, and good judgment by the players on a team.
9. To recognize that the purpose of athletics is to promote the physical, mental, moral, social, and emotional well-being of the individual players.
10. To remember that an athletic contest is only a game-not a matter of life and death for player, coach, school, officials, fan, community, state, or nation.

Pursue Victory with Honor, the Operating Principles of the CIF, can be found in Article 1 and on page 269.

CALIFORNIA INTERSCHOLASTIC FEDERATION

SOUTHERN SECTION (INCORPORATED)

Constitution Bylaws and Rulings

Interscholastic athletic programs are an integral part of the educational picture. The concept of sportsmanship must be taught, modeled, expected and reinforced in the CIF Southern Section. We feel there is an urgency to restore balance and proper perspective to educational athletics.

Good sportsmanship implies the willingness to abide by the rules, accept the decisions of officials and play the game fairly. Coaches and athletes must maintain self-control and demonstrate respect for the game and its rules.

Good sportsmanship is the responsibility of everyone involved in the game. Represent your community in a manner that will bring credit to your school and team.

Preface

This manual serves as the official publication of the California Interscholastic Federation, Southern Section. It is designed to assist school administrators and coaches with the every-day implementation of the interscholastic athletic programs; it is updated annually.

The format combines both the State CIF and Southern Section Constitution, By-Laws and general information as it pertains to the overall membership.

School administrators are urged to make this publication available to those responsible for conducting the various interscholastic programs, who in turn are asked to review all rules and regulations with the student-athletes in their respective programs. This document is available at www.cifss.org, "Governance", "Blue Book".

If, after reading and studying its contents, the school administrator has a question regarding any rule, communication should take place immediately with the Commissioner at the CIF-SS Office. Whenever there is a doubt as to the eligibility of any student, a written inquiry from the principal to the Commissioner will receive a reply explaining the pertinent rule(s), interpretation(s) or the inquiry will be referred to the CIF Southern Section Executive Committee for review and decision.

Questions and answers are inserted as clarifying material, these are not to be considered as parts of the By-Laws and changing them does not require Southern Section Council action. Questions and answers have been included to assist in interpreting the rules and regulations and are samples of those gathered from past correspondence with the CIF-SS Office.

MISSION STATEMENT

The mission of the California Interscholastic Federation - Southern Section is to prepare student athletes to practice ethical behavior; including fair play, integrity and obedience to rules. All CIF athletic contests will represent in perception and practice, the appreciation for athletic excellence and the shared educational experience of competition. All individuals associated with athletic activities will be aware of and responsible for their influence on the behavior of others and be models of good sportsmanship.

SPORTSMANSHIP

It is strongly recommended by the Executive Committee that leagues adopt rules which address the following areas of sportsmanship:

- A coach or team shall never leave the playing area until the contest is completed.
- Unsportsmanlike conduct by spectators, coaches, and players will not be tolerated.
- Noise makers are not allowed.
- Cheerleaders are to use positive cheers and will direct cheers to their own team.

COACHES

- Always set a good example for participants and fans to follow, exemplifying the highest moral and ethical behavior.
- Instruct participants in proper sportsmanship responsibilities and demand that they make sportsmanship the No. 1 priority.
- Respect judgment of contest officials, abide by rules of the event and display no behavior that could incite fans.
- Treat opposing coaches, participants and fans with respect. Shake hands with officials, opposing coach in public.
- Develop and enforce penalties for participants who do not abide by sportsmanship standards.

ATHLETES

- Treat opponents with respect; shake hands prior to and after contests.
- Respect judgment of contest officials, abide by rules of the contest and display no behavior that could incite fans.
- Cooperate with officials, coaches and fellow participants to conduct a fair contest.
- Accept seriously the responsibility and privilege of representing school and community; display positive public action at all times.
- Live up to high standards of sportsmanship established by coach.

SCHOLARSHIPS FOR
STUDENT-ATHLETES

CIF Southern Section Student-Athlete, Administrator and School Awards

Nomination forms are available online at www.cifss.org under forms.

Distinguished Service Award

The Distinguished Service Award is an award for exemplary service and contribution to the CIF Southern Section. Individuals receiving the golden Life Membership Pass will be admitted to any athletic event conducted by the CIF Southern Section or one of its member schools.

Any high school administrator, CIF staff, CIF Council Member or athletic coach who, over the years, has served or contributed directly to the CIF Southern Section through the management of playoff activities or by serving on special Southern Section committees.

Nominations for the Superintendent/Board member Distinguished Award can be made at any time. Nominations can be made prior to an individual's retirement but should follow the completion of the tenure which brought about the significant service, contribution or accomplishment of the nominee.

Hall of Fame Award

Nominees must exemplify the highest standards of sportsmanship, ethical conduct, moral character and carry the endorsement of their league or association where appropriate.

The Hall of Fame Recognition Award is for exemplary **accomplishments** of a long and distinguished career in interscholastic athletics. Hall of Fame awardees will also receive the golden Life Membership Pass. Nominations can be made prior to an individual's retirement but should follow the completion of the tenure which brought about the significant service, contribution or accomplishment of the nominee.

All candidates will be judged on their significant and/or long term contribution to interscholastic athletics. While many have served their local programs over a long and distinguished career, their accomplishments must have been worthy of CIF Southern Section and CIF State recognition for them to be considered. Recognition, reputation and contributions at a collegiate or professional level, while noteworthy, are not significant interscholastic accomplishments. Longevity alone does not constitute appropriate credentials for the CIF Southern Section Hall of Fame.

Jim Staunton Champions for Character Awards

The CIF Southern Section wants to recognize student, administrators and schools who, through their actions and example, exemplify and promote the highest standards of the following:

- Sportsmanship and integrity
- The Six Pillars of Character ^{SM*}
- Positive inter-group relations and respect for diversity of all people ^{**}
- Sportsmanship and fair play over victory, personal achievement
- Scrupulous adherence to the rules of sport

HISTORICAL SKETCH

California Interscholastic Federation

The California Interscholastic Federation was organized at a high school athletic convention held at the Y.M.C.A. Field House, Los Angeles, on March 28, 1914.

The convention followed a number of conferences in which there had been agreement that high school athletic contests, to be of value to the schools and the participants, should be organized under the control of the responsible heads of the schools.

The primary responsibilities of CIF are to administer high school athletic programs and to promulgate and enforce rules relating to a student's involvement in athletics - age, semesters in school, scholarship, residence, transfer status, and amateur standing. Such regulations, which are generated by the 1,400-member base of secondary schools, prevent undesirable exploitation of high school students, provide for the welfare of participants, and ensure that interscholastic athletics offer major benefits to students in a safe, rewarding environment.

For purposes of administration, California is divided into the following 10 sections: Southern Section, Central Section, Los Angeles City Section, North Coast Section, Sac-Joaquin Section, Northern Section, Oakland City Section, San Francisco Section, San Diego Section and Central Coast Section.

The State Federated Council has complete control of all State championships in high school athletics and may specify all details as to methods and places for conducting the contests.

The CIF is one of the 50 state associations that belong to the National Federation of State High School Associations and actively participates in the national organization. Generally, rules recommended by the national body are adopted by CIF.

THE STORY

The CIF Southern Section, an organization whose history dates back to 1913, lists nine Commissioners over that span of time. The original term of Secretary has since been replaced with that of Commissioner.

The Southern Section was the outgrowth of a track and field meet. The founding date of the CIF Southern Section is March 29, 1913, when a group of high school officials joined forces to conduct a track championship meet, thus ushering in the birth of the Southern Section. Seth F. Van Patten, who was elected Track Manager for the Southern Section in 1913, and who is recognized as the founding father of the CIF-SS, served in that post until 1928 when he was officially named Secretary of the organization. He served as Commissioner until his retirement in 1951.

On March 28, 1914, the Southern Section came under the administrative wing of the newly founded California Interscholastic Federation, and has since grown into one of the most progressive and respected organizations of its kind in the world.

OUR ARCHIVES DATE BACK OVER 100 YEARS!

The “home” of the Southern Section has a long and varied history. At the outset, basements, surplus school rooms and even the homes of the secretary served as the official office. South Pasadena High School graciously permitted the use of one of its rooms during the 30’s, with Oneonta School and South Pasadena High School serving as the home office from 1942 until 1949. Still without an official office, the Southern Section moved its supplies to Helms Hall in Culver City in 1949 and remained at the Venice Blvd., site until 1959. It was in February of that year that the Southern Section built its first ever Administration office, the building located on the corners of Carmona and West Washington in Los Angeles. As membership grew and the Sections’ population center moved, so did the CIF-SS office. In 1965, the Section office built and moved into its third home and second devoted strictly to the CIF-SS day-to-day operations. That space was located on Artesia Blvd. in the city of Cerritos. That remained the home base of the section until October of 2002 when the ever-expanding membership required a larger facility. The new and current administrative home is the Pine Street location in Los Alamitos.

The California Interscholastic Federation Southern Section, is a nonprofit corporation organized to direct and control both boys’ and girls’ athletics in the secondary schools within the Section. The Southern Section is administered on a day-to-day basis by the Commissioner, four Assistant Commissioners, three directors and a staff of eight support personnel. The Southern Section is not only the oldest, but the largest of 10 such sections in the state--its membership has grown from an original 30 schools to over 585 schools and from 5 leagues to almost 89 leagues.

Interscholastic athletics for both boys and girls in the Southern Section are considered to be an integral segment of the total educational program. It goes without saying that sports should supplement, rather than serve as a substitute for the traditional physical education and intramural programs in our member schools.

Each year outstanding personnel are asked to contribute their expertise and time to serve on various standing committees of the Commissioner for the CIF Southern Section. These people, chosen for their experience, dedication and leadership in the area of athletic administration, are invaluable in the overall coordination of the numerous activities and programs of our 579 schools.

Responsibilities of the standing committees cover recommendations with regard to procedural and rule changes, evaluation of on-going programs, and to serve as a liaison between the athletic administrators at the school site and the CIF Southern Section Office.

CONSTITUTION OF THE CALIFORNIA INTERSCHOLASTIC FEDERATION
A Member of The National Federation of State High School Associations

ARTICLE 1
NAME AND PURPOSE

10. NAME

This organization shall be known as the California Interscholastic Federation.

11. PURPOSE

The purposes of this organization are:

- A. To serve as an organization through which member high schools may mutually adopt rules and regulations relating to interscholastic athletics (grades 9 through 12) and establish agreed upon minimum standards for certain aspects of the interscholastic athletic program; to guide schools and school districts in the discharge of their responsibilities for, among other considerations, the health, safety, general welfare and educational opportunities of the students taking part in interscholastic athletics.
- B. The CIF is limited to facilitating the establishment of these regulations and minimum standards and to the application of appropriate sanctions when failure to meet these standards, rules, and regulations comes to the attention of the CIF.
- C. To cultivate more cordial and friendly relations among schools through good standards of sportsmanship.
- D. To promote the acceptance of the CIF Operating Principles and Code of Ethics of the California Interscholastic Federation (adopted, November 1999 Federated Council).
NOTE: The CIF Operating Principles are defined as the 16 principles of the Pursuing Victory With Honor program adopted by the Federated Council in November of 1999 (see Article 1, Section 12).
- E. This organization does not contemplate pecuniary gain or profit to the members hereof and it is organized for non-profit purposes.
- F. To promote equal opportunities for all of the youth in California secondary school athletic programs regardless of race, religion, sex, national origin or sexual orientation.
- G. Member schools are responsible for monitoring and assuring compliance with these standards, rules and regulations except as set forth above, as well as responsibility for any matters of school administration or pupil supervision. Membership of schools in the California Interscholastic Federation is contingent upon compliance with the rules and regulations of the organization's constitution and bylaws (approved May 2001 Federated Council).

12. CIF OPERATING PRINCIPLES/PURSUING VICTORY WITH HONOR

The CIF Operating Principles are the 16 principles of Pursuing Victory With Honor program as follows:

- 1. The essential elements of character building and ethics in CIF sports are embodied in the concept of sportsmanship and six core principles: trustworthiness, respect, responsibility, fairness, caring and good citizenship. The highest potential of sports is achieved when competition reflects these "six pillars of character."
- 2. It's the duty of school boards, superintendents, school administrators, parents and school sports leadership -including coaches, athletic administrators, program directors and game officials - to promote sportsmanship and foster good character by teaching, enforcing, advocating and modeling these "six pillars of character."
- 3. To promote sportsmanship and foster the development of good character, school sports programs must be conducted in a manner that enhances the academic, emotional, social, physical and ethical development of student-athletes and teaches them positive life skills that will help them become personally successful and socially responsible.
- 4. Participation in school sports programs is a privilege, not a right. To earn that privilege, student-athletes must abide by the rules and they must conduct themselves, on and off the field, as positive role models who exemplify good character.
- 5. School boards, superintendents, school administrators, parents and school sports leadership shall establish standards for participation by adopting and enforcing codes of conduct for coaches, athletes, parents and spectators.

6. All participants in high school sports must consistently demonstrate and demand scrupulous integrity and observe and enforce the spirit as well as the letter of the rules.
7. The importance of character, ethics and sportsmanship should be emphasized in all communications directed to student-athletes and their parents.
8. School boards, superintendents, school administrators, parents and school sports leadership must ensure that the first priority of their student-athletes is a serious commitment to getting an education and developing the academic skills and character to succeed.
9. School boards, superintendents, principals, school administrators and everyone involved at any level of governance in the CIF must maintain ultimate responsibility for the quality and integrity of CIF programs. Such individuals must assure that education and character development responsibilities are not compromised to achieve sports performance goals and that the academic, social, emotional, physical and ethical well-being of student-athletes is always placed above desires and pressures to win.
10. All employees of member schools must be directly involved and committed to the academic success of student-athletes and the character-building goals of the school.
11. Everyone involved in competition including parents, spectators, associated student body leaders, and all auxiliary groups have a duty to honor the traditions of the sport and to treat other participants with respect. Coaches have a special responsibility to model respectful behavior and the duty to demand that their student-athletes refrain from disrespectful conduct including verbal abuse of opponents and officials, profane or belligerent trash-talking, taunting and inappropriate celebrations.
12. School boards, superintendents, and school administrators of CIF member schools must ensure that coaches, whether paid or voluntary, are competent to coach. Training or experience may determine minimal competence. These competencies include basic knowledge of: 1) The character building aspects of sports, including techniques and methods of teaching and reinforcing the core values comprising sportsmanship and good character. 2) The physical capabilities and limitations of the age group coached as well as first aid. 3) Coaching principles and the rules and strategies of the sport.
13. Because of the powerful potential of sports as a vehicle for positive personal growth, a broad spectrum of school sports experiences should be made available to all of our diverse communities.
14. To safeguard the health of athletes and the integrity of the sport, school sports programs must actively prohibit the use of alcohol, tobacco, drugs and performance enhancing substances, as well as demand compliance with all laws and regulations, including those related to gambling and the use of drugs.
15. Schools that offer athletic programs must safeguard the integrity of their programs. Commercial relationships should be continually monitored to ensure against inappropriate exploitation of the school's name or reputation. There should be no undue influence of commercial interests. In addition, sports programs must be prudent, avoiding undue dependency on particular companies or sponsors.
16. The profession of coaching is a profession of teaching. Along with the mental and physical dimensions of their sport, coaches, through words and example, must also strive to build the character of their athletes by teaching them to be trustworthy, respectful, responsible, fair, caring and good citizens.

(Approved February 2002 Federated Council)

- (4) Any school under suspension, if it has restricted its athletic program to intramural athletics for the period of suspension, may be reinstated by the CIF Executive Committee or Section Board of Managers upon application made in writing twenty (20) days in advance of the time it desires to be reinstated, to the Executive Director or Section Commissioner by the principal of the school and by the Board of Education under which the school operates. 2. After a review of the various individual requests from principals of member schools, CIF-SS staff will prepare a recommended area placement configuration for all schools in the Section. The Office Staff will announce the configuration and submit to all league representatives.
3. After the proposed configuration is announced, Section Staff will hold a meeting to take input from any affected school in regards to that school's area placement. The purpose of the meeting is to hear arguments on why a school should not be placed in the recommended area. Section Commissioner will set the conduct of the meeting, time and place.

 - (e) Any school that perceives itself to be adversely affected by the Area Placement recommendation of the Executive Committee has the option of seeking placement in some other league, or opting for freelance status, if such can be finalized by a date determined by the Executive Committee.

CRITERIA FOR AREA PLACEMENT

The criteria used by Southern Section staff for area placement and for the adjudication of appeals related to area placement will be limited to the following:

1. The initial request of the member school.
 - (a) The school requesting placement in a different area must provide rationale based on the three criteria of enrollment, geography and competitive equity.
 - (b) In cases of a placement disputes, the criterion of competitive equity shall weigh most heavily in making the placement.
2. Of secondary importance, but part of the criteria, are the school's competitive history and geographical location.
3. Special circumstances which; in the judgment of the Executive Committee provide good cause to deviate from the above criteria. Such circumstances might include anomalies related to enrollment, geography, and special features of school athletic programs, e.g. all-boys/girls.

A basic premise underlying this entire process is the recognition that the initial (first) request of the individual member school represents the best source of information regarding the welfare of that school vis a vis area placement. The Executive Committee shall review the request of the member school at the time the member school is accepted for membership in the Southern Section.

B. RELEAGUING PROCEDURES

1. In each area, the designated Chairperson of the CIF Southern Section Re-leaguings Committee will be responsible for calling no less than one required meeting of representatives from member schools assigned to that specific area.

At the meeting, or ensuing meetings, the representatives will be responsible for developing procedures for re-leaguings and a proposal reflecting the new league alignments. Voting procedures at the meeting are restricted to schools that are members of the organization at that time (in operation with student bodies).
2. Re-leaguings may take place every two years (even years) optional.
3. After receipt of the area proposal, the Re-leaguings Committee shall designate a time and place for hearings. Each league or member school in disagreement with the area proposal shall have an opportunity to express the rationale for its objection and to submit an alternative proposal.
4. Criteria for the formation and maintenance of athletic conferences
 - A. League configurations within a Conference must be based on competitive equity.
 - B. League configurations must be maintained for a minimum of two years in duration.
 - C. Configurations that are to be changed must be reported to the CIF Southern Section Office prior to May 15 for implementation the following school year.

 - E. The formation of a new Conference must coincide with the beginning of the CIF Southern Section Releaguings cycle.
 - F. Any school wishing to drop a Conference affiliation prior to the end of the releaguings cycle must receive the unanimous approval of all schools in the Conference.

QUESTION: May a school that has not opened but identified and plans to open, vote as it relates to the area releaguings process?

ANSWER: New schools that are assigned through the area placement process may participate in the area releaguings considerations provided a simple majority of the principals in the specific area approve.

QUESTION: What is the recommended criteria for releaguings?

ANSWER: It is recommended by the CIF Southern Section that the following criteria be observed with regard to releaguings procedures.

.....Enrollment

.....Geography

.....Competitive Equity (strength of program, sport offered)

In order to develop balance in the releaguings process, the above criteria should be given equal weight.

QUESTION: Can changes be made with regard to league membership during the releaguings cycle i.e.,2014-2018?

ANSWER: Yes. Mid-cycle changes must have unanimous approval of all affected schools in existing leagues. New Leagues may not be formed until the next releaguings cycle.

RELEAGUING APPEALS PROCEDURES

This must be completed at least 14 calendar days prior to the scheduled date of the appeal meeting.

The Executive Committee shall make no recommendations or approve alternative appeal configurations.
 2. If a proposal is remanded back to its area, the area must re-consider and vote on a configuration. The configuration will be forwarded to all member schools in that area. The Executive Committee will review the configuration and move it forward to Council.
 3. The original area proposal or any proposals resulting from an appeal by a member school shall be voted upon at the October Council meeting. The procedure for voting will be: (1) the original area proposal will be voted upon first and must secure a majority vote for passage (a tie vote would not be considered as passage); (2) If the original proposal receives the necessary majority vote, appeals may be heard from affected schools in that area (any school that plans to appeal shall submit to the Council representatives an alternate proposal two weeks before scheduled Council meeting, with copies to the CIF-Southern Section Office. If the original proposal fails to secure the necessary majority vote, member school(s) from that area may submit a proposal before the Council for consideration. Only proposals that receive a motion to approve, a second, and majority vote of Council will be heard. 54.8 In emergency situations, the Southern Section President or Commissioner with approval of the Administrative Committee may act for the Southern Section Council when necessary. This action will be communicated to the Executive Committee prior to enactment, whenever possible.

Between meetings of the Southern Section Council, the Executive Committee shall be empowered to act for the Southern Section Council when necessary. Any actions taken by the Executive Committee will be subject to review by the Southern Section Council at their next meeting.

Emergency situations would include, but not be limited to, those involving disasters, fires, earthquakes, or situations of extraordinary significance affecting member schools and their athletes.

NOTE: In accordance with Section 33353 of the Education Code, meetings of the California Interscholastic Federation are subject to the Brown Act (Government Code Section 54950 et. Seq.). A guide to the conduct of these meetings, written by the CIF general counsel, can be found on the CIF web site (www.cifstate.org). This guide applies to CIF State meetings as well as to meetings of the Sections and leagues but does not apply to State CIF and CIF Section appeal hearings involving student eligibility, section playoffs or appeal hearings of matters other than student eligibility or section playoffs, pursuant to Bylaws 1100- 1103.

105. REFUSAL TO COMPLY WITH CIF RULE

The membership of any school, league, or other subordinate unit of the CIF, which has willfully refused to comply with a rule, policy or principle of the CIF shall be suspended, thereby denying CIF competition to such school, league or subordinate unit, until the school, league or subordinate unit achieves compliance with said rule, policy or principle. The imposition of the suspension called for in this bylaw may be temporarily suspended at the discretion of the Executive Director provided that the school, league or subordinate unit is (1) making a good faith effort to come into compliance with the rule, policy or principle in question and (2) provides assurances that it will be in full compliance by a certain date which is acceptable to the Executive Director. The membership of any school, league or other subordinate unit of the CIF which has willfully refused to comply with a rule, policy or principle of the CIF, and which fails to undertake efforts to come into compliance, or to come into compliance within a reasonable time after being notified of such non-compliance, shall be revoked. ARTICLE 10

SOUTHERN SECTION - RULINGS

100. The rulings of the Council of the CIF Southern Section shall constitute the Bylaws and shall remain in effect until repealed or amended by the Council.

SOUTHERN SECTION - AMENDMENTS

101. These Bylaws may be amended at any regular or special meeting of the Council by a majority vote of the Council provided the proposed amendment has been submitted in writing to all members of the Council prior to the date of the Council Meeting at which the vote is taken.
102. These Bylaws may be amended at any regular or special meeting of the Council by a two-thirds vote of the Council when the proposed amendment has not been submitted in writing.

SOUTHERN SECTION - DUTIES OF THE LEAGUE REPRESENTATIVE

110. Shall see that the CIF Southern Section rules and regulations are understood and enforced by the individual schools of the league. (Note: This does not relieve the principal of the responsibility for acts due to lack of knowledge of CIF Southern Section rules.) All CIF Southern Section eligibility rules apply in all games, including practice, scrimmage, league, tournaments, and playoff games.
111. Shall see that all protests within the league are properly investigated and tried by the league.
112. Shall attend all meetings of the CIF Southern Section Council and remain in attendance at all Council meetings until adjournment, unless excused by the President in case of emergency. Traveling expenses shall be paid to those who are in such attendance.
113. Shall give notice to the Commissioner of Athletics at the beginning of each sports season (October 1, December 1, and March 1) if its league will NOT fulfill its designated number of entries (team and/or individual) for the playoffs in any sport.
114. Shall inform the Commissioner of Athletics of the names of the schools from the league which have qualified to enter teams in CIF Southern Section team championship playoffs and the names of the students from the league who qualify for entrance into CIF Southern Section competition in individual sports by the specified date. (League Coordinator)
115. Shall be responsible to see that all schools in the league submit their annual dues to the CIF Southern Section.
116. Shall make certain that an updated copy of the league Constitution and Bylaws is on file with the CIF Southern Section Office.
117. Shall be responsible that a copy of the minutes from each league meeting is filed with the CIF Southern Section Office as soon as possible after publication of same.

SOUTHERN SECTION - DUTIES OF THE PRINCIPALS

120. The principals of member schools shall verify the amateur standing and eligibility of each member of their teams. All CIF Southern Section eligibility rules apply in all games including practice, scrimmage, league, tournament, and playoff games.
121. The principals shall see that a faculty member is in charge of the finances in all playoff contests.

122. The principals shall verify the athletic eligibility of a student who has transferred to another school when requested to do so by an administrator from the second school.
123. A visiting team shall not be recognized by the host school unless accompanied by the principal or a faculty representative who shall be responsible for the conduct and line-up of the team. No interscholastic contest involving a public school shall be held unless a person meets the requirements of the California Education Code and the California Administrative Code Title V is in charge of each competing team. (Please note Bylaw 309.)
124. The principals shall notify the CIF Southern Section Office in writing, immediately, of any forfeiture and the reasons for same, with copy sent to opposing school.
125. ACCOUNTABILITY RULE - Principals are accountable for the interscholastic athletic program.

125.1 COACH EJECTION - Upon the ejection of a coach from any CIF Southern Section contest, it is the responsibility of the principal of said school to file a letter of explanation with the CIF Southern Section Office which includes the circumstances surrounding the matter and what action the principal has taken to prevent a recurrence. Said correspondence is to be filed within THREE school days of notification of the ejection. ADDITIONALLY, UPON EJECTION, THE EJECTED COACH SHALL BE DISQUALIFIED FROM PARTICIPATING IN THE REMAINDER OF THE GAME AND WILL BE INELIGIBLE FOR THE TEAM'S NEXT CONTEST. A SECOND EJECTION WILL CONSTITUTE A TWO CONTEST SUSPENSION AND A THIRD EJECTION WILL CAUSE SUSPENSION FOR THE REMAINDER OF THE SEASON.

QUESTION:	What happens if, unknowingly, a coach or player who was ejected the previous game participates in the next contest?
ANSWER:	Being in attendance at or coaching/playing in a contest after having been ejected from a previous contest will result in forfeiture of the contest.
QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the team bench/area, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not in attendance at the contest.
QUESTION:	How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?
ANSWER:	A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level which he/she was ejected. (i.e.: An ejected JV coach who is also a varsity assistant may NOT be in attendance at any contest until his/her mandatory JV suspension has been completed.)

125.2 FAILURE TO COMPLETE A CONTEST - When a school fails to complete a contest, due to a coach pulling his/her team from the floor, court or field, it is MANDATORY that the CIF Southern Section Office be notified by the principal within 24 hours (excluding holidays and weekends). The competing schools and officials will be required to file written reports, and after review of the aforementioned material, the principal of the school involved will be required to respond to the CIF Southern Section Office concerning his/her investigation of the incident.

QUESTION:	How serious is such action?
ANSWER:	It has been the position of the CIF Southern Section Executive Committee to expect the building principal of the school concerned to relieve the coach from his/her assignment for the balance of that season or the Executive Committee is empowered to consider recommendations for additional penalties.

SOUTHERN SECTION - DUTIES OF LEAGUES

130. Leagues shall determine their own champions and playoff qualifiers in any way they see fit, provided their methods are not contrary to the rules of the CIF Southern Section.
131. Leagues shall not have the right to refuse any school or individual the privilege of an appeal to the Executive Committee of the CIF Southern Section.
132. Leagues must settle all cases of protest involving league contests. Such cases may be appealed to the Executive Committee of the CIF Southern Section in accordance with Article 1112 of the Bylaws.
133. Leagues shall not make any rules contrary to the rules of the CIF Southern Section but may make a regulation requiring higher standards than those set by the CIF Southern Section.

134. Leagues shall not have the right to substitute another team if, for any reason, a league qualifier in any class is found ineligible after the first round of the playoffs.
135. Leagues shall be responsible for the enforcement of the "Amateur Standing Rule". (See Bylaws 120 and 212.)
136. Leagues shall be responsible for qualifying members in all individual and team sports for member schools of that league.
137. LEAGUE ASSISTANCE PLACEMENT (CROSS-LEAGUING)

The following are the established guidelines in order to assist schools without league membership for specific sports:

- 137.1 Schools desiring placement have the initial responsibility of contacting existing leagues for acceptance on an annual basis and are encouraged to do so as early in the school year as possible preceding competition.
- 137.2 Schools will have the option of remaining freelance and petitioning the CIF Southern Section Office for playoff consideration under the established guidelines.
- 137.3 The CIF Southern Section Office will serve as a resource center in identifying the established leagues and additionally, where feasible, take an active role in assisting with the formulation of leagues for freelance members. In the event placement is not feasible, the school will remain freelance for the ensuing school term.
- 137.4 Schools falling into the category of California Youth Authority and probationary schools when applying to a specific league for cross-leaguage membership must receive the unanimous approval of all building principals in that league and final approval from the CIF Southern Section Office. This approval must be granted on an annual basis.

SOUTHERN SECTION - FINANCIAL POLICY

140. Member high schools will submit a \$50.00 Sport Fee for each boys' and girls' sport engaged in by that school (Maximum of one level charged). Member high schools are required to engage in a minimum of one (1) sport per season (fall, winter and spring) per gender. Coed teams shall pay one fee for the sport of reference, except in the case of sports leading to an individual championship.
141. Member schools shall be billed for their annual Sport Fees by the Southern Section, as of September 1, of each school year. Each league representative shall be responsible to see that all schools in their league submit their Sport Fees prior to October 1.
142. Annual Sport Fees not paid to the CIF Southern Section Office by October 1 shall be termed delinquent. The Commissioner shall notify delinquent schools on or about October 2, and if Sport Fees are not paid immediately, such schools will be denied interscholastic competition until Sport Fees are paid. After written notification, if Sport Fees remain outstanding, the Executive Committee may discontinue a school's membership.
143. In the sports of basketball, football, and volleyball it is mandatory that admission be charged in all playoff games. In all other sports with the exception of the championship finals which the CIF Southern Section manages, schools are not to charge admission for these activities. However, upon petition to the Commissioner's office, by the principals of the schools involved, to charge admission, the Commissioner may waive this policy. In such a case the gross profit will be split equally between the schools, with the visitor paying its own travel expense and the host team paying the game expense.
144. In all rounds of the football, basketball and volleyball playoff games, including the championship games, the net profit shall be split 20% to each school and 60% to the CIF Southern Section. In the championship games in the other sports the CIF Southern Section shall receive the net profit if the office manages same.
145. After a reasonable request from the Commissioner's office, schools that continue to be delinquent with financial reports will not be allowed to host a home game during the playoffs in all sports for a period of one year.
146. In each of the established areas, the CIF Southern Section shall employ and reimburse a qualified person who will serve as a liaison between the schools, Southern Section Office and the officials' associations.
147. The CIF Southern Section shall have the right to acquire and hold title to real property as it deems necessary to carry on the program of the CIF Southern Section when approved by a majority vote of the Council. The President of the Council and the Commissioner of Athletics shall be empowered to sign such documents as may be required in the acquisition of such property.
148. LEGAL EXPENSES AND SCHOOL ASSESSMENT: CIF-Southern Section will assess schools, based upon enrollment, an amount equal to the legal expenses for the fiscal year immediately preceding the year of assessment. Legal expenses shall be for all direct and indirect costs, including but not limited to, attorney, office expenses, travel and court fees. This assessment applies only to those fees not covered by the State CIF legal and liability assessment and only for fees accrued the prior year. Costs to schools shall not exceed \$0.20 per student in any given academic year. Expenses that exceed that amount may be amortized over a three year period.

149. It shall be the responsibility of the Commissioner of Athletics to negotiate, set the rights fee to telecast and contract any contest hosted by a Southern Section member school that will be broadcast on a regional or national basis via an over-the-air station, cable outlet made available to multiple cable service providers, internet, or satellite transmitted station, outlet or programming network.

Schools participating in any such telecast will be compensated for any additional costs directly attributed to providing additional facilities or staffing in support of that telecast. Additional services and staffing to be provided must be approved, in advance, by the CIF Southern Section Office

Telecasts of non-playoff contests on a school or school district owned television station, or by a local cable television provider where the broadcast is not provided to another provider nor broadcast or re-broadcast via satellite or over-the-air, are excluded from the Commissioner's authority.

QUESTION:	What is an over-the-air telecast?
ANSWER:	A telecast provided over the public airwaves that can be received without need of a cable, satellite or pay-per-view arrangement.
QUESTION:	What is Rule 149 designed to achieve for member schools?
ANSWER:	Passed in by Council in 2005, the CIF-SS video rights are structured similar to college conferences. All rights for varsity regular season and playoff games are contracted through the CIF-SS office. 100% of regular season rights fees are distributed back to the 'host/home' school of the game being broadcast. Playoff revenues remain with the CIF-SS office as they had prior to Rule 149.
QUESTION:	What are the video rights for member school varsity games played outside the CIF Southern Section?
ANSWER:	Video rights for a game played outside the Section between a CIF-SS member and non CIF-SS member belong to the non-member host of the game. Exception: If two CIF-SS members are scheduled to play each directly or in the first round of a tournament at a location outside the CIF Southern Section, the CIF-SS retains the video rights. This exception if to avoid circumventing the CIF-SS existing video rights agreements with other entities.
QUESTION:	What is a 'local cable television provider'?
ANSWER:	This definition has evolved as the cable industry has changed. As an example, one local cable provider consolidated numerous local cable channels a few year into one mega channel serving over 1 million subscribers. Definition: A 'local cable television provider' is defined as a local access cable channel available to subscribers in the city of a participating school, on just one cable distribution system and running no advertising or commercials. Additionally, the channel must reach less than 250,000 subscribers.
QUESTION:	What is a 'school or school district' internet web site that may distribute a varsity game for no rights fee?
ANSWER:	A school or school district web site is defined as the 'official web site' of the school where the administration does its business for the entire school or district. A web page on that site may then host the webcast. Excluded are web pages exclusive to athletics or third party web sites airing the web cast. Example: Acme High School's official web site for all business is www.acmehs.k12.ca.us . From that page Acme has an athletics page that could host a video feed at no charge if the event has not previously been contracted. However, Acme HS football has a created different web site at www.acmehsfootball.com . Webcasting the game on that site would require a rights fee.
QUESTION:	What is a 'third party' web site?
ANSWER:	A 'third party' web site is a web site not directly owned and operated as the main business web site of a school or school district. Games being aired on third party web sites such as, but not limited to, thecube.com , ustv.com , iHigh.com and livestream.com , or on local newspaper or media web sites, do require a full rights fee regardless of who is doing the production. Any distribution through a site or station other than the official school owned web site or station requires a fee. Distribution point determines fee status regardless of who is producing the game.

SOUTHERN SECTION - ATHLETIC CONTRACTS

150. A contract is the mutual agreement of the parties concerned reduced to writing and signed by each of them (the signing of contracts for all non-league team contests is highly encouraged, with forms available from the CIF Southern Section Office). A league schedule duly adopted and recorded in the league's minutes will be regarded as a contract. Schools should anticipate religious holidays, mandated testing schedules, and finals schedules when constructing schedules and entering into contracts.

151. Where a written contract has been entered into, schools must carry out the provisions of the contract, subject to the following rules:

- 151.1 Where either school finds it impossible to meet a scheduled contest, it must notify the other school in writing and send a copy to the Commissioner of Athletics prior to the scheduled contest. In case the other school does not agree to the cancellation of the contest, the Commissioner shall make the final decision.
- 151.2 Any expenses incurred by the offended school such as officials' fees, stadium rental, transportation, etc., shall be paid in full by the school breaching the contract.
- 151.3 When a school fails to engage in a contest agreed upon, without giving notice to the other school and securing an honorable release, it may be suspended from membership.
- 152. It is important that all schools confirm athletic contests in writing after they have been scheduled verbally by phone. This procedure will reduce the number of conflicts that seem to arise when contests are scheduled by phone. Appeals of athletic contests will carry added weight if the agreement for said contest is part of a written athletic contract.
- 153. Schools are responsible to fulfill their commitments made by previous school personnel. A change of administration, athletic director or coach, does not cancel out a scheduled contest made the previous school year.

SOUTHERN SECTION - ANNUAL PASSES - DISTINGUISHED SERVICE AWARD - HALL OF FAME AWARD

ANNUAL PASSES

- 160. The Superintendent of each CIF Southern Section school shall receive an annual pass for admittance and one guest to any interscholastic athletic activity conducted under the jurisdiction of the CIF Southern Section with the exception of those noted on the back of the courtesy pass.

The official nomination form is available and can be obtained at any time from the CIF Southern Section Office. CALIFORNIA INTERSCHOLASTIC FEDERATION and CIF-SOUTHERN SECTION BYLAWS COMBINED

Beginning with Article 2 of the Bylaws and continuing thereafter throughout the Blue Book, the State Federation Bylaws have been interfaced with the CIF Southern Section Bylaws. The State Federation Bylaws are set in bold face type. The CIF Southern Section Bylaws are set on light face type.

It should be noted, the Southern Section is more restrictive than the State CIF in some Bylaws and Regulations and in all instances, the more restrictive Southern Section Bylaw applies.

**ARTICLE 20
ELIGIBILITY REQUIREMENTS**

(200 series revised May 2012 Federated Council)

NOTE: CIF provides questions and answers throughout Article 20 as a guide for parent(s)/guardian(s)/caregiver and school personnel to aid them in understanding the intent and application of some of our bylaws. Many situations are unique and not every specific situation can be covered in the language of these bylaws or in every Q & A.

200. CIF Student Eligibility For Interscholastic Athletic Competition

- A. PHILOSOPHY: The CIF, as the governing body of high school athletics, affirms that athletic competition is an important part of the high school experience and that participation in interscholastic athletics is a privilege. The privilege of participation in interscholastic athletics is available to students in public or private schools who meet the democratically established standards of qualification as set forth by the CIF Federated Council.**

CIF Bylaws governing student eligibility are a necessary prerequisite to participation in interscholastic athletics because they:

- (1) Keep the focus on athletic participation as a privilege, not a right;
- (2) Reinforce the principle that students attend school to receive an education first; athletic participation is secondary;
- (3) Protect the opportunities to participate for students who meet the established standards;
- (4) Provide a fundamentally fair and equitable framework in which interscholastic athletic competition can take place;
- (5) Provide uniform standards for all schools to follow in maintaining athletic competition;
- (6) Serve as a deterrent to students who transfer schools for athletic reasons and to individuals who recruit student-athletes;
- (7) Serve as a deterrent to students who transfer schools to avoid disciplinary action;
- (8) Maintain an ethical relationship between high school athletic programs and others who demonstrate an interest in high school athletes;
- (9) Support the Principles of "Pursuing Victory with Honor."

B. RULES:

The CIF establishes the standards of eligibility to participate in interscholastic athletics to include the following:

* The CIF recognizes that any student who is ineligible under the rules of another state cannot gain eligibility at a CIF member school until the terms of ineligibility are served.

201. STANDARDS OF ELIGIBILITY

Only students enrolled in public, charter, and private CIF member schools, grades 9-12, and meet all standards of athletic eligibility established by CIF, their respective CIF section of membership, their respective league, district and school are considered a student in good standing and eligible to compete for their school of enrollment. Students who are enrolled in school programs or member schools whose membership status has been established as a multi-school/campus should also refer to Bylaws 302, 303 and 304 for additional eligibility requirements.

A. Enrollment Standards- See also Bylaws 204, 206, 207 and 209.

- (1) Enrollment standard required for participation: (Bylaws 201 and 205)
 - a. Students must be enrolled full time (minimum 20 units) at the school for which they are competing. (See also Bylaws 205.B.(1)a., 216, 303, 304, 503.C. & 503.G.)
 - b. Students will be considered enrolled in a school for purposes of participation in interscholastic athletics (205.B) when they have:
 - (i) Been entered as a full-time student [20 units or equivalent in a non-traditional program-see also Bylaw 205.B.(1)a. and (ii)] in attendance in classes at that school. OR
 - (ii) Participated in a fall sport when the tryouts and/or practices of that team begin before classes at the school begin in the fall. Such a student will be considered to be enrolled during that practice time as long as they have registered for, and are enrolled, as a full-time student for the fall semester of that school year [20 units or equivalent in a non-traditional program-see also Bylaw 205.B.(1)a. and (ii)].

Question: My son was not registered for any classes at any school, he was not attending school anywhere because we had just moved here. He enrolled in classes at the new school (CIF Member School A) two weeks after the first day of this school year. When does his 15 days begin?

Answer: Because he was not registered or currently scheduled for classes at any school he is not considered to have been on the attendance roll prior to his actual enrollment. His 15 days would begin on the day he enrolled at the new school, whether he began to attend immediately or whether he was physically in attendance at those classes for all 15 days or not. He would not be eligible to practice

or compete with any of this school's teams until two weeks after the first day of this school year when he was registered and currently scheduled for classes, since he would not have been considered enrolled in this school until that time.

Question: *My son was registered and scheduled in classes, but due to illness did not begin attending until 5 days after the school year/term began. When does his 15 days begin?*

Answer: Because he was registered and scheduled in classes, even though he was not attending those classes, his 15 days begin the first day of that school year/term.

- c. For eligibility purposes, students cannot have dual enrollment in two different schools at the same time. During the time a student remains enrolled in their current school but has registered for classes at a new school and/or paid a non-refundable registration fee at a new school, the student will be considered to be enrolled in the former school not the new school. Only at such time as the student has withdrawn from or has completed the courses in which they were enrolled at the former school, is no longer enrolled in any way at the former school and has attended classes at their new school, shall that student be considered as being enrolled in the new school for eligibility purposes. This applies to 8th graders matriculating the following school year to 9th grade in a CIF member school.

NOTE: This is not intended to apply to traditional summer school coursework. Summer school is defined as a course of study that begins after the end of the previous school year and ends prior to the beginning of the fall term of the following school year.

Question: *My daughter will be transferring to a new school (School B) in the fall. She has registered for classes at that new school, but still remains enrolled in, and completing her coursework at, her current school (School A). For purposes of athletic eligibility, is she enrolled in both schools at this time?*

Answer: Students may not have dual enrollment for eligibility purposes. Students may not have residential eligibility at two different schools at the same time. She is considered enrolled at, and therefore only eligible at, her current school (School A).

- d. Students may not participate in any athletic meeting, practice or competition at a new school in which they have registered for classes and/or paid a non-refundable registration fee until they have been officially withdrawn from their former school, or stopped attending or the regular school year for their former school has concluded. This applies to 8th graders who are matriculating the following school year to a CIF member school.

Question: *My daughter will be transferring to a new school (School B) in the fall. She has registered for classes at that new school, but still remains enrolled in and completing her coursework at her current school (School A). Can she practice with her new school team during the current school year since she is registered for classes and will be attending the new school next term/year?*

Answer: No. For eligibility purposes, she is not considered to be enrolled at the new school (School B) since she had not withdrawn from or stopped attending School A and therefore may not participate, practice or compete in any way with their athletic program. If she does, she may be declared to be in violation of Bylaws 207.C.(3) & 510 pre-enrollment contact with the new school (School B) which may jeopardize her athletic eligibility.

- e. Students may not practice with or compete for any CIF-member school in which they are not enrolled as a full-time student regardless of the sports offerings, or lack thereof, at the school in which they are enrolled.

(2) Enrollment standard establishing a semester of attendance:

- a. Once a student attends class and is continuously enrolled for 15 school days in the 9th grade, and/or in any classes taken subsequent to the completion of the 8th grade, at any school or has played in an interscholastic athletic contest, the CIF will count that as the student's first semester of high school eligibility.

Question: *Because of family circumstances, we enrolled our daughter in the 9th grade at a school after her completion of the 8th grade. She was unable to and did not begin attending until a month after school started. Because she was so far behind, we waited until the 2nd semester of that year for her to actually start attending classes. When does her 8 semesters begin?*

Answer: California Ed Code section 58200 et seq. provides that each person between the ages of 6 and 18 years is subject to compulsory full-time education unless the person is statutorily exempt. However, if during that first semester, she was not enrolled in any coursework of any kind in any school, was not home schooled and was not taking any kind of courses on-line through any Independent Study Program or in any other program of coursework, her first semester of high school eligibility would begin at the 2nd semester.

- b. Eight (8) consecutive semesters of eligibility, including and immediately following the first semester as described in (a) above, are available to the student whether or not the student is enrolled in school, participates in or is eligible for, interscholastic participation. (Bylaw 204)

(3) Enrollment standard establishing students as a transfer (Bylaw 207)

- a. Students shall be considered to be a transfer student when:
 - (i) The student has attended class at their former school (School A) AND/OR
 - (ii) The student has played in an athletic contest for their former school; AND/OR
 - (iii) The student has tried out for or practiced with a team prior to the beginning of the school year for five (5) days or more; AND
 - (iv) That student withdraws from School A or has completed the courses in which they were enrolled in at School A, so that student is no longer enrolled in any way at School A; AND
 - (v) That student enrolls as a full-time student in a new school (School B); THEN that student shall be determined to be enrolled in and having transferred to School B if all conditions of 201.A.(1) above are met.
- b. Students may not practice with or participate in an interscholastic athletic contest for the new school prior to establishing enrollment in the new school, meeting the enrollment standards contained herein, except if they are transferring at the beginning of the school year and practice for that season of sport begins prior to the first day that classes begin for the new school. Registering for classes and paying a non-refundable registration fee or tuition does not constitute enrollment in the new school for transfer purposes.
- c. For eligibility purposes, students cannot have dual enrollment in two different schools at the same time. During the time a student is intending to transfer schools, has registered for classes at the new school and/or paid a non-refundable registration fee at the new school, but still remains enrolled in the former school, the student will be considered to be enrolled in the former school. Only at such time as the student has withdrawn from or has completed the courses in which they were enrolled at the former school, and is no longer enrolled in any way at the former school, shall that student be considered as having “transferred” to the new school. This applies to 8th graders matriculating the following school year to 9th grade in a CIF member school.
- d. No one associated with the athletic program at the new school may perpetrate any violation of Bylaw 510 or have inappropriate pre-enrollment contact as outlined in Bylaw 207.B or 510 prior to their enrollment in the new school as defined herein.

Question: What if my child is on a “waitlist” to attend School B, but is not accepted until after the school year has begun and began attending School A?

Answer: The Section may grant an exception, but must have written documentation that the student was placed on the “waitlist” at School B prior to the start of the school year beginning and their attendance at School A. The student will not be eligible for an exemption if they participated in any contests at School A.

(4) Enrollment standards for purposes of Bylaw 510 (pre-enrollment contact) (Bylaw 510)

- a. General information about athletic programs, physicals, summer activity, camps, etc. may be distributed to middle school students only by a CIF member school administrator or athletic director.

Question: What may representatives of a senior high school do as far as contact with junior high/middle school students is concerned?

Answer: Because a graduate of a junior high/middle school may enter any high school in California and may be residentially eligible in accordance with all CIF rules, contact by senior high school representatives is regulated. Individual coaches cannot visit or initiate contact with junior high/middle school students, but it would be permissible for the school administrator or athletic director (not the coach) of a senior high school to visit the junior high/middle school campus for the purpose of informing students of the total athletic program at the senior high school. However, it is legal on a school day for a high school coach to be part of a total open house and/or school orientation (academics, activities, but not athletics by itself) where a student is part of a general gathering of students on the high school campus and such activity has the approval of the high school and junior high/middle or elementary school principal.

- b. 8th graders who have not graduated from the 8th grade may not participate in any athletic meetings conducted by any high school coach that is not part of a school-wide high school presentation. The student may not practice or compete in any contest at any high school, even if they have registered for classes and/or paid a non-refundable registration fee, until they have graduated from the 8th grade.

- c. Contact between coaches (and others associated with the athletic program) and students or their parents during summer activity conducted by a CIF-member school, shall not be considered pre-enrollment contact requiring disclosure, if the student has, previous to that summer, registered for classes at the CIF member school and, in the case of a private school, also paid a non-refundable registration fee and has officially withdrawn from the previous school as long as the contact does not occur prior to the conclusion of the student's former school's year end. Such contact is not required to be disclosed. All other contact not covered in this circumstance between coaches (and others associated with the athletic program) and students or their parents must be disclosed as required in Bylaws 206, 207 and 510.

(5) Enrollment of Students in Schools With Multi-School/Campus Agreements:

Enrollment of students in a school with an existing multi-school/campus agreement may be residentially eligible only as provided in Bylaws 302, 303 and 304. (See Related Bylaws: 301 – Home Study/Home Schooling)

(Revised May 2011 Federated Council/ Revised April 2016 Federated Council)

202. ACCURATE INFORMATION

A. The CIF requires that all information provided in regard to any aspect of the eligibility of a student must be true, correct, accurate, complete and/or not false or inaccurate.

B. Penalty for Providing Incorrect, Inaccurate, Incomplete or False Information

(1) If it is discovered that any parent(s)/guardian(s)/caregiver or student has provided incorrect, inaccurate, incomplete or false information in regards to any aspect of eligibility status on behalf of a student, that student is subject to immediate ineligibility for CIF competition at any level in any sport for a period of up to 24 calendar months from the date the determination was made that incorrect, inaccurate, incomplete or false information was provided.

(2) If it is discovered that persons associated with the student or the school (coach, teachers, parent(s)/guardian(s)/caregiver, friends, etc.) provided incorrect, inaccurate, incomplete or false information in order to fraudulently gain favorable eligibility status for a student, that student is subject to immediate ineligibility for competition at any Section member school at any level in any sport for a period of up to 24 calendar months from the determination that incorrect, inaccurate, incomplete or false information was provided whether the student was aware of the fraudulent information or not.

(Revised October 2001 Federated Council)

(3) Any contests in which a student or students participated based on incorrect, inaccurate, incomplete or false information regarding eligibility status shall be forfeited according to the guidelines set in accord to the rules of the Section.

(4) Teams

a. If it is determined that someone associated with a school (including, but not limited to, a coach) knowingly participates in either providing incorrect, inaccurate, incomplete or false information or using fraud or knowingly allows others to do so, in order for a team to meet qualification standards in any event, that team will be subject to immediate ineligibility for further competition in that sport that season.

b. Any contest in which that team has participated based on incorrect, inaccurate, incomplete or false information or fraud shall be forfeited according to the guidelines of the Section or the State CIF.

(5) School Personnel Involvement

If any school personnel (including but not limited to a coach) knowingly participates in either providing incorrect, inaccurate, incomplete or false information or allowing others to provide incorrect, inaccurate, incomplete or false information in order to gain favorable eligibility status for a student, or team information to meet qualification standards for participation in any contest including playoffs or championships, sanctions may be imposed on the school including but not limited to: probationary status, prohibitions against playoff participation, forfeitures, revoking of CIF or Section membership, etc.

(6) Assumed Name

In addition to any sanctions or penalties arising from the provisions above, a student shall become ineligible for CIF competition in their respective sport for competing in CIF competition under an assumed name.

203. AGE REQUIREMENT

A student, whose 19th birthday is attained prior to June 15, shall not participate or practice on any team in the following school year. A student, whose 19th birthday is on or before June 14, is ineligible. Each Section may waive this provision so long as criteria for such a waiver shall include, but not be limited to, the following:

- A. Such a waiver would not grant more than four years (eight semesters) of eligibility; AND
- B. Such a waiver would not grant more than four years participation in any sport; AND
- C. That a hardship exists which, in the judgment of the Section, requires a waiver. "Hardship" is defined in Bylaw 213; AND
- D. A decision to deny such a waiver by the Section Commissioner may be appealed only to the Section and in accordance with the provisions set forth in State CIF Bylaw 1101.

203.1 A student may not compete on a freshman (9th grade) team after he or she has reached his or her 16th birthday on or before June 15, 2017.

203.2 A student may not compete on a sophomore or frosh-soph team after he or she has reached his or her 17th birthday on or before June 15, 2017.

204. EIGHT CONSECUTIVE SEMESTERS - See also 201.A.(2)

- A. **Definition of a Semester of Attendance**
Once a student attends a class and is continuously enrolled for 15 school days in the 9th grade, and/or has taken classes subsequent to the completion of the 8th grade, at any school or has played in an interscholastic athletic contest, the CIF will count that as the student's first semester of high school eligibility.
(Revised January 2016 Federated Council)

QUESTION: What constitutes a semester of attendance for athletic eligibility?

ANSWER: A semester of attendance shall be counted if a student is enrolled and/or in attendance for fifteen days or over, or participates in one or more inter-school athletic contest(s).

QUESTION: What constitutes official enrollment in a school?

ANSWER: Attendance in at least one class at that school.

- 204.1 Semesters are charged consecutively. If a student is not in school the student would be charged with a semester of competition. When he or she reenrolls in school however, it takes one semester, for which the student is charged, for him or her to regain his or her eligibility.

QUESTION: How long must a student have been in attendance the previous semester to be eligible for athletic competition?

ANSWER: Unless the student has just been graduated from the eighth grade of an elementary school or the ninth grade of a junior high school, the student must have been in attendance at least ten weeks of the previous semester in order to be eligible for athletic competition.

QUESTION: A student completed the eleventh grade and met the scholastic eligibility requirements. The student remains out of school the succeeding or fall semester and reenrolls at the beginning of the second semester. When will the student be eligible for athletic competition?

ANSWER: Whenever a student remains out of school for ten weeks or longer, it takes the student one semester to regain eligibility. This student would not be eligible for athletic competition until the student has been in school for one semester and complied with all other CIF Southern Section regulations.

NOTE: Attendance and/or credits earned during summer school would not constitute a semester of attendance for the purpose of meeting this requirement.

QUESTION: What is the eligibility status of a student who returns to high school after having been out of school for one semester because the student voluntarily enlisted in a six-months reserve program in one of the armed services?

ANSWER:	The military rule does not apply to reserve training unless it takes place during a National emergency. The student would be ineligible for one semester upon his or her return to school, because it requires one semester for a student to regain his or her eligibility after being out of school for at least a semester. The student could appeal to the Commissioner for a waiver of the rule.
QUESTION:	What is the eligibility of a student who is returning to school after a forced withdrawal the previous semester because of illness or serious injury?
ANSWER:	The Commissioner has the authority to waive the rules requiring a student to be in attendance. The student could be declared immediately eligible provided the student was eligible under all other rules at the time of the forced withdrawal.

204.2 Attendance in school on the day of a contest is not a CIF requirement for eligibility. Some leagues and individual schools, however, do have a rule which requires a student to attend school during the day in order to participate in a game to be held that afternoon or evening.

B. Eight Consecutive Semester Rule

A student who first enters the 9th grade of any school following the student's completion of the 8th grade in any school may be eligible for athletic competition during a maximum period of time that is not to exceed eight consecutive semesters following the initial enrollment in the 9th grade of any school and/or in any classes taken subsequent to the completion of the 8th grade, whether or not the student is enrolled in school, whether or not the student is academically or otherwise eligible and whether or not the student avails themselves of the opportunity to participate in interscholastic sports during this time. Eligibility is only available during the student's first eight (8) consecutive semesters of enrollment in high school (grades 9-12).

Question: My daughter suffered a serious knee injury causing her to miss the entire volleyball season in her junior year. May I request a waiver of the limitation of eight consecutive semesters of eligibility?

Answer: No. An injury is not a reason for granting a waiver of this rule.

204.3 Semesters are charged consecutively. If a student is not in school the student would be charged with a semester of competition.

QUESTION:	Are students in the eighth grade eligible to participate on a high school team?
ANSWER:	No - A student must have completed all required work below the ninth grade to be eligible to participate as a member of a high school team.
QUESTION:	May a student entering from the eighth grade, who at first had planned not to attend high school, enroll on December 1 and be eligible to participate during the current semester?
ANSWER:	Yes - The student would be eligible upon enrolling in school and would continue to be eligible as long as the student was passing in twenty semester units of work during the current grading period and had a 2.0 GPA from grades issued at the end of the 8th grade year.
QUESTION:	What is the status of a student who repeats his or her sophomore year due to scholastic deficiency or other reason?
ANSWER:	The student would have already used four of his or her allowable eight semesters of eligibility and repeating the sophomore year would bring about the charge of the fifth and sixth semesters. Thus, the student would not be eligible his or her Senior Year in the school.
QUESTION:	What is the status of a student initially entering a high school at the 10th grade level (sophomore year)?
ANSWER:	The student would have SIX consecutive semesters of eligibility remaining.

C. Section Waivers

(1) Waiving Semester Limitation

Each Section may, at its discretion, establish rules and procedures for waiving the limitation on eight semesters of eligibility, providing:

- a. **The student is required by the student's school principal to return to grade eight from grade nine and the student did not take part in an interscholastic contest while in the 9th grade for the first time; OR**
- b. **The student, because of mid-year completion of an 8th grade or a mid-year completion of the 9th grade in a junior high school, is required by the student's school principal to repeat a semester of work in order to conform to a school program having annual terms; AND**
- c. **The student has not taken part in an interscholastic athletic contest while enrolled for the first time in the semester which the student's school principal required the student to repeat.**

(2) Waivers of the Charge of a Semester of Attendance

a. Other than C.(1) above, relief under this rule may only be granted when the conditions set forth in Bylaw 204.C.(2)b. below are found to be present. Any other past rationales or basis for relief under this Bylaw are invalidated.

(Approved May 2001 Federated Council)

b. Each Section may waive the charge of one or more of the eight consecutive semesters of eligibility for athletic competition due to a hardship condition that causes the student's absence from school or to extend the student's attendance in school beyond eight consecutive semesters, PROVIDED:

(i) That a hardship condition exists that, in the judgment of the Section, warrants a waiver. Hardship is defined in Bylaw 213; AND

(ii) The hardship caused the student to remain out of school for more than half of any semester during his/her high school career; OR

(iii) The hardship is the direct and sole cause of the student extending his/her attendance beyond eight consecutive semesters even though the student was in attendance for those eight consecutive semesters. Further, the student's extension of his/her attendance beyond eight semesters has no athletic motivation; AND

(iv) That the student was eligible under all rules in the semester immediately prior to either his/her absence or the onset of the hardship condition that is the direct and sole cause for extending his/her attendance beyond eight (8) semesters; AND or the student is or was homeless or in foster care, and his/her status as a foster or homeless youth is the sole and direct cause for seeking a waiver of the charge of a semester of attendance and the student meets all other eligibility requirements unrelated to his/her status as a foster or homeless youth; AND (Revised April 2016 Federated Council)

(v) Such a waiver would not grant more than four years of participation in any sport; (See Bylaw 513 and 514); AND

(vi) Hardship applications may not be submitted prior to the conclusion of the student's 7th semester in high school.

(3) All other eligibility requirements apply.

(4) APPEALS: A decision to deny such a waiver by the Section Commissioner may be appealed only to the Section and in accordance with the provisions set forth in Bylaw 1101.

NOTE: Failure to satisfy the California High School Exit Exam (CAHSEE), California course requirements (e.g. Algebra I), and/or end of course requirements shall not be considered a hardship.

QUESTION: Does the Southern Section provide for waiver of the above ruling?

ANSWER: The CIF Southern Section utilizes the hardship appeal on any waiver, with the building principal involved submitting background information to the Office of the Commissioner, providing all specific background to the case and any verification papers which may be deemed necessary in order to arrive at a decision.

205. SCHOLASTIC ELIGIBILITY

A. Initial Scholastic Eligibility

In order to be eligible, any student entering from the 8th grade into a CIF four-year high school, a junior high or a junior high under the provisions of Bylaw 303, must have achieved an unweighted 2.0 grade-point average on a 4.0 scale in enrolled courses at the conclusion of the previous grading period.

(1) Probationary Period

The governing board of each school district, private school, or parochial school may adopt, as part of its policy, provisions that would allow a student who does not achieve the above requirement in the previous grading period to remain eligible to participate in interscholastic athletics during a probationary period. The probationary period shall not exceed one semester in length, but may be for a shorter period of time, as determined by the governing board of the school district, private school, or parochial school. A student who does not meet the above requirements

during the probationary period shall not be allowed to participate in interscholastic athletics in the subsequent grading period. For the purpose of determining the maximum length of a semester, the measure shall be the maximum number of days comprising a semester as used in that school during the year in question.

QUESTION: What is the eligibility status of a student who repeats the ninth grade in a four year or in a junior high school due to failing grades, to raise low grades, or because the parents feel that the student is socially immature?

ANSWER: If a student repeats the ninth grade, the student will have used up two semesters of opportunity for competition. The student is only permitted 8 semesters of competition so the student would therefore be ineligible during the senior year of high school. A transfer student is not eligible for academic probation at the new school upon transfer.

QUESTION: What is the eligibility status of a transfer student who does not earn a 2.0 GPA in the most recent regular grading period prior to their transfer?

ANSWER: The student is academically ineligible until they complete a regular grading period at their new school with a minimum 2.0 GPA and all other CIF eligibility requirements are met.

NOTE: This applies to Valid Change of Residence, Transfer and Hardship students.

B. Continuing Scholastic Eligibility

(1) Minimum Requirements

A student is scholastically eligible if:

- a. The student achieved an unweighted 2.0 grade-point average, on a 4.0 scale, in enrolled courses at the conclusion of the previous grading period.**
- b. The student is currently enrolled in at least 20 semester credits of work;**
 - (i) Non-Traditional Programs**
In schools where other than traditional semester programs are offered, the principal of each individual school shall be responsible for determining the equivalent of 20 semester credits of work.
 - (ii) Accelerated Programs**
Students studying on an accelerated program that includes one (1) or more advanced (either high school or college) courses while enrolled in high school may substitute enrollment and passing grades in these courses for one (1) or more required 20 semester credits of work; evaluation of these courses is to be done by the high school principal.
- c. The student was passing in the equivalent of at least 20 semester credits of work at the completion of the most recent grading period;**
- d. The student is maintaining minimum progress toward meeting the high school graduation requirements as prescribed by the governing board;**
- e. The student has maintained during the previous grading period a minimum unweighted 2.0 grade-point average, on a 4.0 scale, in all enrolled courses.**

(2) Probationary Period

The governing board of each school district, private school, or parochial school may adopt, as part of its policy, provisions that would allow a student who does not achieve educational progress in items "(d)" or "(e)" above in the previous grading period to remain eligible to participate in interscholastic athletics during a probationary period. The probationary period shall not exceed one (1) semester in length, but may be for a shorter period of time as determined by the governing board of the school district, private school, or parochial school. A student who does not achieve educational progress as defined in items "(d)" or "(e)" during the probationary period shall not be allowed to participate in interscholastic athletics in the subsequent grading period. For the purpose of determining the maximum length of a semester, the measure should be the maximum as used in that school.

(3) Grading Period

The grading period is that time when all students in a school are graded. If two grades are given at the end of a grading period, scholastic eligibility shall be established according to the grade issued for credit.

205.1 To determine current scholastic eligibility, a student's grades must be checked at each regular report period of the school concerned.

- a. Schools or Districts or Leagues or Sections must establish an eligibility date following the immediately previous grading period in compliance with their respective CIF Section Policy. This is the date on which all**

students become eligible and ineligible based on their officially posted grades in the immediately previous grading period.

- b. Grades cannot be changed following the grading period for purposes of addressing any deficiency in an individual student's scholastic eligibility.
- c. Only grades changed prior to the established eligibility date and changed in accordance with all California State Education Code requirements and approved by the principal may be used for purposes of determining scholastic eligibility.

QUESTION:	What is the eligibility status of a student who does not earn a 2.0 GPA at the end of the probationary period?
ANSWER:	The student will be ineligible for further competition and will remain ineligible until a 2.0 GPA is achieved at the end of some subsequent grading period.
QUESTION:	Can a school only count semester grades for the purpose of meeting the rule in regard to grades being checked at each reporting period?
ANSWER:	No - Schools must check grades at each regular grading period regardless of whether this is a final semester grade or not. In the case of most Southern Section schools this would normally occur four (4) times a year at nine (9) week intervals.
QUESTION:	What if the grading period ends, but the grades themselves will not return from the computer center for two weeks?
ANSWER:	Keep in mind the basic rule that the period of potential eligibility must be exactly equal to the period of potential ineligibility. An ineligible student who has just regained his or her eligibility and an eligible student who has just become ineligible can never be eligible on the same day. If grades are returned from the computer center two weeks after the end of the grading period, it is at that point (when the grades are returned) students become eligible and ineligible for the next grading period. This system would balance out over the school year, assuming grades are returned roughly two weeks after each period ends. Grade checks may never be made for just athletes. If a grade check is to be made, it must be made for every member of the student body in terms of eligibility standards.

d. Incomplete Grades

A grade(s) of "Incomplete" shall not be considered a passing grade under this bylaw unless, by operation of a school grading policy, "Incomplete" grade shall become a passing letter or (numeric) grade without further achievement or accomplishment by a student, at a certain time. When an "Incomplete" grade is issued which does not automatically become a passing grade, as indicated immediately above, such "Incomplete" grade shall not satisfy the requirement of this bylaw until academic deficiency which gave rise to such "Incomplete" grade shall have been satisfied and a passing grade has been substituted for the "Incomplete" grade. Upon such substitution, the substituted grade shall be considered in determining scholastic eligibility as established by evaluation of previous grading period grades and the substituted grade. A scholastically ineligible student may become immediately scholastically eligible upon such evaluation.

205.2 An incomplete grade, unless designated as an incomplete A, B, C, D or pass grade, would not be a passing grade.

QUESTION:	Is the Southern Section rule more restrictive than State Bylaw 204 with regard to incomplete grades?
ANSWER:	Yes - A student must receive an incomplete and be accompanied by a passing grade of "B", "C", or "D" in order to retain continuing eligibility. A grade of just incomplete with no letter grade is to be considered an "F" grade with regard to scholastic eligibility and the student would be ineligible throughout the entire next grading period.
QUESTION:	Can a student go back to a teacher and get extra work to raise a grade or to gain eligibility after grades have been issued?
ANSWER:	No - The student cannot not regain his/ her eligibility until the next grading period.

e. Physical Education Credits

Credits earned in physical education may count toward the 20 semester credits of work requirement.

QUESTION:	May a student be enrolled in two physical education classes, and if so, may each count toward the determining of scholastic eligibility?
-----------	--

ANSWER: Students may be enrolled in as many physical education classes as permitted by the school, BUT ONLY ONE physical education class may count toward determining the status of 20 semester credits. This would include a regular physical education class, "sports sixth period," or "TA" (student assistant) assigned to a physical education class and credit is given for physical education, as opposed to Library Science,

QUESTION: For those districts offering summer school physical education and/or sport classes for credit, what are the guidelines in terms of "competition" with another school offering a similar program?

ANSWER: Schools MAY NOT as part of a summer physical education class, engage in competition (scrimmages, etc.) with another school or excuse students enrolled in said P.E. classes from attending regular classes so that time may be "made up" while competing in a summer league. In summary, any competition during the summer months is to be divorced from P.E. classes in that instructors are being paid for their teaching services and are not to be compensated for coaching during this time span.

205.3 Only one physical education class may be counted toward the determining of scholastic eligibility (20 semester period of work) each grading period.

f. Summer School Credits

Summer school credits shall be counted toward making up scholastic deficiencies incurred in the grading period (semester) immediately preceding. Summer school courses failed shall not impair an athlete's scholastic eligibility achieved in the semester immediately preceding. A course taken by contract or independent study during the summer must meet the following four criteria:

- (i) The course(s) must be approved by the local board of trustees as a valid part of the district's school program;**
- (ii) The student receives a passing grade in the courses taken;**
- (iii) The personnel providing the instruction and course supervision are approved by the board of trustees;**
- (iv) The school credit is recorded on student's transcript.**

QUESTION: Can summer school classes be used to make up work in order to meet the eligibility requirements?

ANSWER: In order to remain eligible, a student must maintain a 2.0 grade point average the previous grading period. If a student attempts to improve a grade during summer school by taking the same class, the summer school grade can replace the grade received the preceding grading period. However, if a student takes a different class than that which was previously taken, the summer school grade is to be averaged with all grades received the preceding grading period. If there is a probationary period, it shall be the length of the grading period.

QUESTION: Can summer school classes be used to make up work in order to meet the twenty (20) semester period requirement?

ANSWER: Yes - But by new work it is meant subjects in which passing grades have not previously been earned. Therefore, in making up scholastic deficiencies, special care should be taken not to count an additional physical education subject toward the make-up work if the student had received credit for a physical education class during the previous report period, or repeat a subject where passing grades have already been earned.

g. Scholastic Eligibility for Students in Non-Traditional Programs

In schools operating on other than the traditional program (i.e., for schools such as those with a modular or flexible scheduling, special programs for the physically-disabled, or continuous progress programs) the principal shall certify on the established eligibility date to the scholastic eligibility of each student based upon satisfactory progress in accordance with the standards defined above. Students may apply college course units to satisfy the 20 semester credits of work requirement and the grade point average requirement. Students who are eligible for differential standards of proficiency pursuant to Section 51412 of the Education Code are covered by that Section.

QUESTION: May a school have its own scholastic requirements for participation if such requirements do not conflict with the CIF Southern Section regulations?

ANSWER: Principals may make special scholastic rules regarding athletics provided they are not less rigid than the minimum requirements of the CIF Southern Section.

QUESTION: What is the proper method for determining if an accelerated program meets the Scholastic Requirement?

ANSWER: The initial determination would be if the student receives credit on the official high school transcript for any of the above mentioned courses. It would also be permissible for the student to receive both college and high school credit, but the high school credit must appear on the official transcript and count toward meeting the graduation requirements.

205.4 The regular grading period may vary among member schools, but in every case the period of potential eligibility is exactly equal to the period of potential eligibility.

NOTE: For crediting purposes the grading period closes with the last day of school in the given grading period. In determining eligibility, one grading period does not end until the next one begins.

QUESTION: What if the grading period ends, but the grades themselves will not return from the computer center for two weeks?

ANSWER: Keep in mind the basic rule that the period of potential eligibility must be exactly equal to the period of potential ineligibility. An ineligible student who has just regained his or her eligibility and an eligible student who has just become ineligible can never be eligible on the same day. If grades are returned from the computer center two weeks after the end of a grading period, it is at that point (when the grades are returned) students become eligible and ineligible for the next grading period. This system would balance out over the school year, assuming grades are returned roughly two weeks after each period ends. Grade checks may never be made for just athletes. If a grade check is to be made, it must be made for every member of the student body in terms of eligibility standards.

C. Waiver of the Requirement of Passing 20 Semester Credits of Work

Each Section may waive the requirement of passing in 20 semester credits of work during the regular school grading period immediately preceding that of competition, PROVIDED:

- (1) Serious illness, injury, or attendance in special schools (as referenced in Education Code Sections 59000 et seq. and 59100 et seq.), prevents the student from meeting one or more of these requirements; OR
- (2) The student has been traveling abroad with the consent of the student's parent(s)/guardian(s)/caregiver and circumstances prevented further school attendance; OR
- (3) The student is returning from an American abroad school attendance program; OR
- (4) The student is returning from school attendance abroad because of a valid change of residency by the student's parent(s)/guardian(s)/caregiver; OR
- (5) The student is required to remain out of a U.S. school because of exceptional hardship, (See Bylaw 213 for definition of hardship); AND
- (6) That the student was eligible under all rules in the semester immediately prior to his/her absence; AND
- (7) All other rules such as age and number of seasons of sport shall apply.

A decision to deny such a waiver by the Section Commissioner may be appealed only to the Section and in accordance with the provisions set forth in State CIF Bylaw 1101.

206. RESIDENTIAL ELIGIBILITY

A. Initial Residential Eligibility

A student has residential eligibility upon initial enrollment in: (See also Bylaw 201.A. for definition of enrollment)

- (1) The 9th grade of any CIF high school, a CIF junior high school, or a junior high school under provisions of Bylaw 303; OR

QUESTION: Where may a graduate of the eighth grade of an elementary school attend high school and be eligible for athletic competition?

ANSWER: The student may (as far as CIF Southern Section eligibility rules are concerned) attend any high school in the Southern Section and be immediately eligible for athletics.

QUESTION: What may eighth graders do with relation to being involved in practice sessions with a high school after May 12 but before the close of the school year?

ANSWER:	Students currently enrolled in the eighth grade and prior to the close of their respective school year, may not take part in practice and/or scrimmage situations on a high school campus and/or facility with reference to the Spring Practice ruling. This is also to include tryouts for a team, etc.
QUESTION:	A student living with his or her parents in District A graduates from the eighth grade and enrolls in a high school in District B. If, after attending high school in District B, may the student return to the high school in District A, where the parents reside, and be eligible for athletic competition?
ANSWER:	The student would come under the Residential transfer guidelines as specified under Bylaw 207, which sets limited and unlimited criteria.

(2) The 10th grade of any CIF high school from 9th grade of a junior high school in United States.

QUESTION:	Where may the graduate of the ninth grade of a junior high school attend high school and be eligible for athletic competition?
ANSWER:	A graduate of the ninth grade of a junior high school may, (as far as CIF Southern Section eligibility rules are concerned) attend any high school in the Southern Section and be residentially eligible for interscholastic athletics.
QUESTION:	Are students enrolled in the ninth grade of a junior high school eligible to participate on senior high school athletic teams?
ANSWER:	Students in the ninth grade of a junior high school may not practice or play on a senior high school team unless the two schools concerned are under an approved multi-campus waiver.
QUESTION:	What is the status of a youngster who attends the ninth grade of a four-year high school and then transfers to the tenth grade of a three-year high school?
ANSWER:	If there has been no official change of residence on the part of the parents, the student would come under Transfer Bylaw 207 and its application of limited and/or unlimited eligibility as determined by participation in any or all sports in the ninth grade.
QUESTION:	How does Bylaw 207B apply to schools governed by the United State Bureau of Indian Affairs?
ANSWER:	Schools located in California that are governed and operated by the United States Bureau of Indian Affairs, are considered residentially eligible upon enrollment at that school. Students must still fulfill all other CIF eligibility rules and regulations prior to being granted athletic eligibility.

B. Continuing Residential Eligibility – See also Bylaw 201.A.

A student retains residential eligibility as long as he/she is continuously enrolled in the CIF-member high school in which the student initially enrolled;

C. Valid Change of Residence

A student may be determined to be residentially eligible when a student, whose parent(s)/guardian(s)/caregiver with whom the student was living when the student established residential eligibility at the prior school (School A), completes a valid change of residence as described herein when the following conditions are met:

- (1) A valid change of residence must be made FROM a residence located in the public high school attendance area, (School A's attendance area) even if the student is not currently attending nor ever has attended the school in which attendance area they reside, TO another public high school's attendance area (School B's attendance area).**
- (2) School A may be a CIF-member school or a non-CIF-member school or may be a school located outside of the United States.**
- (3) Definition of a Valid Change of Residence**
A valid residence is defined as the location where the student's parent(s)/guardian(s)/caregiver (with whom eligibility has been established) live with that student and thereby have the use and enjoyment of that location as a residence. A valid change of residence for eligibility purposes requires the former residence to have been vacated by the entire family for use as its residence. For athletic eligibility purposes, a student (with the student's parent(s)/guardian(s)/caregiver with whom residential eligibility has been established) may only have one primary valid residence at one time.
- (4) Determination of What Constitutes a Valid Change of Residence**
Determination of what constitutes a valid change of residence depends upon the facts in each case. In determining that a valid change of residence occurred, the following facts must exist:

- a. The original residence must be abandoned as a residence by the immediate family. The new school is responsible for validating this fact; AND
- b. The student's entire immediate family must make the change of primary residence and take with them the household goods and furniture appropriate to the circumstances. For eligibility purposes, a family unit may not maintain more than one primary residence; AND
- c. The change of primary residence must be genuine, without fraud or deceit and with permanent intent; AND

NOTE: A student whose family makes a valid change of residence into a new school's attendance area (See d. below) may be residentially eligible for varsity competition upon receipt and recording of a CIF Form (please use respective CIF Section Form) by the CIF Section of the student's new school. A subsequent move into a different school boundary by the family (or other family members) during the next 12 calendar months will result in the student being declared ineligible until cleared for competition by the Section Commissioner.

- d.. A request for transfer eligibility based on a valid change of residence by the student's entire immediate family must be supported by documentation. Documentation may be cumulative and no single document or any combination of documents listed below will be considered as definitive that a valid change of residence occurred. The documents must support a finding by the Section that a valid change of residence by the student's entire immediate family occurred prior to participation at the new school; that the previous residence was vacated as required above in paragraphs a., b. and c. and that the family no longer has the use and enjoyment of that former residence. The Section Commissioner and new school may request additional documents they deem necessary to establish that a valid change of residence occurred as defined above.

Evidence may include:

- Property tax receipts;
- Bank account statements;
- Credit card statements;

The Section Commissioner and/or school have the discretion to request additional documents that he/she deems necessary to confirm change in residency. Examples may include:

- Real estate documents indicating and verifying a change of residence (sale and purchase, for instance);
- Court documents indicating a change of residence;
- Declaration of residency executed by the student's parent(s)/guardian(s)/ caregiver;
- Operative telephone and utility service at the student's new residence and terminated at the former residence;
- Utility service receipts;
- Proof of paying for utilities at the new residence including phone, gas, electricity, water, cable television, and garbage collection;
- Proof of submitting a change of address to the U.S. Postal Service to receive mail at the new residence;
- Proof of transfer of the parent(s)/guardian(s)/caregiver and age-appropriate student's motor vehicle registration;
- Proof of changed address on the parent(s)/guardian(s)/caregiver and age-appropriate student driver's license;
- Voter registration listing the new address;
- Proof of entering a long-term lease (minimum of 12 calendar months);
- Rent payment receipts;
- Declaration of residency executed by the student's parent(s)/guardian(s)/ caregiver.

The Section Commissioner and/or school have the discretion to request additional documents that he/she deems necessary to confirm residency.

(5) Change in School Enrollment Made in Anticipation of a Valid Change of Residence

If a student transfers to a high school in advance of the anticipated change of residence by the student's parent(s)/guardian(s)/caregiver with whom the student was living when the student established residential eligibility, the student shall become eligible when the parent(s)/guardian(s)/caregiver actually complete a valid change of residence.

(6) Choice of Schools After a Valid Change of Residence:

A student choosing a school after making a valid change of residence in accordance with CIF's definition of valid change of residence has a choice for residential eligibility as follows:

- a. **Remaining at the same School:** Continued attendance at the previous school (School A) maintains residential eligibility at School A as long as the student has remained enrolled in the same school under a district/school approved enrollment process (i.e., inter or intra or senior privilege etc. district/school program); OR
- b. **Changing Schools:** A student must make a valid change of residence out of the public school (School A) attendance area in which their former family residence was located and into another public school's attendance area (School B) (this is true even if the student was not attending public school A but was enrolled in a private school or a charter school). Changing schools following such a valid change of residence will result in full residential eligibility if the following conditions are met:
 - (i) Student enrolls, attends, and/or is carried on the attendance roll at the new public school (School B) into whose attendance area the family moved, or another public school in accordance with the district(s) policies or a private school or a charter school; AND
 - (ii) The student changes schools immediately following the family valid change of residence or no later than the beginning of the next school year following that family move; AND
 - (iii) The new school verifies the valid change of residence of the family; AND
 - (iv) A CIF form (please use local CIF Section Form) documenting the new school's verification of a the family's valid change of residence is completed by the new school and family and received by the CIF Section within 30 days of the valid change of residence and recorded by the respective CIF Section.

QUESTION: If a student's parents move to a new attendance area in the month of March, what are the options for the student in terms of attendance.

ANSWER: The student, at the time of the move in March, has the option of remaining in his or her current school or transferring to the new school in attendance Area B where the parents now reside or, any time up until the start of the new school term in September. Please note: if the student opts to remain in School A for the balance of the term, March through June, and then reenrolls and attends School A at the start of the term in September, the student is now locked into School A for all residency purposes. Thus, if the student would decide to transfer to new School Attendance Area B in which the parents reside in the month of November, the student would now come under Bylaw 207 and all applications for limited and unlimited eligibility.

QUESTION: If a student starts the ninth grade and is residing with an uncle in Attendance Area A, what are the transfer options for this student whose parents may also be living in Attendance Area A or another attendance area?

ANSWER: The student, by virtue of residing with the uncle when entering the ninth grade, will now have the residency of the uncle determine all eligibility status with regard to transfer. The movement of the parents, due to the fact the student did not reside with same when entering the ninth grade, will have no bearing on any subsequent transfers.

(7) Valid Change of Residence After a Discipline Situation

Such a student will not be granted residential eligibility except as outlined in Bylaw 209 if the student is changing residence and schools, voluntarily or if compelled by the former school or district, as a result of a disciplinary situation at the previous school.

(8) Pre-Enrollment Contact:

Such a student will not be granted residential eligibility until the Pre-Enrollment Contact Affidavit with the CIF form (please use local CIF Section Form) is completed by the family and school, received and recorded by the CIF Section, verifying there is no evidence of the use of undue influence (recruiting) by anyone associated with either school in order to procure the student's enrollment in the new school. [See also (10) below and Bylaw 510]

(9) Same Sport at Two Different Schools

No student shall be eligible to participate in the same sport at two different schools in the same school year unless the student changed schools as a result of a valid change of residence. In the event of a change of schools due to a valid change of residence, a student will be allowed to participate in the same sport at two different schools not to exceed, in total, the maximum number of contests in that sport as established by the CIF and/or the CIF Section.

(10) Athletically Motivated Valid Change of Residence

If a student completes a valid change of residence as provided in Bylaw 206.C.(1-5), a student may not be eligible to participate at the varsity level if there is evidence the move was athletically motivated or the student enrolled in that school in whole or in part for athletic reasons (See Bylaw 200; 510.B.-G.)

Question: What is meant by an athletically motivated move or transfer?

<>Answer: Based on the CIF philosophy that the "student attend school to receive an education first; athletic participation is secondary" [Bylaw 200.A.(2)], individual Section Offices may limit eligibility for a student when there is evidence the transfer, or move is made to acquire athletic participation at School B. Such evidence of an athletically motivated move may be, but is not limited to:

- **Transferring to a School after Participating on a Non-School Athletic Team, Camp or Clinic Associated with the School**
- **Transferring to a School Where a Former High School Coach has Relocated**
- **A demonstrated move or transfer that is prompted by association with club programs or outside agencies that use the facilities of the new school.**
- **Evidence that multiple students have transferred or changed schools to participate in a particular sports program at one (1) school.**

(Revised April 2017 Federated Council)

207. TRANSFER ELIGIBILITY

Note: Any school seeking athletic eligibility (AT ANY LEVEL) for a student athlete must complete the appropriate online transfer process. Prior to any interscholastic competition, the student athlete must be cleared by the CIF Southern Section office. The status of any individual athlete can be obtained on the CIF website or by contacting the CIF Southern Section office.

A. Determination of Transfer Student Status-Standards of Enrollment - See Also 201.A.(3)

(1) A student shall be considered to be a transfer student when:

- a. **the student has attended class at their former school (School A);
(Revised April 2016 Federated Council) AND/OR**
- b. **the student has played in an athletic contest for their former school; AND/OR**
- c. **the student has tried out for or practiced with a team prior to the beginning of the school year for 5 days or more; AND**
- d. **that student withdraws from School A or has completed the courses in which they were enrolled in at School A, so that student is no longer enrolled in any way at School A; AND**

- e. that student enrolls as a full-time student in a new school (School B). THEN that student shall be determined to be enrolled in and having transferred to School B if all conditions of 201.A.(1) are met.
- (2) Students may not practice with or participate in an interscholastic athletic contest for the new school prior to establishing enrollment in the new school meeting these enrollment standards except if they are transferring at the beginning of the school year and practice for that season of sport begins prior to the first day that school and classes begin. These conditions must be met even if prior to this such a student has registered for classes and/or paid a non-refundable registration fee to the new school.
- a. For eligibility purposes, students cannot have dual enrollment in two different schools at the same time. During the time a student is intending to transfer schools, has registered for classes at the new school and/or paid a non-refundable registration fee at the new school, but still remains enrolled in the former school, the student will be considered to be enrolled in the former school. Only at such time as the student has withdrawn from or has completed the courses in which they were enrolled at the former school, and is no longer enrolled in anyway at the former school, shall that student be considered as having “transferred” to the new school. This applies to 8th graders matriculating the following school year to 9th grade in a CIF member school.
- (3) No one associated with the athletic program at the new school may perpetrate any violation of Bylaw 510 or have inappropriate pre-enrollment contact as outlined in Bylaw 207.B or 510 prior to their enrollment in the new school as defined above. [See also Bylaw 201.A(4)]

Q: What is meant by an athletically motivated move or transfer?

<>A: Based on the CIF philosophy that the “student attend school to receive an education first; athletic participation is secondary” [Bylaw 200 A.(2)], individual Section Offices may limit eligibility for a student when there is evidence the transfer, or move is made to acquire athletic participation at School B. Such evidence of an athletically motivated move may be, but is not limited to:

- Transferring to a School after Participating on a Non-School Athletic Team, Camp or Clinic Associated with the School
- Transferring to a School Where a Former High School Coach has Relocated
- A demonstrated move or transfer that is prompted by association with club programs or outside agencies that use the facilities of the new school.
- Evidence that multiple students have transferred or changed schools to participate in a particular sports program at one (1) school.

(Revised April 2017 Federated Council)

B. CIF Transfer Rule

All students transferring at any time during their enrollment in high school, to a CIF member school after their initial enrollment in the 9th grade in any school (referred to as Former School or School A) shall have their eligibility determination made in compliance with the following 207.B. Bylaws except:

- Those making a valid change of residence (Bylaw 206); OR
- Those transferring to or from a CIF member school under the auspices of a CIF-approved foreign exchange program (Bylaw 208); OR
- Those transferring as a result of discipline (Bylaw 209).

QUESTION: What is the eligibility status of a transfer student who does not earn a 2.0 GPA in the most recent regular grading period prior to their transfer?

ANSWER: The student is academically ineligible until they complete a regular grading period at their new school with a minimum 2.0 GPA and all other CIF eligibility requirements are met.

NOTE: This applies to Valid Change of Residence, Transfer and Hardship students.

NOTES:

Emancipated Minors: This bylaw also applies to students 18 years of age or older and emancipated minors. AND

No Child Left Behind Act: Students transferring to another school under any provision of the federal legislation “No Child Left Behind Act” are not residentially eligible at their new school. However, a student may become eligible under the provisions of the appropriate Section and State CIF Constitution and Bylaws.

<>Boarding School: A high school student who transfers to or from the status of a full time resident at a 24-hour boarding school shall be subject to all provisions of Bylaw 207 with the exception of those making a valid change of residence (Bylaw 206).

(1) Mandatory Applications for Eligibility Determination

All such transfer students addressed in 207 must complete the respective CIF Section-required Application form (please use local CIF Section Form). This form must be submitted to the CIF Section for an eligibility determination which the CIF Section Commissioner shall render in writing within twenty (20) business days of receipt unless a shorter timeframe has been so designated. No transfer student is eligible to compete for their new school of enrollment until a determination has been made by their respective CIF Section. (See also Bylaws 501, 510 and 700.) (Revised January 2016 Federated Council)

(2) Pre-Enrollment Disclosure Requirements
[Please see also Bylaws 201.A.(1) & (4) and 510]

Any and all pre-enrollment contact of any kind whatsoever with a student must be disclosed by the student, parent(s)/ guardian(s)/caregiver, and the schools involved to their respective CIF Section on a completed CIF Pre-Enrollment Contact Affidavit [CIF Form – (please use local CIF Section Form)]. Pre-enrollment contact may include, but is not limited to: any communication of any kind, directly or indirectly, with the student, parent(s)/guardian(s)/caregiver, relatives, or friends of the student about the athletic programs at a school; orientation/ information programs, shadowing programs; attendance at outside athletic or similar events by anyone associated with the school to observe the student; participation by the student in programs supervised by the school or its associates before enrollment in the school per Bylaws 201.A.(1) & (4).

(3) Transfers to a CIF-Member School (described as New School or School B) From Schools (described as Former School or School A) Located in the United States, a U.S. Territory, Canada or a U.S. Military Base (referred herein as Domestic Transfers)

Such transfer students who meet all other requirements for eligibility outlined in Bylaws, will be granted unlimited residential eligibility in all sports at all levels at the new school EXCEPT

- a. In any sport(s) in which the transfer student has competed at any level at the former school(s), in the twelve calendar months immediately preceding their transfer to the new school, the student will be limited to sub-varsity (limited) eligibility in those sports.
- b. No student shall be eligible to participate in the same sport at two different schools in the same school year.
- c. If the transfer is determined to be athletically motivated. Athletically motivated transfers may be considered prima facie evidence that the student enrolled in that school in whole or in part for athletic reasons and cause the student to be ineligible for participation in those sports in which the student participated at the former school as outlined in Bylaws 510 and 207.C.;
- d. The transfer is not determined to be based upon a disciplinary situation (See CIF Bylaw 209);
- e. The student meets all other provisions of all CIF bylaws.

The student shall have unlimited residential eligibility for all sports at all levels under Bylaw 207 after having been enrolled for 12 calendar months from the date of transfer to the new school.

NOTE: Refer to (5) below for applications for transfer eligibility limitations determinations and exceptions.

(4) Foreign Transfers Not in a CIF-Approved Foreign Exchange Program (referred herein as Foreign Transfers)

Students who transfer to a CIF Member school (described as New School or School B) from:

- a. Any school (described as Former School or School A) which is located outside of the United States, a U.S. Territory, U. S. Military Base or Canada; AND
- b. Who are not enrolled in the CIF member school under the auspices of a CIF-approved foreign exchange program; AND
- c. Who meet all other requirements for eligibility in bylaws.

THEN they may be granted unlimited residential eligibility in all sports at all levels at the new school EXCEPT:

- i. In any sport(s) in which the transfer student has competed at any level for a club or school team, in the 12 calendar months immediately preceding their transfer to the new school. The student will be limited to sub-varsity (limited) eligibility in those sports. For the purpose of this bylaw, any and all organized sports programs (e.g. youth teams, community teams, club teams, national teams at any level or individualized instruction for competition in development schools or programs) in which the international student competed on, or participated within the last 12 months, will be considered by the CIF in determining whether the student participated in the equivalent of interscholastic competition.
- ii.. No student who has participated with a club or school team as described in a., shall be eligible to participate in the same sport at the CIF member school within the same 12 month period (See also Bylaw 504.L.)
- iii. If the transfer is determined to be athletically motivated. Athletically motivated transfers may be considered prima facie evidence that the student enrolled in that school in whole or in part for athletic reasons and cause the student to be ineligible for participation in those sports in which the student participated at the former school. (See also Bylaw 510)

The student may be granted unlimited residential eligibility for all sports at all levels under Bylaw 207 after having been enrolled for 12 calendar months from the date of transfer to the new school.

In Addition, Such Foreign Transfers Must:

- d. Possess a valid visa, allowing them to attend school, issued by the U.S. Immigration and Naturalization Service or be a U.S. citizen who has been attending the equivalent of a United States high school secondary educational program outside of the United States; AND
- e. Provide to the principal of the school he/she attends an official un-translated transcript and a transcript that is translated into English, by an agency acceptable to the Section from the National Association of Credential Evaluation Service (NACES) membership, which indicates work taken in all grades in which the student was enrolled; the grade level equivalent in the United States as if the international student had completed all courses attempted satisfactorily; and the California grade-point average equivalent; AND
- f. If required, the foreign transfer student must pay tuition to the school/school district he/she attends as prescribed in Education Code Section 48052 et seq.; AND
- g. Be subject to the maximum of eight consecutive semesters Bylaw (204); AND
- h. Be subject to the age requirement Bylaw (203); AND
- i. Not have graduated from high school. If they should have graduated, or have completed the equivalent coursework for graduation from high school/secondary school, the student is ineligible to participate in CIF competition; AND
- j. Not have the school's coaching staff, paid or voluntary, serve as the resident family for the foreign transfer student.

NOTE: CIF Sections may require individual students to have their school records/transcripts from the school from which they are transferring evaluated by an outside agency at the students or school expense.

(5) Applications for Transfer Eligibility Limitations Determinations and Exceptions

The CIF recognizes that, in certain circumstances, students may transfer from one school to another due to a compelling hardship need or situation that is beyond a student's or their family's control. In response to such cases, the CIF allows for the CIF Section to make an exception to the limited eligibility status whenever they transfer and the case meets one of the hardship circumstances outlined in Bylaw 207.B.(5)c.(viii). The first time a student transfers in high school, they may utilize the "Sit Out Period" exception covered in Bylaw 207.B.(5)b. below if they meet all of the conditions required. Any student whose transfer circumstances do not meet the conditions required by these two options, will have their residential eligibility determined in compliance with 207.B.(5)a. as long as they meet the conditions required in that Bylaw.

NOTE: Foreign Transfers as described in 207.A.(4) above are subject to all provisions of 207.A.(5) that follows except that whenever there is a reference to “sports in which the student has participated at their previous school” foreign students shall read “sports in which the student has participated at their previous school OR ON ANY CLUB TEAM.”

a. Limited Eligibility Applications

Any student who submits a limited eligibility application to their respective CIF Section may be made eligible to play at the sub-varsity level in any sports in which they have participated at any previous school in the twelve months prior to this transfer under the following conditions:

- (i) The student was academically eligible at the time of transfer from the former school. Students who are academically ineligible at their previous school will not be eligible to compete at their new school until the requirements in Bylaw 205 are met and the new school has completed a grading period to verify that the student has met the CIF and school district academic eligibility requirements. A student cannot “gain” academic probation at the new school to fulfill this requirement if not available at prior school; AND**
- (ii) The principal of the former school attests in writing that the move was not made in violation of Bylaw 510; AND**
- (iii) The student is not transferring either voluntarily or because their former school has determined they must withdraw, because of a disciplinary infraction at the former school as defined in Bylaw 209.C.(1); AND**
- (iv) The student is not found by the CIF Section to have transferred to a school where their former high school coach has relocated or where a club coach, with whom they have been associated, is coaching per Bylaw 207.C.(4) or (5); AND**
- (v) No student shall be eligible to participate in the same sport at two different schools in the same school year unless the student changed schools as a result of a valid change of residence or pursuant to a hardship approved by their respective CIF section; AND**
- (vi) A completed Limited Transfer Application is received by the respective CIF Section Office and has been processed and approved; AND**
- (vii) The student who is approved by their respective CIF Section office and competes in a contest at the sub-varsity level following such approval and before the “Sit Out Period” (SOP) dates described in B.(5)b.(ix) below, is ineligible for and may not compete at the varsity level in that sport for the remainder of that school year. This applies through the end of any Section, Regional or State championship finals in that sport; AND**
- (viii) The student has not been determined by their respective CIF Section Office or the CIF to have made a transfer or change in schools in violation of Bylaw 510.**

b. Varsity Eligibility Applications (Non-Hardship Sit Out Period)

Any student who transfers for the first time since their initial enrollment in the 9th grade in any school, or if the first transfer of schools for this student was granted due to an approved CIF hardship [see 207.B.(5).c], or a valid change of residence and whose circumstances causing the transfer do not meet any of the Hardship Exceptions outlined in c.(viii) below, may become eligible for varsity competition for the sport(s) in which they competed in the last 12 months at the former school or any other school, upon submission, review and approval by their respective CIF Section under the following provisions:

- (i) This is the student’s first transfer since they first enrolled anywhere in the 9th grade or had their first transfer determined to be a CIF hardship circumstance [207.B.(5).c.]; or a valid change of residence AND**
- (ii) The student was academically eligible at the time of transfer from the former school; AND**
- (iii) The principal of the former school attests in writing that the move was not made in violation of Bylaw 510; AND**

- (iv) The student is not transferring either voluntarily or because their former school has determined they must withdraw, because of a disciplinary infraction at the former school as defined in Bylaw 209.C.(1); AND
- (v) The student is not found by the CIF Section to have transferred to a school where their former high school coach has relocated or where a club coach with whom they have been associated is coaching, per Bylaw 207.C.(4) or (5); AND
- (vi) No student has not been determined by their respective CIF Section Office or the CIF to have made a transfer or change in schools in violation of Bylaw 510; AND
- (vii) No student shall be eligible to participate in the same sport at two different schools in the same school year unless the student changed schools as a result of a valid change of residence or pursuant to a hardship approved by their respective CIF Section; AND
- (viii) The student has not competed at the new school at the sub-varsity level in that sport following the transfer during the current school year; AND
- <>(ix) The student shall remain out of any competition at any level in each sport in which they competed in the last 12 months at the former school or any other school in accordance with the following "Sit Out Periods" (SOP):
 - **Fall Sports: The Monday of the NFHS week 14**
 2017: October 2; Girls Golf September 26; Girls Tennis September 30
 2018: October 1
 NOTE: In order to promote gender equity and ensure participatory comparability for female athletes with respect to the Sit-Out-Period in the sports of golf and tennis, the CIF Sections shall adjust their Sit-Out-Period eligibility dates in the sports of girls' golf and girls' tennis, if needed.
 - **Winter Sports: The Monday of the NFHS week 27**
 2018: January 1
 2018: December 31
 - **Spring Sports: The Monday of the NFHS week 40**
 2018: April 2
 2019: April 1
 - The student who transfers to a school after school B's first game will have a SOP equivalent in calendar days to the SOP of all other students who transferred before the season started. The respective CIF Section Office will provide the actual date once the proper forms are received, reviewed and approved.

QUESTION: What happens if a student competes in a varsity game prior to becoming eligible under the student's SOP designated date?

ANSWER: Should the student participate in any contest(s) prior to his/her SOP date, (indicated for that student in their transfer case), the student is considered an ineligible player. The team will forfeit the contest(s) in which the ineligible student participated. In addition, the student will "Sit Out" the number of contests equivalent to the number of contests played prior to the assigned SOP date (a one for one penalty). For example, if the student participates in one contest prior to reaching their SOP date, the student will be ineligible for the contest immediately following their SOP date. If a student participates in three (3) contests prior to reaching their SOP date, the student will be ineligible for the three (3) contests immediately following his/her assigned SOP date.

Question: My son was denied the Sit Out Period. May we appeal this ruling?
Answer: No.

c. Unlimited Eligibility Applications

Exceptions to the determination of limited eligibility under 207.B. (application for unlimited residential eligibility in all sports) may be applied for by the new school [CIF Form – (Please use local CIF Section Form)] on behalf of the student. Consideration for unlimited residential eligibility will be given by the respective CIF Section upon review of the application ONLY under the following provisions.

- (i) The student was scholastically eligible at the time of transfer from the former school. Students who are scholastically ineligible at their previous school will not be eligible to compete at their new school until the requirements in Bylaw 205 are met and the new school has completed a grading period to verify that the student has met the CIF and school district scholastic eligibility

requirements. A student cannot “gain” academic probation at the new school to fulfill this requirement if not available at prior school; AND

- (ii) The student is NOT transferring, either voluntarily or because their former school has determined they must withdraw, because of a disciplinary infraction at the former school as defined in Bylaw 209.C.(1); AND
- (iii) The student is NOT found by the CIF Section to have transferred to a school where their former high school coach has relocated or where a club coach, with whom they have been associated, is coaching per Bylaw 207.C.(4) or (5) & 510.E; AND
- (iv) The student has not been determined by their respective CIF Section Office or the CIF to have made a transfer or change in schools in violation of Bylaw 510;AND
- (v) The student has not competed at the new school at the sub-varsity level in that sport at any time following the transfer to the new school; students who chose to play at the sub-varsity level under the provisions outlined in (5)a. (LIMITED ELIGIBILITY APPLICATIONS) above may not subsequently be granted unlimited eligibility for that same sport during the same season at the new school; AND
- (vi) No student shall be eligible to participate in the same sport at two different schools in the same school year unless the student changed schools as a result of a valid change of residence or pursuant to a hardship approved by their respective CIF Section; AND
- (vii) A completed Unlimited Transfer Application (please use local CIF Section Form) and documentation required by the CIF Section is received by the respective CIF Section office and has been processed, reviewed and approved; AND
- (viii) One of the following hardship circumstances is documented to the satisfaction of the respective CIF Section:

(a) Court Ordered Transfers

Unlimited eligibility may be granted by the CIF Section in which the student’s new school is located in cases where a student is residentially placed from one (1) school attendance area to the attendance area of the new school by a court order or a child protection order and all provisions listed above in c.(i-vii) are met. The student may be determined to have unlimited residential eligibility upon receipt of the CIF application (please use local CIF Section Form) and sufficient documentation (including but not limited to a copy of the court order) to satisfy that CIF Section Commissioner that the circumstances meet this criteria. The student will become eligible for varsity competition upon notification to the new school of the approval of such an application by the CIF Section.

(b) Children of Divorced Parents

Unlimited eligibility may be granted by the CIF Section in which the student’s new school is located when a student changes residence from one parent’s domicile to the other parent’s domicile as a result of a court-ordered custody change, or court ordered or approved joint custody agreements and all provisions listed above in c.(i-vii) are met. The student may be determined to have unlimited residential eligibility upon receipt of the CIF application (please use local CIF Section Form) and sufficient documentation (including but not limited to a copy of the divorce papers and custody agreements) to satisfy that CIF Section Commissioner that the circumstances meet this criteria. The student will become eligible for varsity competition upon notification to the new school of the approval of such an application by the CIF Section.

SOUTHERN SECTION GUIDELINES - STUDENT TRANSFERS AND GUARDIANSHIP

207.1 If a student transfers from one high school to another and a new guardian is appointed DUE TO HARDSHIP, only a court appointed legal guardian will constitute a basis for consideration of a waiver, and all requests, along with proper legal verification, must be submitted to the CIF Southern Section office for review and determination of eligibility.

207.2 If a student resides in one school district with the student’s legal court appointed guardian and the legal court appointed guardian changes official residence to another school attendance area the student may enroll in a new school and be immediately eligible.

QUESTION:	What is the difference between temporary guardianship and legal adoption insofar as eligibility is concerned?
ANSWER:	Guardianship or Letters of Guardianship are easily obtained and are generally on a temporary basis; therefore, the eligibility of any transfer student where guardianship is concerned must be reviewed and determined by the Commissioner. Legal adoption is more complicated and permanent and Rights of Survivorship accompany such action. In all cases a student is immediately eligible when his/her transfer from one school to another is a result of legal adoption.
QUESTION:	When the parents of a student legally separate and take up residence in different high school attendance areas, what is the eligibility status of the student?
ANSWER:	When a student's parents legally separate AND initiate divorce proceedings, the student would have continuing eligibility in the high school attendance area in which he/she originally resided. Any subsequent move to a new school attendance area would require a review, with the new school submitting all documentation to the CIF Southern Section Office for review. All other changes would be governed by the transfer Bylaw 207.
QUESTION:	What is the status of a student who transfers and then resides with "foster parents"?
ANSWER:	The student would come under Transfer Bylaw 207 and all applications. Any waiver of the Residence Bylaw would require an appeal to the CIF Southern Section Office for consideration.
QUESTION:	What is the eligibility status of a student formerly living with his or her parents who transfers to a new school and takes up residence with a legal guardian?
ANSWER:	The student would be considered for eligibility if the guardian were "court appointed" legal guardian and the new school submitted all documentation to the CIF Southern Section Office for review and possible subsequent approval.
QUESTION:	May a student continue to participate in athletics at a school after the parents have moved to another city?
ANSWER:	The student may continue in the first school of legal enrollment and be eligible even though the parents or guardians change residence.
QUESTION:	How does Bylaw 207B apply to schools governed by the United State Bureau of Indian Affairs?
ANSWER:	Schools located in California that are governed and operated by the United States Bureau of Indian Affairs, are considered residentially eligible upon enrollment at that school. Students must still fulfill all other CIF eligibility rules and regulations prior to being granted athletic eligibility.

(c) Individual Student Safety Incidents

Unlimited eligibility may be granted by the CIF Section in which the student's new school is located when a student is transferring as a result of a specific, documented safety incident in which the student was involved and all provisions listed above in c.(i-vii) are met. The student may be determined to have unlimited residential eligibility upon receipt of the CIF application (please use local CIF Section Form) and sufficient documentation is submitted to satisfy that CIF Section Commissioner that the circumstances meet this criteria. Required documentation may include, but is not limited to, administrative records and documentation from the former school about the specific safety incident that occurred at the former school and/or police records (if any). The student will become eligible for varsity competition upon notification to the new school of the approval of such an application by the CIF Section.

(d) Discontinued Program

When the former school, in which a student has been enrolled, discontinues a particular program in which the student had previously been enrolled or participated, and that student transfers to another school because of these circumstances, the student shall be determined to be residentially eligible for unlimited participation in the new school provided that new school offers a continuation of that same program and the student can show documentation that they were enrolled in or participated in that program at the former school and are currently enrolled or participating in that same program at the new school.

<>(e) Return to Previous School

When a student eligible in School A transfers to School B or any subsequent school and is residentially not eligible, the student may return to School A and shall be determined to be residentially eligible for unlimited participation in interscholastic sports provided the student did not participate in an interscholastic athletic contest while at School B or any other subsequent school.

(f) Foster Children or Homeless Children

A student who: (1) is under the court-ordered supervision of the California Foster Care System who has changed residences pursuant to a court order and as a result, has transferred schools, OR (2) is homeless as defined by 42 U.S.C. § 11302; shall be determined to be residentially eligible for unlimited participation in interscholastic athletics provided all other CIF rules and regulations are met. Under circumstance (1), a change of residence ordered by a social worker of the California Foster Care System shall be acceptable, provided all other CIF rules and regulations are met. Under circumstance (2), a determination by a Local Education Agency that the student meets the definition of homeless shall be acceptable, provided all other CIF rules and regulations are met. A subsequent transfer of schools by a homeless student while continuing to reside in the same residence/locale where the LEA declared the student "homeless" is subject to the transfer provisions of Bylaw 207. Section Commissioners shall render eligibility determinations for foster children and homeless children within fifteen (15) business days of receipt. (Revised January 2016 Federated Council)

(g) Military Service

A student shall be determined to be residentially eligible for unlimited participation interscholastic athletics when returning from military service provided:

- o The student was eligible when the student entered into the Armed Forces; AND
- o The student enrolls in the same school which the student attended before leaving for the service, or enrolls in the school in the district in which the student's parent(s)/guardian(s)/caregiver reside; AND
- o The student enrolls in the school no later than the succeeding semester after being discharged; AND
- o Provided student did not receive a dishonorable discharge; AND
- o The student is fully eligible under all other rules of the CIF.

(h) Married Status

A student who marries and lives with the student's spouse shall be determined to be residentially eligible for unlimited participation in interscholastic athletics in the school in the attendance area in which the student and their spouse resides.

(i) Board of Education Ruling

A student, or group of students, who transfer as a direct result of a ruling by the Board of Education of a school district that has two or more high schools and which mandates a change of school attendance boundaries shall be determined to be residentially eligible for unlimited participation in interscholastic athletics in the school in the attendance area in which the student(s) are required to attend, provided the Board of Education Ruling is not a result of a disciplinary situation.

(j) Open Enrollment Act Schools/ Low Achieving Schools

A student at any grade level may transfer from an open enrollment act school/ low achieving school, as defined by the State Department of Education and on the annual published list, without limitation upon receipt of a valid CIF Form (please use local CIF Section Form). Any student transferring under the provisions of this bylaw must meet all other applicable eligibility guidelines [see Bylaws 203, 204, 205, 207.B(1), 210]. Students may not receive unlimited eligibility if there is evidence that the transfer is athletically motivated, or there is undue influence or pre-enrollment contact (see Bylaw 207.C). All requests for athletic transfer eligibility (Bylaw 207) must be accompanied by a copy of their district-approved transfer documentation/form under the applicable district guidelines. Students transferring under the provisions of this Bylaw may transfer to a public school, including a charter school (that is or is not on the list of low achieving schools) as long as the school to which a student transfers has a higher API than the student's current school. The school to which the student transfers must be to either the geographically closest public school or the geographically closest charter school to the residence of the student and to the parent(s)/guardians(s)/caregiver(s) with whom the student was living when the student established residential eligibility at the open enrollment act school/ low achieving school. To obtain athletic eligibility at a school other than the closest public or charter school, a student must apply for, and be granted, a hardship waiver pursuant to other CIF eligibility rules.

Question: Why are charter schools included?

Answer: Charter schools are considered public schools and are included on the list of Low Performing Schools and are subject to this bylaw.

Question: Does this bylaw apply to private schools?

Answer: No. Private schools do not have an API score and therefore there is not score to measure where they stand.

Question: My school is on the low achieving school list. I want to go to a school that is not the geographically closest higher performing school. Am I eligible?

Answer: No. This bylaw indicates you are eligible at the next geographically closest higher performing school.

Question: What of the next geographically closest school is impacted and closed to new students?

Answer: You would be eligible the next geographically closest school as long as that school is a higher performing school.

d. Appeals

All eligibility determinations made by the respective CIF Section office under the provisions of 207.B.(5)c. are final as all of these hardship circumstances are factual in nature and can be documented. Students whose eligibility determinations are made because they do not meet one (1) of the criteria outlined below in 207.C. or in 510 may appeal that portion of their eligibility determination in accordance with Bylaw 1100. Students may appeal a determination by their respective CIF Section if they have been found to not meet the following criteria:

<>(i) 207.B.(5)a.(iv) or b.(v) or c.(iii)-Following Coach
(Revised April 2017 Federated Council)

C. Pre-Enrollment Communication or Contact (Domestic & Foreign Transfers)

A student who transfers from School A to School B, as described in Bylaws 207.A. and 207.B. above, shall not be eligible for interscholastic athletics at School B until application, under the appropriate CIF Section procedures, is completed, including the following:

(1) Mandatory Parent/ Student Certification

[Please see also Bylaws 201.A.(1) & (4), 207.B.(2) and 510]

Any and all pre-enrollment contact of any kind whatsoever with a student must be disclosed by the student, parent(s)/ guardian(s)/caregiver, and the schools involved to their respective CIF Section office on a completed CIF Pre-Enrollment Contact Affidavit [CIF Form- (please use local CIF Section Form)]. Pre-enrollment contact may include, but is not limited to: any communication of any kind, directly or indirectly, with the student, parent(s)/guardian(s)/caregiver, relatives, or friends of the student about the athletic programs at a school; orientation/ information programs, shadowing programs; attendance at outside athletic or similar events by anyone associated with the school to observe the student; participation by the student in programs supervised by the school or its associates before enrollment in the school per Bylaws 201.A.(1) and (4).

Definition of Credible Evidence

*Credible evidence is considered as evidence which proceeds from a trustworthy source; evidence which is so natural, reasonable and probable as to make it easy to believe; information which is obtained from authentic sources or from the statements of persons who are not only trustworthy, but also informed as to the particular matter; that which is not mere speculation, or rumor.

(3) Mandatory New School Certification

The principal, athletic director and head coach of School B shall certify that to the best of their knowledge, no person: who is connected with the athletic department of School B; who is part of the booster club of School B; or who is acting on their behalf, has had communication, directly or indirectly, through intermediaries or otherwise, with the transfer student, student's parent(s)/guardian(s)/caregiver, or anyone acting on behalf of the student, prior to the completion of the enrollment process.

- (4) Club Coach Association with new School (student transfers to a new school which a coach from the student's non-CIF sports participation experience is associated)

The transfer of a student from his or her current school of attendance with or without a valid change of residence (Bylaw 206) to any CIF member high school where the student participated, during the previous 24 months, on a non-school athletic team, (i.e. AAU, American Legion, club team, etc.) that is associated with the new school in the sports previously participated in shall be considered prima facie evidence (sufficient evidence) of undue influence/recruiting by the school to which the student transfers. Such transfer may be considered prima facie evidence (sufficient evidence) that the student enrolled in that school in whole or part for athletic reasons. A team associated with the school is one that is organized by and/or coached by any member of the coaching staff at, or any other person associated** with, that school and/or on which the majority of the members of the team (Participants in practice and/or competition) are students who attend that school. When a prima facie case (sufficient evidence) of undue influencing/recruiting exists, the student shall be ineligible to represent the new school in interscholastic athletic competition for a period of one calendar year from the date of the student's enrollment in the new school in all sports in which the student participated at any school in the last twelve months and/or the sport with which the coach referenced herein is associated, unless sufficient proof is presented to the satisfaction of the Section Commissioner that rebuts or disproves the evidence of undue influence/recruiting for athletic reasons.

Definition of Persons Associated With School

**Defined as: Persons associated with a school include, but are not limited to; current or former coaches, current or former athletes, parent(s)/guardian(s)/caregiver of current or former student/athletes, booster club members, alumni, spouses or relatives of coaches, teachers and other employees, coaches who become employed, active applicants for coaching positions, and persons who are employed by companies or organizations that have donated athletic supplies, equipment or apparel to that school.

- (5) Relocation of Former High School Coach (Domestic and Foreign Transfers)

A student at any grade level who transfers to a new school within one calendar year of the relocation of his/her former high school coach to that school with or without a corresponding valid change in residence shall be considered prima facie evidence (sufficient evidence) of undue influence/recruiting by the school to which the student transfers or may be considered prima facie evidence (sufficient evidence) that the student enrolled in that school in whole or in part for athletic reasons (See Bylaw 510). When a prima facie case (sufficient evidence) of undue influence/recruiting exists, the student shall be ineligible to represent the new school in interscholastic athletic competition for a period of one calendar year from the date of the student's enrollment in the new school in all sports in which the student participated at any school in the last twelve months and/or the sport with which the coach referenced herein is associated, unless sufficient proof is presented to the satisfaction of the Section Commissioner that rebuts or disproves the evidence of undue influence/recruiting for athletic reasons.

- <>(6) Athletically Motivated Transfers (Copied from Bylaw 510.E)

The CIF, as the governing body of high school athletics, affirms that athletic competition is an important part of the high school experience and that participation in interscholastic athletics is a privilege. The privilege of participation in interscholastic athletics is available to students in public or private schools who meet the democratically established standards of qualification as set forth by the CIF Federated Council. As stated in CIF Bylaw 200.A.(6) the CIF Bylaws shall serve as a deterrent to students who transfer or change schools for athletic reasons and to individuals who attempt to recruit (unduly influence) student-athletes or their parents to enroll in a school because of athletics. As stated in CIF Bylaw 200.A.(2) the CIF Bylaws reinforce the principle that students attend school to receive an education first; athletic participation is secondary. CIF Bylaws provide for individual Section Offices to limit eligibility for a student when there is evidence the transfer, or move is made to acquire athletic participation at their new school (School B). Students may be determined by their respective CIF/Section Office or the CIF to have made an athletically motivated transfer or change in schools under any of the basis listed in CIF Bylaw 510.E.(1)-(3).
(Revised April 2017 Federated Council)

- (7) Disclosure

Any pre-enrollment communication as described above must be disclosed in full, and in writing, to the appropriate Section. The Section Commissioner shall determine if the pre-enrollment communication is a violation of Bylaw 510.

(8) Clearance of Pre-Enrollment Contact

A student with whom contact or communication has occurred, as described in C.(1) above, and who meets all other CIF Section transfer waiver requirements, may become eligible upon determination that:

- a. The communication was completely unrelated to any aspect of School B; AND
- b. Was of a type that, from the objective point of view of a reasonable person disinterested in the win/loss record of School B, does not have an effect upon the integrity of interscholastic athletics at School A or School B.

(9) Penalties

Failure to disclose pre-enrollment communication with School B persons, identified in C.(2) above, to disclose any pre-enrollment contact, or communicate in writing to the appropriate Section as described in C.(3) above may result in:

- a. A forfeiture of all games in which the student participated; AND/OR
- b. Disqualification from playoff and championship competition for all seasons in which the student is a member of the school's team. (A student shall be considered a member of the school's team if he or she participated in any aspect of an interscholastic contest, no matter how brief such participation may have been); AND/OR

DEFINITION OF TERMS

Immediate Family — Includes parent(s)/guardian(s)/caregiver, stepparents and minor siblings with whom the student resided when “Initial Residential Eligibility” was established.

Initial Residential Eligibility — Under CIF rules and regulations, students establish their “Initial Residential Eligibility” at their school of choice entering the 9th grade or the 10th grade of a 3-year high school.

Limited Eligibility — Students granted limited eligibility are limited for one year (from the date of transfer) to non-varsity competition in the CIF sports they participated in during the previous 12 calendar months but may participate in varsity competition in all other CIF sports.

Prima Facie — A legal term that means at first sight; on the first appearance; on the face of it; a fact presumed to be true unless disproved by some evidence to the contrary. A prima facie case is one in which the evidence presented is sufficient proof for the plaintiff (Section) to win its case of undue influence. In such a case, the defendant (school) must successfully refute the evidence for the student to gain eligibility.

QUESTION:	May a student continue to participate in athletics at a school after the parents have moved to another city?
ANSWER:	The student may continue in the first school of legal enrollment and be eligible even though the parents or guardians change residence.
QUESTION:	Are there any attendance areas or districts for private or parochial schools?
ANSWER:	The CIF Southern Section has prescribed no attendance boundaries for private or parochial schools. A student graduating from the eighth grade or an elementary school or the ninth grade of a junior high school may enroll and be eligible in any private or parochial school in the Southern Section.
QUESTION:	Under what conditions may a student maintain his or her athletic eligibility when the student transfers from one parochial or private school to another (private or parochial school)?
ANSWER:	A student, not a full-time resident in a 24-hour boarding school, who transfers from a private or parochial school to another private or parochial school, will be eligible in the second school, only when the family has established a new valid residence change in another public attendance area different from the one than that of the first school.
QUESTION:	What is the eligibility status of a senior transferring under the provisions of Bylaw 207 when the school has no junior varsity team?

ANSWER: Athletes transferring under the provisions of Bylaw 207 will not be granted varsity eligibility, even though the school does not field a junior varsity team.

QUESTION: What constitutes a change of residence as far as the CIF Southern Section transfer rule is concerned?

ANSWER: The parents, court appointed legal guardian and sibling(s) of a student with whom he/she is residing must change their actual residence from one high school attendance area to another high school attendance area, if the student is to transfer from one school to another and be immediately eligible. Please note: In doing so, the parents, court appointed legal guardian and sibling(s) may not maintain two residences for purposes of establishing eligibility.

- (10) A foreign exchange student participating in a CIF-approved foreign exchange program must comply with the maximum of eight consecutive semesters bylaw. A foreign exchange student who is not in compliance with the eight consecutive semesters bylaw may apply for a waiver under the bylaws established by the State CIF and the respective Section of the student's current CIF school; AND

The conditions under which this student may be eligible will be determined by the local school board or board of directors. If the student is deemed eligible to participate, the conditions of his/her eligibility must be sent to the appropriate section office.

C. Disciplinary Transfer

(1) If a student transfers from any public or private school when a disciplinary action is in place or pending that contributes in any way to the decision to transfer, that student shall be ineligible for competition in all sports for one year from the date of the transfer to the new school.

If the student is compelled to transfer from any public or private school, that student shall be ineligible for all levels of competition for a period of one year following the initial transfer.

210. PHYSICAL ASSAULT

A. Student

Any student who physically assaults the person of a game or event official shall be banned from interscholastic athletics for the remainder of the student's eligibility. A game or event official is defined as a referee, umpire or any other official assigned to interpret or enforce rules of competition at an event or contest. A student may, after a lapse of 18 calendar months from the date of incident, apply for reinstatement of eligibility to the State Executive Director.

B. Coach

Any coach who physically assaults the person of a game or event official shall be considered to have violated Bylaw 22 (Conditions of Membership) and, pending action by the building principal, subjects the member school to sanctions or loss of standing as a member. When a coach allegedly assaults a person of a game or event official it is mandatory that the principal/designee notify the CIF Section Office within 48 hours (excluding holidays and weekends) after the receipt of the assault report notification. The competing schools and officials will be required to file written reports within 10 days of the incident. NOTE: Definition of a Physical Assault: A physical assault is the intentional infliction of or an attempt to inflict a harmful or offensive touching or contact upon the person of an official. Note that the rule is violated even if no contact is made with the person of an official. Such conduct shall include verbal threats and/or intimidation either before, during or after the contest. All that is required is the "attempt." However, the act constituting the attempt must be accompanied by a specific intent, which may be inferred from the circumstances and nature of the act, to inflict a harmful or offensive touching contact of the official's person. The probationary period shall not exceed one semester in length, but may be for a shorter period of time as determined by the governing board of the school district, private school, or parochial school. A student who does not achieve said educational progress, as defined in items (3) or (4), during the probationary period shall not be allowed to participate in interscholastic athletics in the subsequent grading period. For the purpose of determining the maximum length of a semester, the measure should be the maximum as used in that school.

Exception: if a student spends a full grading period or more in the continuation school and passes all required subjects which that continuation school considers to be a full program, even if it is less than 20 semester periods, the student is eligible immediately upon transfer to student's school of residential eligibility as long as the student meets the requirements of Bylaw 205.B.(1).

This provision is not intended to restrict the right of any student to participate in a commercial endorsement provided there is no school team or school affiliation;
5. Accepting payment for loss of time or wages while participating in CIF competition;
6. Receiving payment for coaching a team in CIF competition.

CAUTION: Compliance with these Bylaws does not ensure maintenance of eligibility under the eligibility standards of other athletic organizations (e.g. NCAA, NAIA, NJCAA, California Community College Association and National Sports Governing Body, etc.). Students desiring information on the amateur rules of other organizations must communicate with the respective organization.

(Revised May 2009 Executive Committee)

QUESTION: Will a student jeopardize his eligibility for high school athletics by participating in a rodeo or motorcycle race and accepting a cash prize or an award in excess of that permitted by CIF Southern Section regulations?

ANSWER: Neither rodeo nor a motorcycle race is an approved CIF interscholastic sport, so competing for, or the acceptance of, a cash prize or an award in excess of CIF Southern Section limitations would have no bearing upon a student's eligibility for high school athletics.

213. HARDSHIP WAIVERS OTHER THAN TRANSFER

A hardship is defined as an unforeseeable, unavoidable, and uncorrectable act, condition, or event, which causes the imposition of a severe and non-athletic burden upon the student or his/her family. Due to hardship circumstances experienced by the student, the following Bylaws may be waived, provided that the Section has established rules and procedures regulating hardship waivers. Waivers granted by a Section are not transferable to another Section.

- A. Require that individual records and performances achieved during participation by such ineligible student-athlete shall be vacated or stricken;
- B. Require that team records and performances achieved during participation by the ineligible student-athlete shall be vacated or stricken;
- C. Require that individual awards earned during participation by such ineligible student-athlete be returned to the CIF, the sponsor or the competing institution;
- D. Require that team awards earned during participation by such ineligible student-athlete be returned to the CIF, the sponsor or the competing institution;
- E. Require that team victories achieved during participation by such ineligible student-athlete shall be abrogated and the games or events forfeited to the opposing schools;

- F. Make a determination of future ineligibility for one or more CIF championships, or playoff competition, in the sports in which ineligible student-athlete participated;
- G. Make a determination of future ineligibility for invitational and postseason meets and tournaments in the sports in which the student-athlete participated;
- H. Funds remitted or withheld pursuant to the above, shall be utilized by the CIF in either the State or Section scholar-athlete or drug abuse programs.
- I. When a student-athlete competing as an individual is declared ineligible subsequent to the competition, or a penalty has been imposed or action taken as set forth above, the student-athlete's performance shall be stricken from the championship's records, the points the student-athlete has contributed to the team's total shall be deleted, the team standings shall be adjusted accordingly and any awards involved shall be returned to the CIF. The placement of other individual competitors shall be altered appropriately.

QUESTION: Will a student jeopardize his or her eligibility for high school athletics by participating in a rodeo or motorcycle race and accepting a cash prize or an award in excess of that permitted by CIF Southern Section regulations?

ANSWER: Neither a rodeo nor a motorcycle race is an approved interscholastic sport, so competing for, or the acceptance of a cash prize or an award in excess of CIF Southern Section limitations would have no bearing upon a student's eligibility for high school athletics.

QUESTION: What is defined as an interscholastic scrimmage?

**ARTICLE 30
SCHOOL REGULATIONS**

300. GENERAL PROVISIONS

A. STUDENT PARTICIPATION

Interscholastic sports teams composed of boys and/or boys and girls shall be conducted in accordance with these Bylaws. Girls' interscholastic sports teams shall be conducted according to these Bylaws, including certain additional rules and modifications pertaining to girls' sports teams and mixed (co-educational) sports teams. (See also Bylaw 201 for enrollment standards)

B. TEAM DESIGNATIONS

Schools shall designate the type of team for each sport according to the following:

- (1) **STUDENT TEAM** - Whenever the school provides only a team or teams for boys in a particular sport, girls are permitted to qualify for the student team(s).
- (2) **BOYS' TEAM** - Whenever the school provides a team or teams for boys and a team or teams for girls in the same sport, girls shall not be permitted to qualify for the boys' team(s) in that sport, nor shall boys be permitted to qualify for the girls' team(s) in that sport.
- (3) **GIRLS' TEAM** - Whenever the school provides only a team or teams for girls in a particular sport, boys shall not be permitted to qualify for the girls' team in that sport unless opportunities in the total sports program for boys in the school has been limited in comparison to the total sports program for girls in that school. Permission for boys to qualify for a girls' team must be secured through petition by the school principal to the CIF State Federated Council.
- (4) **MIXED TEAM (CO-ED)** - Whenever the school provides a mixed or coed team in a sport in which the game rules designate either a certain number of team participants from each sex or contains an event that designates a certain number of participants from each sex, boys shall not be permitted to qualify for the girls' positions on the mixed team nor shall girls be permitted to qualify for the boy's positions on the mixed team.

QUESTION: What is defined as a varsity team for purposes of competition?

ANSWER: The first team fielded at any school site will constitute the varsity team unless a special waiver is granted by way of the CIF Southern Section Office. This would accommodate schools not having enough players due to a new school opening and/or any other emergencies which may arise. It is expected that a school, unable to field a complete varsity compliment team for a specific contest, would bring up players from the junior varsity level to fulfill its contractual obligation for that specific contest.

QUESTION: May a member school sponsor a team that plays outside the bounds of CIF/NFHS sanctioning and bylaws?

ANSWER: No. Member schools may only sponsor representative teams that are in alignment with CIF/NFHS bylaws.

C. LIMITATIONS

D. GENDER INDENTITY PARTICIPATION

Participation in interscholastic athletics is a valuable part of the educational experience for all students. All students should have the opportunity to participate in CIF activities in a manner that is consistent with their gender identity, irrespective of the gender listed on a student's records. The student and/ or the student's school may seek review of the student's eligibility for participation in interscholastic athletics in a gender that does not match the gender assigned to him or her at birth, should either the student or the school have questions or need guidance in making the determination, by working through the procedure set forth in the "Guidelines for Gender Identity Participation," in policy section of Bylaws.

NOTE: The student's school may make the initial determination whether a student may participate in interscholastic athletics in a gender that does not match the gender assigned to him or her at birth.
(300.D. Approved February 2013 Federated Council)

301. HOME STUDY, HOME SCHOOLING

Students who are not enrolled in programs under the jurisdiction of a member school's governing body are not eligible to participate in CIF competition. Such programs would include, but not be limited to, home schooling or home study wherein parent(s)/guardian(s)/caregiver, or other persons, are responsible for instruction and evaluation.
(Adopted February 2000 Federated Council/Revised May 2002 Federated Council)

(Approved May 2003 Federated Council/Revised May 2008 Federated Council)

Q: Can a student involved in independent study participate in interscholastic athletics?

A: Yes, however that participation is subject to certain conditions. In order to be considered Independent Study, the program must exhibit the following characteristics:

Q: What is meant by "home-schooled?"

A: Any program or instruction administered by a person other than a member of a school staff that is not approved and/or adopted by a local governing body. Any such program that has an *affiliation* with a school, but is not administered by members of that school's staff (meaning paid teaching staff) is considered a home-school program; students in home-school programs are not eligible for CIF interscholastic competition under Bylaw 301.

- B. All athletic activities in sports approved by the CIF involving two or more member schools must be held under rules and regulations of the participating schools' respective league, Section and the CIF.**
- C. Ineligible students shall not compete as representatives of the school in any competition involving CIF member schools.**
- D. In any CIF competition, an attached eligible athlete (representing a CIF member school in compliance with all CIF, Section and league eligibility requirements) may be permitted to participate.**

QUESTION: May a coach in a practice swim or track meet permit an ineligible student to compete if he places the student in an outside lane and does not count that athlete's point?

ANSWER: No - An ineligible student may practice or workout with a high school squad, but the student may not participate in any capacity in an interscholastic athletic contest.

QUESTION: May an ineligible student play on a second team in a game against another high school?

ANSWER: No - A scholastically ineligible student cannot compete in any type of interscholastic competition.

QUESTION: Must a J.V. or Freshman team be comprised of eligible players when competing against another school?

ANSWER: The rules of the CIF Southern Section cover all interscholastic contests and all participants must meet all eligibility requirements.

QUESTION: Is the Southern Section more restrictive with reference to summer activities?

ANSWER: Yes - When summertime athletic activity is to be conducted by Southern Section schools, the schools involved **MUST ESTABLISH** this continued interpretation which will permit member schools to use equipment, uniforms, facilities, utilities, etc. for summer activity with the **APPROVAL OF THE PRINCIPAL ONLY**.

Additionally, any contact with students that have not graduated from the 8th grade or a 9th grade junior high school (excluding multi-campus) would be considered a violation of Bylaw 510, undue influence.

QUESTION: What are the guidelines for sport camps?

ANSWER: High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.

* High school students and individuals from the general community can attend.

- * Non-school sponsored camps should provide required liability insurance for the use of any school facilities.

QUESTION: Who may participate in high school summer athletic programs approved by the principal?

ANSWER: Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

500.1 Executive Committee Hearing - A violation of any CIF Southern Section rule or the spirit of a rule may result in a hearing before the CIF Southern Section Executive Committee.

500.2 Forfeiture Status - Any athletic contest in which an ineligible student has participated either intentionally or unintentionally, must be forfeited unless provided for otherwise in the adopted playing rules of that sport. When a school must forfeit any games, a win and a tie must be counted as losses in the standings. This would apply to any practice, league, or playoff game, match, meet or sanctioned event. Report of such forfeiture must be filed with the CIF Southern Section Office and the opposing school.

500.2.1 In the case where it is determined that an ineligible player competed due to the failure of the school administration to submit the proper paperwork which would have granted immediate eligibility with no restrictions, i.e., transfer eligibility with no restrictions, the school would only be forced to forfeit the initial game won or tied that the student in question played.

QUESTION: What happens if a school allows a student-athlete to participate after they become aware of the fact that no paperwork has been submitted?

ANSWER: Once the school becomes aware, or is notified, that they have an ineligible athlete, any subsequent contest that athlete participates in would be forfeited until the appropriate paperwork is completed.

500.3 If an ineligible player should participate in a championship activity such as a league or invitational swimming, gymnastics, or track meet, where awards are given and a team championship is declared, the following rules would govern:

500.3.1 The school could not qualify for any team awards or honors.

500.3.3 In swimming or track, the individual awards won by teammates of an ineligible participant would not be affected, except in relay events which are a part of the meet.

QUESTION: At what point is a participant's point total forfeited as opposed to an entire contest being forfeited?

ANSWER: In the event a participant would enter too many events, that participant's point total only would be forfeited. However, if an ineligible athlete (resident, scholastic standing, age, etc.) participates in a meet, the entire meet is forfeited by the school team.

500.4 School Suspension By Council - The council shall have authority to suspend a school from membership herein at any time and for such period as said Council deems advisable and for any cause which in the opinion of the Council is for the best interests of the organization. (In cases of suspension for the playing of ineligible students, the above Bylaws 500.2 and 500.3 shall apply.)

500.5 Any school knowingly or unknowingly violating the rule may be suspended from membership in the CIF Southern Section. The report of the examination will be on a school board-approved form that includes a health history. The physical examination must be completed before a student may try out, practice or participate in interscholastic athletic competition. A student will be excused from this physical examination provided there is compliance with the Education Code provisions concerning Parent(s)/Guardian(s)/Caregiver's Refusal to Consent. The CIF Health and Safety Committee strongly recommends schools use the Pre-Participation Physical Examination form that is endorsed by five major medical societies; American Academy of Family Physicians, American Academy of Pediatrics, American Medical Society for Sports Medicine, American Orthopedic Sports Medicine and the American Osteopathic Academy of Sports Medicine. All CIF schools must have school board-approved forms.

(Revised March 2004 Executive Committee)

Q: What does the CIF consider to be an annual physical examination?

A: An annual physical examination is one that was completed in the last 365 days.

<>H. Concussion Protocol

A student-athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from competition at that time for the remainder of the day. A student-athlete who has been removed from play may not return to play until the athlete is evaluated by a licensed health care provider trained in education and management of concussion and receives written clearance to return to play from that health care provider. If a licensed health care provider, trained in education and management of concussion determines that the athlete sustained a concussion or a head injury, the athlete is required to complete a graduated return-to-play protocol of no less than seven (7) full days from the time of diagnosis under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet shall be signed and returned by all athletes and the athlete's parent/guardian/caregiver before the athlete's initial practice or competition. (Approved May 2010 Federated Council/Revised May 2012 Federated Council/Revised January 2015 Federated Council)

Q: What is meant by "licensed health care provider?"

A: The "scope of practice" for licensed health care providers and medical professionals is defined by California state statutes. This scope of practice will limit the evaluation to a medical doctor (MD) or doctor of osteopathy (DO).

I. Steroid Prohibition

As a condition of membership, all schools shall adopt policies prohibiting the use and abuse of androgenic/anabolic steroids. All member schools shall have participating students and their parent(s)/guardian(s)/caregiver agree that the athlete will not use steroids without the written prescription of a fully licensed physician (as recognized by the AMA) to treat a medical condition.

NOTE: Article 1-12.N. (Revised May 2005 Federated Council)

<>J. Sudden Cardiac Arrest Protocol

A student-athlete who passes out or faints while participating in, or immediately following, an athletic activity or who is known to have passed out or fainted while participating in or immediately following an athletic activity, must be removed immediately from participating in a practice or game for the remainder of the day. A student-athlete who has been removed from play after displaying signs and symptoms associated with sudden cardiac arrest may not return to play until the athlete is evaluated by a licensed health care provider and receives written clearance to return to play from that health care provider. On a yearly basis, a Sudden Cardiac Arrest information sheet shall be signed and returned by all athletes and the athlete's parent/guardian/caregiver before the athlete's initial practice or competition.

Q: What is meant by “licensed health care provider?”

A: The “scope of practice” for licensed health care providers and medical professionals is defined by California state statutes. This scope of practice will limit the evaluation to a medical doctor (MD) or doctor of osteopathy (DO).

504. SEASON OF SPORT

All CIF member school interscholastic activities must be conducted in accordance with the following season of sport Bylaws.

A. Definition of School and Individual Student Athlete Season of Sport

The season of sport for a school is that period of time which elapses between the first interscholastic contest and the final contest for that particular sport. The season of a sport for any individual student is that period of time which elapses between the student’s first participation in an interscholastic contest and the student’s final participation in a contest for that particular sport in that season.

B. The season of sport shall be established for each sport by the highest CIF component level in which championship competition is conducted (i.e., State, Section or league) in that sport. To participate in state-level competition for any particular sport, a Section must comply with the CIF adopted season of sport.

C. Playoffs

State and Sections shall conduct playoffs in such a manner that teams in like sports, and in baseball and softball, during the same season are afforded equitable opportunity to participate in evening and weekend competition.

D. Equity

Sections and/or leagues shall set seasons of sport so that they provide equal opportunity for all students to participate, including intersectional competition and State championships in like sports, and softball and baseball.

E. The basic sports seasons are:

Fall - August through November

Winter - November through February

Spring - February through June

Exact dates may vary from year-to-year and between Sections within the above specified basic seasons. Championship competition may extend beyond these limits.

F. Section and/or leagues are encouraged to conduct all sports during the State-approved season.

G. Member schools, through their league or Section, shall either:

(1) Schedule identical sports, and baseball and softball, with seasons of the same number of weeks regardless of the season of the year in which the sport is played; OR

(2) Schedule all sports in a particular season of the year to be an equal number of weeks.

<>H. Sections have the responsibility to work toward equity relative to length of season, number of contests, and number of opportunities for participation by students. The “seasons of sport” for State championships are:

Fall - Volleyball (girls)

Fall - Cross Country (boys and girls)

Fall - Football (boys)

Fall - Golf (girls)

Fall - Tennis (girls Regionals only)

Fall – Water Polo (boys and girls – Regionals only)

Winter – Water Polo (girls – SoCal Regionals only)

(Approved May 2008 Federated Council/Revised April 2017 Federated Council)

I. Last Contest Date

(1) Each Section shall determine the last contest date for regular season competition.

- (2) For sports culminating in Regional or State championships, Section playoff competition must be completed by the Saturday prior to Regional or State competition.
 - (3) Each Section that participates in State championships in a sport shall conduct Section playoffs, if any, during the season immediately preceding such State championships.
- (May 2012 Federated Council)

K. Maximum Number of Seasons

A student shall not participate in more than four seasons of sanctioned CIF competition in any given sport in a four-year high school or three seasons of sanctioned CIF competition in any given sport in a three-year high school. Activities in the summer are exempt.

L. One Season of Sport

Each student shall be limited to one season of a particular sport for each school year. (See also 504.A.)

M. Sundays

In order to provide at least one day of respite from involvement in interscholastic athletics each week, no interscholastic games or practices of any kind are to be held on Sunday.

Exception: Those schools founded upon religious tenets that observe the Sabbath from Friday sundown until Saturday sundown may practice or play on Sundays. Schools must register each year by August 1 for the following year with their Section office and indicate either Friday or Saturday as their alternate day of respite.

NOTE: Declaration of Alternate Day of Respite form is available through your local Section Office.

(1) Violation of Bylaw 504. M. will result in the following sanctions:

- a. Practice: For every practice conducted on a declared day of respite, the violating school will be prohibited from conducting twice as many regularly scheduled practices (2 for 1);
- b. Game: A game played on a declared day of respite will result in forfeiture of the game.

(2) In addition to the above sanctions, the Section may impose any of the following additional sanctions:

- a. The final season record will be reduced by at least one win at the conclusion of the season;
 - b. The school will be placed on probation;
 - c. The team/individual will be ineligible to advance to or in Section, Regional or State Championships;

- (May 2000 Federated Council/Revised May 2004 Federated Council)

505. EQUITY

Any question or concern involving practices or procedures that affect perceived bias on the basis of gender will be reported in writing to the State CIF Office within 10 working days. A form will be sent to the individual, which must be returned to register the inquiry and resolution (if any). Any registered complaints or inquiries will be investigated and reported to the Federated Council and State Board of Education with copies to the person who filed the original concern. If the problem is not resolved to the satisfaction of the individual, the appeals procedure of CIF shall be consulted and implemented at the discretion of the complainant.

NOTE: See Equity Complaint and Appeal Procedure Section Following the Constitution and Bylaws.

Assignment of facilities for competition in State and Section playoffs shall be based on gender-neutral factors for all teams in identical sports, and in baseball and softball.

506. PRACTICE ALLOWANCE

Frequently Asked Questions - (FAQ's will continue to be revised as needed and appropriate to assist schools in understanding the implementation of the Bylaw. Schools seeking additional clarification should contact their local CIF Section office.)

Q: Our football coach conducts a one-hour (1) before school weight lifting activity in the weight room for football players. Does this count in the three-hours per school day practice limitation?

A: Before school activities that are NOT part of the curricular day are subject to the practice limitations. If the activity is organized and/or directed and/or supervised by any of the football coaching staff and only open to football players then YES it is considered to be practice and counted in the daily limit.

Q: Our football coach conducts a one-hour (1) before school zero period weight lifting activity in the weight room for football players. Does this count in the daily practice limitation?

A: If Zero period IS considered part of the curricular day then it does not count against the practice duration limitations.

Q: We have a one-hour (1) before school; (2) zero period; general weight lifting activity in the weight room, advertised to all the athletes in the school who wish to participate. The football coach supervises this activity. While it is advertised to everyone in the school, it is primarily utilized by the football players. Does this count as practice activity in the daily practice duration limitation?

A: (1) Before school is not part of the curricular day so activities during this time are subject to practice duration limitations. However, if the activity is a non-sport specific strength program, open to all athletes, it would be considered general conditioning and would not count as part of the practice duration limitations. As long as the school has done their best to advertise and make it open to everyone, and it is not a non-football hostile environment, or is not located in an area where female or other sport athletes do not have access (i.e. access only through the boys' locker room), regardless of who attends or who is supervising, the activity would not be considered practice and would not, therefore, count in the daily practice limitation. (2) If Zero period IS considered part of the curricular day then it does not count against the practice duration limitations.

Q: A (1) Volleyball or Football; (2) Cross Country; Coach tells their team members "just go for an hour run" as a team (or as individuals) and then meet back in the gym to begin practice. Does that hour of just running count towards the practice duration limitation for that day?

A: Yes. This activity done as a team or as an individual and has been implicitly/explicitly required by the coach; directed and/or organized and/or supervised by the coach would count towards the daily practice duration limitations.

Q: A Basketball coach tells their team members that they are required to run a minimum number of miles each week on their own for conditioning. Does this count towards the practice duration limitations for any given day?

A: Yes, this would be considered an activity under C.(2) and (4) above because it was required and or implied by the coach for his/her basketball team members to participate. If it was not implicitly or explicitly required by the Coach, it would not count towards practice duration limitations.

Q: The Water Polo Coach establishes a swimming conditioning session (1) before practice each day (2) in the morning before school; (3) during zero period; Does this count towards the practice duration limitations for that day?

A: (1) Yes, swimming conditioning is directly related to water polo skill development, so this would count towards the daily practice duration limitations. (2) Yes, swimming conditioning is directly related to water polo skill development, so this would count towards the daily practice duration limitation. (3) If Zero period is considered part of the curricular day it does not count against the practice duration limitations.

Q: A student plays volleyball in the fall and basketball in the winter. During the overlap time of those two seasons is a student allowed to practice for four hours per day for volleyball and then another four (4) hours per day for basketball, for a total of eight (8) hours of practice on any given day?

A: No. During any season overlap period for any student-athlete, that student-athlete is still limited to a total practice time for both sports not to exceed the daily practice duration limitation [four (4) hours max per day and only 18 hours per week].

Q: A student plays baseball and tennis in the same season of sport. If they have competitions on the same day for both sports how would those hours be counted?

A: The total number of hours would be three (3) regardless of the total time of both contests (see Bylaw 506.B.)
(Approved May 2014 Federated Council)

<>507. SECTION ALIGNMENT OF LEAGUES

Sections that use a two-year cycle of alignment shall realign on even years only. Sections that realign every year or "upon demand" are not to be affected by this rule. Each Section shall allow the formation of cross leagues for schools in which a sport or sports are not available through its immediate league.507.1 All member schools will, upon request, submit to the Southern Section Office, their financial pay structure for coaches' stipends adopted by the governing board.

QUESTION: What is the releguing cycle in the Southern Section?

ANSWER: Presently, the Southern Section is on a two or four year releguing cycle (2014-2018).

508. DONATED EQUIPMENT

Schools, teams and/or individuals associated with interscholastic athletics which are under the control of school governing boards are prohibited from accepting a donation of any and all athletic equipment of any description or any and all apparel of any description which is associated with interscholastic athletics except as provided for by Education Code Section 41032(a) et seq. (Approved February 1999 Federated Council/Revised to include lacrosse November 2000 Federated Council)

<>510. UNDUE INFLUENCE, PRE-ENROLLMENT CONTACT, FAILURE TO DISCLOSE PRE-ENROLLMENT CONTACT AND ATHLETICALLY MOTIVATED TRANSFERS

A. The use of undue influence by any person(s) to secure or retain a student or their parent(s)/guardian(s)/caregiver as residents may cause the student to be ineligible for high school athletics for a period of one year and shall jeopardize the standing of the high school in the CIF. Undue influence is any act, gesture or communication (including accepting material or financial inducement to attend a CIF-member school for the purpose of engaging in CIF competition regardless of the source) which is performed personally, or through another, which may be objectively seen as an inducement, or part of a process of inducing a student, or his or her parent(s)/guardian(s)/caregiver, by or on behalf of, a member school, to enroll in, transfer to, or remain in, a particular school for athletic purposes.

B. A student shall become ineligible for CIF competition and shall be penalized according to Bylaw 212 for accepting material or financial inducement to attend a CIF member school for the purpose of engaging in CIF competition, regardless of the source.

C. Pre-enrollment contact or an athletically motivated transfer may be considered prima facie evidence ("sufficient evidence") that the student enrolled in that school in whole or in part for athletic reasons See Bylaw 200 and 206.C.) and cause the student to be ineligible for participation in those sports in which the student participated at the former school. Athletically motivated pre-enrollment contact of any kind by anyone from, or associated* with, a school or its athletic programs to which a student may transfer or move into the attendance area is not permitted. When a prima facie case ("sufficient evidence") of undue influence/recruiting exists, the student shall be ineligible to represent the new school in interscholastic athletic competition for a period of one calendar year from the date of the student's enrollment in the new school in all sports in which the student participated at any school in the last twelve months and/or the sport with which the coach referenced herein is associated, unless sufficient proof is presented to the satisfaction of the Section Commissioner that rebuts or disproves the evidence of undue influence/recruiting for athletic reasons.

D. Pre-Enrollment Contact

Pre-enrollment contact may include, but is not limited to: any communication of any kind, directly or indirectly with the student, parents(s)/guardian(s)/caregiver, relatives or friends of the student about the athletic programs at a school; orientation/information programs, shadowing programs; attendance at outside athletic or similar events by anyone associated*with the school to observe the student; participation by the student in programs supervised by the school or its associates before enrollment in the school.

(1) Requirement to Disclose Pre-Enrollment Contact

All Transfer students shall submit a completed CIF Pre-Enrollment Contact Affidavit (CIF Form 510) with appropriate transfer application(s) as required by their respective Section under Bylaw 207. Any and all pre-enrollment contact of any kind whatsoever that a student or anyone associated with the student, has had with a person associated with the new school must be disclosed by the student, parent(s)/guardian(s)/caregiver and the new school to the Section office on a complete CIF Pre-Enrollment Contact Affidavit [CIF Form – (please see local CIF Southern Section Form)] .

(2) Definition of being "Associated" with a school:

*Persons "associated" with a school include, but are not limited to: current or former coaches, current or former athletes, parent(s)/guardian(s)/caregiver of current or former student/athletes, booster club members, alumni, spouses or relatives of coaches, teacher and other employees, coaches who become employed, active applicants for coaching positions, and person who are employed by companies or organizations that have donated athletic supplies, equipment or apparel to that school.

E. Athletically Motivated Transfers

The CIF, as the governing body of high school athletics, affirms that athletic competition is an important part of the high school experience and that participation in interscholastic athletics is a privilege. The privilege of participation in interscholastic athletics is available to students in public or private schools who meet the democratically established standards of qualification as set forth by the CIF Federated Council. As stated in CIF Bylaw 200.A.A(6) the CIF Bylaws shall serve as a deterrent to students who transfer or change schools for athletic reasons and to individuals who attempt to recruit (unduly influence) student-athletes or their parents to enroll in a school because of athletics.

As stated in CIF Bylaw 200.A(2) the CIF Bylaws reinforce the principle that students attend school to receive an education first: athletic participation is secondary. CIF Bylaws provide for individual Section Offices to limit eligibility for a student when there is evidence the transfer, or move is made to acquire athletic participation at their new school (School B).

Students may be determined by their respective CIF/Section Office or the CIF to have made an athletically motivated transfer or change in schools if one or more of the following circumstances are determined to have contributed in any way to the transfer or change in schools.

- (1) **Transferring to a School after Participating on a Non-School Athletic Team, Camp or Clinic Associated with the School**
The student transfers from his or her current school of attendance, with or without a corresponding change of residence, to any high school where the student participates or participated, during the 24 months immediately prior to the transfer, on a non-school athletic team, (i.e. AAU, American Legion, club team, etc.) camp or clinic that is associated* with (See definition in C.(2).) the new school in the sports previously participated in. A Team associated with a school is one that is organized by and/ or coached by any member of the coaching staff at, or any other person associated* with (See definition in C.(2).), that school; and or , on which the majority of the members of the team (Participants in practice and/ or competition are students who attend that school. AND/OR
- (2) **Transferring to a School Where a Former High School Coach has Relocated**
The student at any grade level transfer to a new school within one calendar year of the relocation of his/her school or club coach to the student's new school of enrollment with or without a corresponding change in residence; AND/OR
- (3) **Other factors that may be considered in support of evidence of athletic motivation:**
 - a. Evidence the student's transfer or change of schools is because of the student's previous association with an outside agency that uses the facilities or personnel of the student's new school (School B); AND/OR
 - b. Evidence that multiple students have transferred or changed schools to participate in a particular sports program at one school.

(Revised May 2002 Federated Council/Revised May 2007 Federated Council/Revised May 2008 Federated Council/Revised May 2009 Federated Council/Revised February 2013 Federated Council/Revised April 2017 Federated Council) February 2013 Federated Council)

510.1 This rule applies equally to any actions by any person or persons to enroll a student who is a graduate of the eighth or ninth grade of a junior high school in any member high school other than the public high school in the attendance area in which the student's parents or legal guardian reside.

510.2 The objective of the recruiting rule is to assure that the student athlete is making a free and unpressured choice of his or her high school. It would therefore even preclude any effort on the part of a friend or representative of the public high school in the attendance area in which the student's parents reside, from attempting to secure the student's enrollment at that school.

QUESTION:	What are the guidelines for advertising your school and its programs?
ANSWER:	If a school chooses to publicly advertise their offerings, advertisements (i.e.: TV, newspaper, billboard etc.) should emphasize a total school environment (academics, student life, co-curricular activities). Advertisements should not have their primary emphasis on athletic programs.
QUESTION:	Is it within the rules for the parents of an eighth grade student who is interested in attending a public/private school to contact the principal of that school to learn about the course of study, tuition charges, transportation and other school matters?
ANSWER:	Such a contact initiated by a parent would not be in violation of existing rules.
QUESTION:	Is it legal for a member of a private or public school's booster club to initiate contact with the parents of an eighth grade student for the purpose of informing them about the school?
ANSWER:	A student's interscholastic athletic eligibility would be jeopardized by such action on the part of a booster club member.
QUESTION:	A member of a booster club of a public/private school is contacted by the parents of an eighth grade student who is interested in information pertaining to the scholastic and athletic program at the public/private school. What may a booster club member do in response to such a request?
ANSWER:	The booster club member should advise the parent to contact the principal of the high school for information pertaining to the school.
QUESTION:	Student "A" will graduate from the eighth grade in two weeks. Would it be a violation of the rule if the student was personally contacted by a private or public high school coach to play on a summer league basketball team?
ANSWER:	Such action by a public or private high school coach in personally contacting an eighth grade student (prior to May 1st) to participate on a summer league basketball team would be in violation of the undue influence rule.
QUESTION:	What contact may a coach have with a parent contemplating enrolling children at his/her high school?
ANSWER:	The coach should refer ALL parent contact with reference to the high school athletic program and enrollment to the appropriate school administrator. Prior to enrollment, all parent contact must be handled by school administration, not members of the coaching staff.
QUESTION:	Are schools or anyone acting on a school's behalf allowed to make direct or indirect contact with any students who are not currently attending said school (i.e. elementary, middle, and/or high school students) regarding their athletic programs (this includes high school camps, high school summer programs, etc.)?
ANSWER:	No. Schools may not directly or indirectly contact elementary, middle, and/or high schools students that are not currently registered in grades 9-12 at their school. Examples of direct/indirect contact may include but are not limited to mail, email, phone calls, social networking, etc.
QUESTION:	May eighth graders participate in Spring practice or tryouts?
ANSWER:	No. Only students currently attending a member school (grades 9-12) may participate in spring practice/tryouts. Eighth graders do not become ninth graders until after they have completed the 8 th grade.

QUESTION:	What may a high school coach(es) do as far as far as having contact with 8 th grade students?
ANSWER:	<p>Because a graduate of a middle school may enter any high school in California and be residentially eligible in accordance with CIF Southern Section rules, contact by senior high school representatives is regulated. Individual coaches cannot visit or initiate contact with middle school students until May 1st of the students 8th grade school year. It would be permissible for the vice-principal or athletic director (not the coach) of a senior high school to visit the middle school campus for the purpose of informing students about the total athletic program of the high school.</p> <p>It is legal for a high school coach to be part of a total open house and/or school orientation (academics, activities and athletics) where a student is part of a general gathering of students on the high school campus and such activity has the approval of the high school and middle/elementary school principal.</p> <p>This would also include a clinic; open to the entire community, provided approval of the respective schools is received. It is legal for a high school coach to coach such students for a recreational or semi-recreational organization such as AAU, YMCA, Church, City Recreation or similar organizations.</p>
QUESTION:	Are schools permitted to host “Athletic Information Nights” where ALL sport offerings are represented and highlighted?
ANSWER:	Yes. With the oversight and approval of school administration, the community may be invited to the high school campus for the purpose of gaining information about the high school athletic programs. Individual coaches cannot host parent/student meetings (for students not currently attending your school) except as part of the schoolwide “Athletic Information Night”. Invitations may not be directed toward specific athletic groups, including but not limited to Pop Warner, NJB, AAU, AYSO, “club team” organizations etc.
QUESTION:	Would it be acceptable for schools to invite athletes from their feeder schools to attend athletic contests?
ANSWER:	<p>NO! It is not permissible for member schools, booster club representatives, coaches or other agents or school personnel to invite potential student-athletes to attend contests or practices. It would be acceptable for the Principal to invite the entire student body of a feeder school to an individual athletic contest. The invitation must be open to every student of the feeder school.</p> <p>NOTE: The foregoing examples are intended to be just that, and in no manner are intended to constitute an exclusive list. If questions arise as to the propriety of intended activities, it is advisable to secure an advance opinion from the Office of the Commissioner.</p>
QUESTION:	What are the guidelines for high school camps and camps for under high school aged students?
ANSWER:	See “Guideline to Understanding Bylaw 510-Undue Influence” chart
QUESTION:	Who may participate in high school summer athletic programs approved by the principal?
ANSWER:	Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow students that are not part of the aforementioned students to participate in summer high school programs/leagues. For students registered in more than one school, all summer practice and competition must be confined to one school.
QUESTION:	Can a transfer student (who is currently attending the high school they plan to leave) play for a club team coached by members of the coaching staff affiliated with the student’s new high school?
ANSWER:	Once the current school year ends for both the former school and new school, the transfer student can play for the club; not before.

511. SUSPENDED SCHOOLS

ARTICLE 60 OUTSIDE COMPETITION

<>600. COMPETITION ON AN OUTSIDE TEAM

A student on a high school team becomes ineligible if the student competes in a contest on an "outside" team, in the same sport, during the student's high school season of sport. (See Bylaw 504) The following exceptions apply:

- A. If the outside team has half or more of the team members as stated in the National Federation rule book for that sport, it shall be considered the same sport. Examples: three on three basketball — outside team competition prohibited; two on two volleyball — outside team competition permitted.

QUESTION: May a student who competes at the freshman or junior varsity level compete on an outside team during his or her high school season of sport?

ANSWER: No. The Outside Competition Rule pertains to all levels of competition. Thus, any individual participating at the varsity, junior varsity, sophomore and/or freshman levels may not compete on an outside team during his or her high school season of sport. *See exception in above paragraph.

QUESTION: Does this rule apply to a student/athlete who starts the season, plays in a game and then becomes ineligible?

(Editorial Revision May 2017)

F. SPONTANEOUS RECREATIONAL ACTIVITY

It is permissible for a high school team member to participate in a spontaneous recreational activity or game in which sides or teams are chosen without regard to players representing any group or organization. Such participation would not cause loss of eligibility. (Definition of spontaneous: no prior planning or notice; an unplanned part of another activity which has a primary focus other than the sport.)

G. UNATTACHED COMPETITION IN INDIVIDUAL SPORTS

(1) An unattached athlete shall not represent any team. Points won by the athlete shall not be credited to any team. An unattached athlete shall not use a uniform which identifies a school or "outside" team. Any violation shall be considered an infraction of Bylaw 600.

(2) Unattached competition is permissible for a student in other than school contests during the season of sport provided the student enters in the individual sports of badminton (singles and doubles), cross country, golf, gymnastics, skiing, swimming and diving (including unattached entry on relays), tennis (singles and doubles), track and field (including unattached entry on relays) and wrestling.

E. This bylaw was written with the intent that only individual student-athletes that have been identified by the respective National Governing body for that sport, as having Olympic potential, would be eligible for this exemption of Bylaw 600. Individual student-athletes who are members of a club team(s) consisting in whole or part of high school age athletes, participating in any competitions (e.g. Super Y League events, championships, etc.), even if the competition itself is labeled as an ODP event, that occur during the high school student's season of sport are not eligible for this exemption.

A high school student is governed by CIF rules when the student participates in CIF competition. When the student participates in other than CIF competition in a CIF approved sport, at any time during the calendar year, the student is governed by the awards rules of the amateur governing body for that sport. If the student violates the amateur standing rule of the amateur governing body for that CIF approved sport, the student is ineligible for CIF competition, except whenever the amateur governing body rule for that sport is more stringent than the CIF rule, the CIF rule shall prevail.

ARTICLE 110 APPEALS AND DELEGATED POWERS

<>1100. CIF STUDENT TRANSFER ELIGIBILITY APPEALS PROCEDURES (BYLAWS 206, 207, 208, 209)

An appeal of a Section’s decision to grant limited transfer eligibility shall be reviewed only in accordance with the policies, provisions and procedures set forth in the “Policy and Procedures for Appeal of the Section Decision on Transfer Eligibility for Athletic Participation” which is available on the State CIF web site (www.cifstate.org) in Parent Handbook II - Understanding the Transfer Appeal Process. Sections are not permitted and have no authority to determine an appeal of a Section’s decision regarding transfer eligibility.

NOTE: All eligibility determinations made by the respective CIF Section office under the provisions of 207.B.(5)c.(unlimited eligibility applications) are final as all of these hardship circumstances are factual in nature and can/must be documented. Only students whose eligibility status was determined due to any violations listed below may appeal the section’s decision. The details and time lines of the appeal process is available on the State CIF website as outlined in the “Parents Handbook II - Understanding the Transfer Appeal Process.”

(A) 207.B.(5)a.(iv) or b.(v) or c.(iii)-Following Coach

(B) 510 - Undue Influence, Pre-Enrollment contact, Failure to Disclose Pre-enrollment contact and Athletically Motivated Transfers.

(Revised April 2017 Federated Council)

1101. SECTION STUDENT ELIGIBILITY APPEALS PROCEDURES (BYLAWS 203, 204.D, 205.E)

Each Section shall establish appellate procedures for review of a Section's decision regarding waiver of the age requirement (Bylaw 203); waiver of a charge of a semester of attendance (Bylaw 204.D.); and waiver of the requirement to be passing 20 semester credits of work (Bylaw 205.C.), which incorporate the following requirements in final Section determination of student athletic eligibility.

In an appeal of any decision that includes not only a transfer request but also a request for waiver of the age requirement, charge of a semester, and/or passing 20 semester credits of work, the transfer request issue will be held in abeyance until all other issues are determined in accordance with Section appeal policies and procedures to a final determination. The procedural requirements for determination of the transfer request under the "Policy and Procedures for Appeal of the Section Decision on Transfer Eligibility for Athletic Participation" will be tolled until that final determination of other issues is made by the Section.

(Revised May 2007 Federated Council)

Upon written appeal of Bylaws 203, 204.D, or 205.C, the Section shall appoint either:

A. A hearing panel, or

B. A single hearing officer.

The panel or hearing officer shall be empowered to hear the matter under consideration and rule on the eligibility status of the appellant under Section and State CIF eligibility requirements. Neither members of the hearing panel, nor a single hearing officer can have been directly associated with the matter under consideration or directly associated with the schools involved in the matter or have any other interest, personal or professional, that would preclude a fair and impartial hearing. If it is apparent from the facts that the panel or the hearing officer have no authority to adjudicate the matter under the rules, the Section may find the appeal to be without merit and deny a hearing. The Section hearing need not be conducted according to the rules of evidence and those related to witnesses. Any relevant evidence including hearsay evidence shall be admitted. All testimony shall be given under oath or affirmation administered by the hearing officer (a member of the panel or a single hearing officer).

C. Dates and Deadlines for Section Student Eligibility Appeals

(1) A final appeal to the Section, under this bylaw, must be initiated within 30 calendar days after a written notice of a Commissioner's, hearing panel or a single hearing officers decision denying eligibility is sent, (by postmarked mail) to the affected party.

(2) If the affected party fails to file the appeal within the 30 calendar day period, the Section's Hearing Panel or hearing officer will not hear the appeal and the Commissioner's decision, hearing panel or hearing officers decision, denying eligibility, shall be final.

(3) Within 10 business days after receiving the appeal, the Section will send notice of the receipt of the appeal to the Section's panel or hearing officer, and to the appellant.

(4) Within 30 business days after notifying both parties, a hearing shall take place at a time and place determined by the Section's Panel or hearing officer. Any continuance of the timelines must be agreed upon and documented.

(5) A written decision of the Section's Panel or hearing officer shall be sent to the Section Commissioner and appellant within 10 business days after the hearing.

(6) From the last published CIF sponsored activity until August 15, appeal hearings may be held if the State or Section can accommodate such a request with available personnel.

(Revised May 2003 Federated Council)

1102. STATE REVIEW PROCEDURE OF SECTION APPEAL PANEL DECISIONS

Appeals of final decisions determined through the Section appeals procedure concerning student eligibility involving requests for waiver of the age requirement, waiver of a charged semester of attendance and/or waiver of the requirement to pass 20 semester credits of work may be presented to the State CIF Executive Director's Office after the Section decision has been made in accordance with the following, if the appellant believes that the Section violated one or more of the following procedural guidelines:

- A. Was the Section's decision or action lawful; i.e., did the decision or action violate Title V, the Education Code, etc., and did it extend appropriate due process to the parties?
- B. Was the Section's decision or action fraudulent?
- C. Did the Section act arbitrarily?
 - (1) Did the Section have rules and criteria by which it reached its decision?
 - (2) Were the Section's rules and criteria reasonable; i.e., do the Section's rules reasonably relate to a legitimate objective?
 - (3) Did the Section follow its own rules and criteria?
 - (4) Does the Section's action or decision have a basis in reason, or in other words, a reasonable basis? The test to be employed in the application of this criteria is whether the responsible people, acting in a thoughtful manner, could reasonably have reached the same decision as the Section and not whether others might personally agree with the decision.

The Executive Director, upon receiving such an appeal, may review the Section's decision based on the above guidelines to determine whether their action was a violation of any of the above. If, in his or her judgment, this is the case, the Executive Director may return this matter to the Section for further review or, if necessary, set aside the decision and take jurisdiction consistent with State Bylaw 1108 (A).

- D. Dates and Deadlines for State CIF Student Eligibility Appeals
 - (1) An appeal to the Executive Director, under this bylaw, must be initiated within 30 calendar days after a written notice of a Section's decision denying eligibility is sent (by postmarked mail) to the affected party.
 - (2) If the affected party fails to file the appeal within the 30 calendar day period, the Executive Director will not hear the appeal and the Section's decision, denying eligibility, shall be final.
 - (3) If the appeal is filed within the 30 business day period, the Executive Director will send notice of the receipt of the appeal, within 10 calendar days after receiving the appeal, to the CIF Section, and to the appellant. The notice to the Section shall include all documents filed by the appellant.
 - (4) The Section may file a response to the appeal within 15 business days after receiving the notice of appeal. The response shall be served on the appellant. The appellant may have 5 days to file a reply with the Executive Director.
 - (5) A written decision of the Executive Director shall be sent to the Section and appellant within 15 business days of receipt of the final reply.
- (Revised May 2003 Federated Council)

1103. SECTION APPEALS PROCEDURES INVOLVING MATTERS OTHER THAN STUDENT ELIGIBILITY OR SECTION PLAYOFFS

In the final Section determination of rules questions other than student eligibility or Section playoffs, each Section shall establish appellate procedures, which incorporate the following requirements:

- A. Upon written appeal, the Section shall cause a hearing body to be convened. The body shall be empowered to hear the matter under consideration and rule on the matter at hand;
- B. Sections shall publish appeal procedures and provide appropriate due process for schools engaged in any appeal under the Section and/or State bylaws;
- C. Sections shall provide for timely notice of appeals, time schedule of such appeals, and written notice for determination of the matter being appealed;

- D. Section appellate procedures shall allow for written and verbal presentations by the appellant to hearing bodies and testimony by knowledgeable parties.
- E. Upon receiving such an appeal, the Executive Director may, after consultation with the parties to the appeal, schedule a mediation process if, in the judgment of the Executive Director, there is a likelihood of success for this process.
(Revised May 2003 Federated Council)

1104. CIF SECTION PLAYOFF APPEALS PROCEDURES INVOLVING SECTION RULES & REGULATIONS ONLY

Each Section shall establish to the greatest extent possible a fair procedure to ensure a review of such matters, consistent with the time constraints involved. The decision of the Section on such matters will be final.

1105. STATE CIF PLAYOFF APPEALS PROCEDURES

The State CIF Executive Director shall have full authority to rule on any appeal directly involving State playoffs or to delegate such authority to game or meet authorities. Such a delegation of authority would not prevent the Executive Director from subsequently assuming jurisdiction if the Executive Director believed conditions warranted.

1106. INTER-SECTIONAL DISPUTES PROCEDURE

In the event that two Sections cannot come to a mutual agreement on an issue, a three-person committee composed of the president, president-elect and past-president, along with the State CIF Executive Director, is authorized to hear the issue and render a decision which would be binding. If any member of the Committee is a representative of a Section involved in the dispute, the president shall select another member of the Federated Council to serve on the Committee for that particular issue.

1107. EXECUTIVE DIRECTOR'S AUTHORITY TO INTERPRET

The CIF Executive Director is authorized to interpret the CIF Constitution, Bylaws, and Federated Council regulations, and to issue such official interpretations in writing to all Sections. The Executive Director will report any official interpretations issued at subsequent Executive Committee meetings for their review and consideration. The State Executive Director may review decisions of State Appeals Office before issuance for compliance with the CIF Constitution and Bylaws and compliance with Title V, the Education Code, etc., and whether it extended the appropriate due process to the parties.

(Revised May 2007 Federated Council)

1108. DELEGATED POWERS

- A. In emergency situations, the State CIF President or Executive Director or his/her authorized designee may act for the Federated Council in the best interests of the organization. This action will be reviewed by the Executive Committee as soon as possible.
- B. Between meetings of the Federated Council, the Executive Committee shall be empowered to act for the Federated Council when necessary. This action will be subject to the approval of the Federated Council at its next meeting.

1109. SETTING ASIDE THE EFFECT OF A RULE FOR WHICH THERE IS NO PROVISION FOR WAIVER

The executive director and a Section Appeals Committee, may, on a case-by-case basis, upon evaluation of the evidence, set aside the effect of any Bylaw when, in their joint opinion, all of the following criteria are met:

- A. There exists a hardship as defined by Bylaw 214;
- B. The rationale of the rule being waived will not be offended or compromised;
- C. The principle of the educational balance (over athletics) will not be offended or compromised;
- D. The waiver will not result in a safety risk to teammates or competitors;
- E. The waiver will not result in an unfair displacement of another student from athletic competition;
- F. Competitive equity among competitors will not, as a result of the waiver, be skewed in favor of the student or the student's team.

(May 1997, Federated Council)

NOTE: In practice, this bylaw is initiated by a section appeals committee. However, the Bylaw may be initiated by the Executive Director upon review of an appeal.

This rule is not retroactive and does not set aside the penalty for playing an ineligible player. See Rule 500.2 (Forfeiture Status).

1110. CIF SOUTHERN SECTION APPEALS PROCEDURE

- #1110.1 Any student who has been declared ineligible under CIF Southern Section or league rules may appeal to the Commissioner. Appeal requests must be in writing and address the hardship criteria of being an ‘unforeseeable, unavoidable, uncorrectable act, condition or event that is non-athletic in nature’’. In the event the student or his/her parent wishes to contest the ruling of the Commissioner, that appeal request must be submitted in writing, and address the hardship criteria of being an ‘unforeseeable, unavoidable, uncorrectable act, condition or event that is non-athletic in nature’. The Commissioner will convene a hearing panel or single hearing officer in a timely manner. The hearing officer or panel may consist of trained hearing officers approved by the Executive Committee.
- #1110.2 Any member school which believes it has been aggrieved by a CIF Southern Section or league rule, policy decision or the failure of another school to honor an interscholastic athletic agreement, shall direct their appeal first to their league. In the case of a freelance school, the appeal shall go to the CIF Southern Section. Such appeal must be in writing and submitted to the league president, or in the case of a freelance school, to the Commissioner within fourteen days of the original decision.
- #1110.3 Upon granting such a hearing, the Commissioner shall set a time for a hearing by the Executive Committee and notify all necessary parties of the time and place of the hearing. At the hearing, any accused individual may be represented by a council of his/her choice and has the right to cross-examine witnesses and present evidence in his/her behalf. The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs. At the conclusion of the hearing, the Executive Committee shall vote to decide the action to be taken. If because of pressing circumstances the tasks as delineated in Bylaw 1110.3 or Bylaw 1110.4 cannot be accomplished at a regular scheduled meeting of the Executive Committee, three available (current or former) Executive Committee members, or a single hearing officer or trained hearing officer, approved by the Executive Committee, may act on behalf of the Committee. SPECIAL NOTE: Former Executive Committee members may serve on hearing panels.
- #1110.4 Where it appears that an appeal is such that the school, league and Section have no authority to waive or modify a rule being challenged, the Commissioner shall review the case in order to substantiate the previously mentioned supposition.

If, as a result of such a review, it is established that this is in fact correct, the Commissioner at the President’s direction, may file such an appeal directly with the State CIF Office in accordance with State Bylaw 1101, and the matter need not be processed under the aforementioned appeals procedure within the CIF Southern Section.

1111. APPEALS DEALING WITH INTERSCHOLASTIC CONTESTS

- 1111.1 Any member school shall have the right to protest the outcome of any athletic contest if its opponent has used an ineligible player in the contest or violated any CIF Southern Section rule in connection with the contest.
- 1111.1.a If the protest involves a regular contest, such protest must be filed with the League President, in accordance with that league’s Bylaws. (Note: A league may be more restrictive with its rules than the CIF Southern Section, provided it is not in conflict with a Southern Section and/or National Federation playing rule. League officers are encouraged to check with the CIF Southern Section Office at the time of developing and/or amending of league Constitution and Bylaws article.)
- 1111.1.b If the protest involves a non-league contest, such protest must be submitted, in writing, within five (5) days to the CIF Southern Section Office. In the event the Commissioner is unable to resolve the contest in question, it will be forwarded to the CIF Southern Section Executive Committee.
- 1111.2 Any protest of a playoff contest involving an ineligible player, violation(s) of Southern Section rules and regulations which may affect teams in the playoff draw, or matters other than playing rules that might affect teams in the playoff draw, will be processed by the Commissioner who will have the SOLE authority to rule on the contest or any contest to be played in upcoming rounds.
- 1111.2.a Upon completion of the investigation, the Commissioner will notify all parties concerned at the earliest possible moment of the decision.

1111.2.b The Commissioner may waive this procedure if, in the Commissioner's opinion, conditions warrant it; and he will then rule immediately on any question pertaining to the playoffs including disqualification.

1111.3 No protest will be considered involving a CIF Southern Section playoff contest in which a game official has misapplied an official rule governing that sport.

QUESTION: How may a coach resolve a misapplication of an official rule governing that sport at the game site?

ANSWER: The coach must raise the question of misapplication in accordance with official rules governing that sport with the game officials at the exact time of the misapplication and the game officials will rule on the possible misapplication before play continues. No protests may be forwarded from this point.

1112. SECTION COMMISSIONER AUTHORITY TO INTERPRET

The CIF Southern Section Commissioner shall interpret all rules of the organization, and these interpretations will be final until such time as the Executive Committee rules otherwise. This would include the initial processing of all eligibility appeals submitted to the CIF Southern Section office.

NOTE: See Maximum Team Contests under each sports section.

1203. SECTION GUIDELINES FOR OFFICIALS

Each CIF Section shall develop guidelines for the use of officials. It is highly recommended that officials trained and rated in CIF approved rules for each sport be used.

- 1203.1 The CIF Southern Section recognizes the governing authority of each sport official's association. Individual area official's chapters, within those associations, who are not in good standing with their governing body, are not eligible to officiate CIF Southern Section contests.

1204. UNIFORM RULE EXCEPTIONS

In the case of a manufacturer's error, the Section Commissioner is authorized to waive National Federation uniform rules, allowing exceptions as necessary within the spirit of the National Federation rules.

1205. UNIFORM ATTACHMENTS

All uniform attachments are prohibited by State CIF Federated Council action except where provisions are allowed under National Federation Rules.

1206. AREA ASSIGNMENT LIAISON

The CIF Southern Section shall employ area liaison of officials for boys and girls sports.

1207. SELECTION OF AREA ASSIGNMENT LIAISON

The area liaison shall be selected annually by the CIF Southern Section Commissioner of Athletics. Each liaison's annual salary shall be determined by the Executive Committee and made payable in two equal installments - December 1 and March 1 of each school year.

1208. LIAISON REPRESENTATION

The liaison shall be directly responsible to the CIF Southern Section Commissioner of Athletics, and shall maintain a neutral position and shall represent both the officials associations and the leagues in their respective areas. At the direction of the area liaison, leagues may be directed to play on alternate days when there is a shortage of officials in a specific sport.

Liaison duties shall include, but not be limited to:

1. Gather all master schedules from member schools as prescribed in by-law 1212.
2. Provide schools' schedules to each association assigner.

3. Organize and chair a standing committee of assigners for each association and keep an open line of communication with assigner of each association.
4. Provide a list to member schools of the name, address, phone number and email addresses of all assigners.
5. Be available to schools and officials for a reasonable amount of time daily.

The liaison shall attend, upon request or when possible, meetings of leagues within their jurisdiction. When attendance at such meetings involves excessive travel, the league involved shall reimburse them for any travel expense incurred.

1210. PROTESTS

The liaison *will not handle protests of athletic contests*; this is the responsibility of the leagues involved. They may, however, secure information and serve as resource personnel or consultants in all protest cases when requested by the league.

1211. ASSIGNMENT RESPONSIBILITIES - ASSOCIATION

It is mandatory that the association assigner of officials assign all contests in all sports when officials are available, providing schedules are received on time.

Expectations for Association Assigners:

- 1211.1 Assign officials for sanctioned events if officials are available.

QUESTION: Shall the assigner assign all tournaments?

ANSWER: Yes - The assigner is responsible for all assignments including tournaments. Schools are to forward their tournament requests to the liaison, who in turn will forward them to the assigner. Tournament contests are not to be assigned by anyone other than the Association assigners. Additionally, fees approved under the provisions of Bylaw 1222 must be paid.

- 1211.2 Compile a list of certified officials in each sport and furnish a copy of this list to all schools and/or league presidents within their area of assignments.

- 1211.3 Compile a master schedule of all assignments in each sport and furnish a copy of these assignments to all schools and/or league presidents within their area of assignment.
- 1211.4 The assignment of available officials, including experienced officials, must be assigned and shared on an equitable basis between boys and girls sports.
- 1211.5 Authorize payment of fees.

A. A flat fee will be used to compensate officials for round-trip travel based on the following scale:

51 - 75 miles = \$13.00

76 - 125 miles = \$19.00

126 - 175 miles = \$31.00

176 - 250 miles = \$43.00

251 - 350 miles = \$55.00

351 - 450 miles = \$73.00

451 miles and above = For distances beyond 450 miles, the following formula will be utilized:

Begin with \$73.00, which represents 450 miles round trip

Add \$2.40 for every 15 additional miles traveled round trip

Example: 525 miles round trip = \$73.00 (First 450 miles)

Additional 75 miles = \$12.00 (75 divided by 15 = 5, multiplied by \$2.40)

Total mileage reimbursement = \$85.00

B. The origination point for official's mileage will be determined in the following way:

1. Regular Season - From the official's home residence within the assignment area, to the location of their contest. Officials who live or work outside their assignment area will only be compensated for mileage from the point they enter their assignment area. All officials are entitled to mileage if they drive separately to contests.
2. Playoffs - From the location of the meeting place for the officials association.

Note: For playoffs only, mileage will be paid to the Head Official of all officiating crews in all sports.

QUESTION: How are regular season officiating assignment areas defined in sports without local area assigning units?

ANSWER: The assignment area is defined utilizing the boundaries of the Area Liaison for the home school who is requesting officials for that contest.

1211.6 Current high school students are not eligible to officiate Southern Section athletic contests.

<>1211.7 Regional Wrestling Tournament Exception – A regional wrestling tournament must request a minimum of 20% of the total number of officials needed to staff the event from the host school's assignment area. They may request additional officials from other assignment areas. For a wrestling tournament to be considered a regional tournament, it must meet all of the following criteria:

- A. It is a multiple day tournament.
- B. It must include a minimum of 50 contracted participating schools
- C. Participating schools must come from a minimum of 5 different sections.
- D. Participating schools must come from a minimum of 6 different wrestling officials assignment areas throughout the state of California.

1212. ASSIGNMENT RESPONSIBILITIES - SCHOOL/LEAGUE

1212.1 Schools and/or leagues must submit completed master schedules into CIFSSHome (www.cifsshome.org) using the following time line (or as specified by CIF-SS):

Fall Sports: June 1st
Winter Sports: July 1st
Spring Sports: December 1st

1213.1.1 Area liaisons will send school and/or league schedules to area assigners within two weeks of receipt.

QUESTION: What is the position of the CIF Southern Section when an accurate season sport schedule is not available to the liaisons/assignors by the Blue Book mandated due dates (Fall Schedule: June 1, Winter Schedule: July 1, Spring Schedule: December 1)?

ANSWER: Schedules not available may be subject to officials' association established "late fees" as every game added (past the above due dates) is considered a "change" and subject to monetary penalty.

1213. HOST AREA ASSIGNMENT POLICY

When a CIF Southern Section school hosts a school from another Section of the CIF in any sport requiring officials, the association assigner of officials from the host area will assign the game officials.

1214. CONTEST CANNOT START

When an official arrives at a site and the regularly scheduled athletic contest cannot start (canceled due to inclement weather, light failure or other circumstances beyond the control of the host management) each official shall receive one half of the game fee.

1215. CONTEST CANCELED AFTER START

Whenever a scheduled athletic contest is started and then canceled because of inclement weather, light failure, or other circumstances beyond the control of the host management, each official shall receive his or her full fee.

1216. CONTEST CHANGE

If the date, time, or location of any athletic contest is changed after assignments have been completed, it shall be the responsibility of the host management to notify the officials involved. Should any official not be able to make the change, it will be the host management's responsibility to notify the appropriate association assigner, and a replacement will be assigned provided the original official was assigned by the assigner.

1217. REMOVAL OF OFFICIAL

After an official has accepted an assignment, the official can be removed from the contest only at the direction of the school principal and by the payment of the full fees by the objecting school. A replacement will be assigned by the appropriate assigner. This rule does not apply to CIF-SS playoff contests.

1218. OFFICIAL FAILS TO APPEAR

When an assigned official fails to appear, the contest should be played, and it will be the responsibility of the host school to provide either an alternate CIF Southern Section official or a mutually agreed upon qualified person to officiate the contest at all levels of competition. If both schools cannot mutually agree upon a qualified person as a substitute official, the game will be rescheduled.

QUESTION: What is the position of the CIF Southern Section with reference to using replacement officials when assigned officials fail to appear?

ANSWER: Due to the extreme liability potential, only certified officials should be used to replace an official that fails to appear.

1219. FAILURE TO NOTIFY OFFICIAL OF CHANGE

When a regularly scheduled game date or site is changed and the host management fails to notify the official and he or she arrives at the site of the contest and there is no game, the official shall receive half the fee.

1220. INCLEMENT WEATHER

- 1220.1 In case of inclement weather, it is the responsibility of the official assigned to contact the host management to learn whether or not the game will be played. If the official should arrive at the site of the contest without previously checking and the contest has been canceled, neither the host management nor the CIF Southern Section is required to reimburse the official for any part of his or her fee. If the official has been notified by the host management by 1:00 p.m. that the contest will be played, and he or she arrives at the site of the contest, and in the meantime the contest has been canceled, the official shall receive half the fee.
- 1220.2 At the time the official calls, he or she should be notified of the rescheduled date and time. If this is not possible, it is the host management's responsibility to notify the official of the rescheduled date and time as soon as it is known.
- 1220.3 If the original official is not able to officiate on the rescheduled date, it is the responsibility of the host management to secure a replacement official, by notifying their area assigner of officials.

<>1221. OFFICIALS FEES

- 1221.1 All fees listed in this section were approved by the CIF-SS Council and are the only fees to be paid by member schools. Officials are to be paid in a timely manner. Failure to do so may result in CIF Southern Section sanctions.
- 1221.2 All member schools of a particular league shall pay the same fee regardless of enrollment.
- 1221.3 The established officiating fees are listed below.
- 1221.4 In the case of a "no show" official, member schools shall pay the official who works his/her regular game fee only.
- 1221.5 When two officials are requested and only one is assigned, member schools shall pay the one official fee for the contest.
- 1221.6 Payment to assignors for changes, after schedules have been submitted by athletic director:
- * \$5.00 for each change of contest, date, time or location.
 - * Schools will have the option of reassigning their own games with certified officials. If schools handle their own reassignment, there will be no fee paid to the assignor (the officials originally assigned to the contest have the first option for reassignment)
 - * Schools will not be charged a reassignment fee if the changes are due to weather, act of God, or natural disaster.

QUESTION: Who may participate in high school summer athletic programs approved by the principal?

ANSWER: Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

- 1405.2 High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.
- * High school students and individuals from the general community can attend.
 - * The high school name, nickname and identifying marks can be used in the title and/or promotion of the camp.
 - * The principal of the high school must give permission for the camp to take place; non-school sponsored camps must secure a facility permit for use of any facilities and equipment.
 - * The camp must comply with all CIF rules, including those pertaining to undue influence and dead period.
 - * Non-school sponsored camps should provide required liability insurance for the use of any school facilities.
- 1405.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

During the dead period, weight lifting ONLY would be permitted. No running or other type of conditioning would be allowed.

Special nationally recognized programs in various sports that require a national or regional championship format, such as Bobby Sox Softball, American Legion or Mickey Mantle Baseball, etc., would be allowed to continue, until completion, during the dead period.

1409. SCHOOL ATTENDANCE

Standards for school attendance are determined by local school governing boards.

1410. SUNDAY RESTRICTION

QUESTION: May a team be assembled on Sunday for a "skill session" or review a game film?

ANSWER: Neither of these activities would be permitted.

QUESTION: Does a meeting on Sunday of a single student with a coach constitute a violation of Bylaw 1410?

ANSWER: Yes, the intent of Bylaw 1410 is to allow no contact with student athletes on Sundays.

QUESTION: What constitutes a scrimmage or practice on Sunday?

ANSWER: Any preparation of an upcoming badminton match in which a player or players meet with the coach(es) on a Sunday is prohibited.

<>1411. PLAYER CONDUCT

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSS Home misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION:	What must be submitted to the Section office before a student can be cleared to rejoin his/her team?
ANSWER:	The Section office will provide a form on their website that must be uploaded to CIFSS Home or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.
QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for the students who commit such offenses.
QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remain in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?
ANSWER:	The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.
QUESTION:	What if a senior (12 th grader) student receives a red card, misconduct of any kind or an ejection during the last game of the season?
ANSWER:	If a senior (12 th grade) student receives a red card or misconduct during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

1412. COACH EJECTION

Upon ejection, the head or assistant coach shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. The next contest may not be a forfeited, postponed or canceled game. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A coach who was ejected from the previous contest who, knowingly or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?
ANSWER:	A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. (i.e.: An ejected JV coach who is also a varsity assistant may NOT be in attendance at any contest until his/her mandatory JV suspension has been completed.)

1413. NOISEMAKERS PROHIBITED

No noisemakers (horns, bells, victory bells, sirens, chimes, musical instruments other than those in the band, etc.) will be permitted inside the gymnasium, stadium or playing fields at any CIF Southern Section contest (non-league, league, tournament or playoff). Cheering devices such as wooden blocks, or other similar objects, are prohibited. Megaphones shall be used only by uniformed cheerleaders for the purpose of directing and controlling rooting sections. The improper use of any of the above listed devices by supporters of a team would subject that team to possible forfeiture of the contest.

1414. PLAYOFFS

Refer to Article 33 (Playoffs) for information regarding playoff information.

1500. PITCHING LIMITATION RULE

CIF Sections shall adopt the following baseball pitching limitation rule:

Thirty outs and/or three (3) appearances in a calendar week through the season.

- A. The calendar week begins on Monday.**
- B. Innings pitched in a no game; i.e., rain out, power failure, etc., shall count towards the total.**
- C. If the 30th out involves a double or triple play, the team will not be penalized.**
- D. An appearance is defined as a pitcher pitching at least one pitch. If a pitcher is removed from the mound to another position or to the dugout and later returns to pitch in the same game, the pitcher will be charged with a second appearance.**
- E. Any violation constitutes a forfeit of the contest.**

<>1501. PITCHING LIMITATION RULE – PITCH COUNT

In addition to 1500 above the CIF Sections shall adopt the following baseball pitching limitation rule with respect to pitch count and required days of rest:

Pitch count limits and required rest:

Level	Maximum Contest Pitch Limit	0 Days Rest Required	1 Day Rest Required	2 Days Rest Required	3 Days Rest Required
Varsity	110 Pitches	1-30 Pitches	31-50 Pitches	51-75 Pitches	76+ Pitches
Freshman; F/S; JV	90 Pitches	1-30 Pitches	31-50 Pitches	51-75 Pitches	76+ Pitches

- A. A pitcher may finish the current batter if the Maximum Contest Pitch Limit is reached during that at-bat.**
- B. Pitches thrown and appearances made in a no game (i.e., rainout, power failure, etc.) shall count toward the totals.**
- C. At the end of each half inning, the head coaches will confirm and both team score books will record the pitch count for all pitchers who threw a pitch in that half inning. In the case of a discrepancy, the home score book is considered the official score book.**
- D. Each school must keep a record of all pitches thrown by each of their players in each game and make this available to their respective Section Office upon request.**
- E. Any violation constitutes a forfeit of the contest.**

Questions & Answers

Q: If a pitch count mechanism is used that is visible to both teams, do the coaches still need to confirm the pitch count every half inning?

A: No. If the mechanism (i.e. scoreboard add-on, flip chart behind home plate, etc.) can be seen by both teams, the coaches may use that as verification of the pitch count.

Q: How is a day of rest defined?

A: A day of rest is defined as a calendar day. For example, if a pitcher throws 76 or more pitches in a Monday game thus requiring three-days rest before being allowed to pitch again, those days of rest would be Tuesday, Wednesday and Thursday allowing that pitcher to pitch again on Friday.

Q: If a pitcher exceeds the maximum number of allowable pitches with respect to the required days of rest while finishing a batter, how are the required number of rest days calculated?

A: The required days of rest is determined by the actual number of pitches thrown. For example, if a pitcher starts a batter with 48 pitches, finishes the batter with 53 pitches and is then removed from the game, that pitcher would be required to rest for two days before making another appearance.

Q: What, if any role, do the umpires play in the confirmation and recording of the pitch count after each half inning?

A: The umpires are asked to ensure that the teams are exchanging the required information but the actual recording of the pitch count is up to the head coach from each school.

Q: If an intentional walk is issued to the batter and no pitches are delivered to home plate, are those pitches counted towards the pitcher's total number?

A: No. Those pitches would not count towards the pitcher's total number

Q: In the case of balk, when does a pitch count towards the pitcher's total number?

A: A pitch would only count if the ball is delivered to the batter.

Q: If a batter is awarded timeout by the umpire but the pitcher still delivers the ball to the batter, does that pitch count towards the pitcher's total number?

A: No. That pitch would not count towards the pitcher's total number.

Q: Does the Pitch Count reset each Monday like the 30 Out Rule?

A: No. While the 30 Out Rule will reset each Monday, the Pitch Count Rule will not. For example, if a pitcher throws 76+ pitches in a game on Saturday, they would have to rest on Sunday, Monday and Tuesday before being eligible to pitch again on Wednesday.

Q: May the same pitcher appear in two different games on the same day?

A: Yes. However, they may only do so if they threw 30 pitches or less in the first game and are not required to rest. Also, they may not throw more than 110 pitches total for the day.

ANSWER: If a school chooses to split a single team into two teams in the same tournament at the same level they will be charged one allotted tournament for each team entered. If a school enters a varsity "A" and a varsity "B" team, they will be charged for two (2) of the allowable three (3) tournaments for the season.

#1505.2 All tournaments, regardless of the number of teams participating, are allowed a maximum of 5 games while still counting as 2 of your allowable contests.

#1510. SUMMERTIME RULES/SUMMER DEAD PERIOD/SPORTS CAMPS

QUESTION: Who may participate in high school summer athletic programs approved by the principal?

ANSWER: Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

#1510.2 High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.

- * High school students and individuals from the general community can attend.
- * The high school name, nickname and identifying marks can be used in the title and/or promotion of the camp.
- * The principal of the high school must give permission for the camp to take place; non-school sponsored camps must secure a facility permit for use of any facilities and equipment.
- * The camp must comply with all CIF rules, including those pertaining to undue influence and dead period.

* Non-school sponsored camps should provide required liability insurance for the use of any school facilities.

#1510.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

During the dead period, weight lifting ONLY would be permitted. No running or other type of conditioning would be allowed.

#1520. SUNDAY RESTRICTION

A school may not play a baseball game nor conduct a scrimmage or baseball practice of any type on Sunday during the season of sport.

<>1521. PLAYER CONDUCT

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSSHome misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION:	What must be submitted to the Section office before a student can be cleared to rejoin his/her team?
ANSWER:	The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.
QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for the students who commit such offenses.

QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remains in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?
ANSWER:	The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.
QUESTION:	What if a senior (12 th grader) student receives a red card or misconduct during the last game of the season?
ANSWER:	If a senior (12 th grade) student receives a red card, misconduct or any kind, or ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

A coach who was ejected from the previous contest who, knowingly or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served

QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?
ANSWER:	A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. No noisemakers (horns, bells, victory bells, sirens, chimes, musical instruments other than those in the band, etc.) will be permitted inside the gymnasium, stadium or playing fields at any CIF Southern Section contest (non-league, league, tournament or playoff). Cheering devices such as wooden blocks, or other similar objects, are prohibited. QUESTION:	What constitutes a practice on Sunday?
ANSWER:	Any preparation of an upcoming competitive cheer competition in which a player or players meet with the coach(es) on a Sunday is prohibited.

<>1711. PLAYER CONDUCT

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two-contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSSHome misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION:	What must be submitted to the Section office before a student can be cleared to rejoin his/her team?
ANSWER:	The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.
QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for students who commit such offenses.
QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remain in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?
ANSWER:	The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.

QUESTION: What if a senior (12th grader) student receives a red card, misconduct of any kind, or ejection during the last game of the season?

ANSWER: If a senior (12th grade) student receives a red card, misconduct or ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

<>1712. COACH EJECTION

Upon ejection, the head or assistant coach shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. The next contest may not be a forfeited, postponed or canceled game. A coach who was ejected from the previous contest who, knowingly or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served

QUESTION: What is meant by attendance at a contest?

The intent of this rule is that the ejected person is not present at the location/ site of the next contest.

QUESTION: How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?

ANSWER: A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. (i.e.: An ejected JV coach who is also a varsity assistant may NOT be in attendance at any contest until his/her mandatory JV suspension has been completed.)

<>1713. NOISEMAKERS PROHIBITED

No noisemakers (horns, bells, victory bells, sirens, chimes, musical instruments other than those in the band, etc.) will be permitted inside the gymnasium, stadium or playing fields at any CIF Southern Section contest (non-league, league, tournament or playoff). Cheering devices such as wooden blocks, or other similar objects, are prohibited. Megaphones shall be used only by uniformed cheerleaders for the purpose of directing and controlling rooting sections. The improper use of any of the above listed devices by supporters of a team would subject that team to possible forfeiture of the contest.

#1909. LEVEL OF COMPETITION

No student shall participate in more than one level of competition in the same sport on the same day.

#1910. MAXIMUM ATHLETIC CONTESTS IN ONE DAY

All interscholastic contests are to be arranged in such a way that no student shall take part in more than two athletic contests in any one day. In field hockey, a player may participate in two games in one day when the halves in both games are not more than 20 minutes in length.

#1911. SCHOOL ATTENDANCE

Standards for school attendance are determined by local school governing boards.

#1912. CHINGFORD COMPOSITION BALL

The Chingford composition ball may be used for CIF Southern Section contests.

#1913. COLOR OF UNIFORM TOPS

In all field hockey games played between member schools of the CIF Southern Section, the host team shall wear solid white tops, and the visiting team shall wear solid black or dark colored tops. If a team has only one set of uniforms, it will be its responsibility to notify the opponent in sufficient time in advance of any scheduled contest, so that proper arrangements can be made to make certain both teams have contrasting colored uniform tops.

#1914. SUNDAY RESTRICTION

A school may not play a field hockey game nor conduct a scrimmage or field hockey practice of any type on Sunday during the season of sport.

QUESTION: May a team be assembled on Sunday for a "skill session" or review a game film?

ANSWER: Neither of these activities would be permitted.

QUESTION: Does a meeting on Sunday of a single student with a coach constitute a violation of Bylaw 1914?

ANSWER: Yes, the intent of Bylaw 1914 is to allow no contact with student athletes on Sundays.

QUESTION: What constitutes a scrimmage or practice on Sunday?

ANSWER: Any preparation of an upcoming field hockey game in which a player or players meet with the coach(es) on a Sunday is prohibited.

#1915. PLAYER CONDUCT

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two-contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSSHome misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION: What must be submitted to the Section office before a student can be cleared to rejoin his/her team?

ANSWER: The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

QUESTION: What is meant by attendance at a contest?

ANSWER: Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.

QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for students who commit such offenses.
QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remains in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?
ANSWER:	The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.
QUESTION:	What if a senior (12th grader) student receives a red card, misconduct of any kind, or ejection during the last game of the season?
ANSWER:	If a senior (12th grade) student receives a red card, misconduct or ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

#1916. COACH EJECTION

Upon ejection, the head or assistant coach shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. The next contest may not be a forfeited, postponed or canceled game. A second ejection will constitute a two-contest suspension and a third ejection will cause suspension for the remainder of the season. A coach who was ejected from the previous contest who, knowingly or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?
ANSWER:	A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. (i.e.: An ejected JV coach who is also a varsity assistant may NOT be in attendance at any contest until his/her mandatory JV suspension has been completed.)

#1917. NOISEMAKERS PROHIBITED

No noisemakers (horns, bells, victory bells, sirens, chimes, musical instruments other than those in the band, etc.) will be permitted inside the gymnasium, stadium or playing fields at any CIF Southern Section contest (non-league, league, tournament or playoff). Cheering devices such as wooden blocks, or other similar objects, are prohibited. Megaphones shall be used only by uninformed cheerleaders for the purpose of directing and controlling rooting sections. The improper use of any of the above listed devices by supporters of a team would subject that team to possible forfeiture of the contest.

#2001. NUMBER OF FOOTBALL PRACTICE DAYS; NO SUNDAY PRACTICE; TEAM CAMPS/OTHER OFF-SEASON ACTIVITIES

- A. There shall be no football games until the squad has had 14 days of practice before the first game. Each individual student on the team must have had at least 10 days of practice before being allowed to compete in a game. (The opening date of football practice may be determined by each Section.) No Sunday practice is permitted. (See Bylaw 504.M for exception.)
- B. Football teams are limited to two days per week of full contact practice, with no more than 90 minutes of full contact on each of those days during the season of sport. For purposes of this Bylaw, each team's season of sport is defined as the first day of practice, as allowed by the Section, until the final contest for the team. All full contact practices are prohibited in the off-season which includes team camps. Full contact practice is defined by state statute as a practice where drills or live action is conducted that involves collisions at game speed where players execute tackles and other activity that is typical of an actual tackle football game. For the purposes of this Bylaw, refer to the definition of "Live Action" as defined by USA Football.
- C. Team camps and other off-season activities are allowable with the following equipment only: footballs, bags, blocking sleds and football shoes.
(Approved April 2015 Federated Council)

NOTE: For policies related to definition of full-contact and allowable in-season, off-season and team camp activities please consult the football section in the blue pages and local Section Bylaws.

The CIF has developed the following regarding full contact football practices:

Allowable Activities During the Season of Sport:

- A team is allowed two days per week of full contact practice, with no more than 90 minutes of full contact on each of those days. This includes live action and thud.
- A team may participate in air, bags/ blocking sleds and control drills at any time unless the Section has implemented more restrictive rules. A team may continue to dress in full pads for practice when conducting any of these drills defined below:
 - Air – Players run unopposed without bags or any opposition
 - Bags/Blocking Sleds – Activity is executed against a bag/blocking sleds, shield or pad to allow for a soft-contact surface, with or without the resistance of a teammate or coach standing behind the bag.
 - Control – Drill is run at assigned speed until the moment of contact with a pre-determined winner. Contact remains above the waist and players stay on their feet allowing an exit for the ball carrier when one is involved in the drill.

Allowable Activities During the Off-Season:

- No full contact practice is allowed during the off-season. Please consult Section Bylaws for allowable off-season activities.
- For purposes of this Bylaw, the off-season is defined as the team's last football contest of the season until the first day of practice the following school year as set by the Section.

Allowable Activities for Team Camps:

- No full contact practice is allowed during the off-season.
- Team camps are considered practice
- If allowed by the Section, a team may participate in air, bags/blocking sleds and control drills (see above definitions for these activities) while attending a team camp. A team may continue to dress in full pads for practice when conducting any of these drills at a team camp. Please consult Section and School District rules regarding the use of school equipment in the off-season
- For purposes of this Bylaw, the off-season is defined as the team's last football contest of the season until the first day of practice the following school year as set by the Section.

Question: What is the implementation date for this bylaw?

Answer: In order to comply with AB 2127, this bylaw will be implemented immediately.

Question: May teams continue to use Thud as a training drill?

Answer: Yes, However, the time spent in Thud rills is considered full-contact and would count against the team's allotment in both for both days and minutes.

Question: Does unused time carry over to the 2nd day of allowable full-contact?

Answer: No. Teams are allowed 2 days per week of full-contact with no more than 90 minutes on each of those days. If a team does not use the entire 90 minutes of full-contact on one day, it may not carry over those unused minutes to the next day.

Question: Is a team allowed any type of contact outside of the two days per week with no more than 90 minutes on each of those days?

Answer: Yes. A team may still engage in Control drills. See the Policy Page for Bylaw 2001 for the definition of control.

Question: If allowed by the Section, may a team, in the off-season, engage in drills that are not considered full-contact?

Answer: Yes. However, no full-contact practice is allowed during the off-season at any time.

Question: Is full-contact allowed at team camps?

Answer: No. According to AB 2127, team camps are considered practice so full-contact would be prohibited.

Question: May teams attend a full-contact team camp outside of California?

Answer: No. AB 2127 and CIF Bylaw 2001 apply no matter where the team camp is conducted.

Question: May teams attend a team camp that only utilizes activities that are not considered full-contact?

Answer: Yes. Teams may attend a team camp and participate in drills that are not considered full-contact such as Air, Bags/Blocking Sleds and Control.

Question: Are players allowed to attend individual camps and participate in full-contact drills?

Answer: Yes. However, schools should consult their Section and School District (or school) policies regarding the use of school equipment by individuals. Also, schools may not use individual camps to circumvent AB 2127 and Byaw 2001 regarding team camps.

#2002. SCRIMMAGE LIMITATIONS

<>2027. PLAYER CONDUCT

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSSHome misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION:	What must be submitted to the Section office before a student can be cleared to rejoin his/her team?
ANSWER:	The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.
QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for the students who commit such offenses.
QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remains in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?
ANSWER:	The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.
QUESTION:	What if a senior (12 th grader) student receives a red card or misconduct during the last game of the season?
ANSWER:	If a senior (12 th grade) student receives a red card, misconduct or any kind, or ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

#2028. COACH EJECTION

Upon ejection, the head or assistant coach shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. The next contest may not be a forfeited, postponed or canceled game. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A coach who was ejected from the previous contest who, knowingly or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?

ANSWER: A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. (i.e.: An ejected JV coach who is also a varsity assistant may NOT be in attendance at any contest until his/her mandatory JV suspension has been completed.)

#2029. PLAYOFFS

Refer to Article 32 (Playoffs) for details regarding playoff information. (Specific information will be contained in sport preview booklet and playoff information bulletins.)

- #2029.1 The holding of night rallies or bonfires in connection with CIF Southern Section football games is prohibited. It is recommended that they not be permitted in connection with league or practice contests.
- #2029.2 A licensed medical doctor or the primary health provider designated by the home team as team physician or team doctor shall be in attendance at all playoff games. The fee shall be paid from the gross game receipts.
- #2029.3 Prior to each CIF Southern Section football playoff game there shall be a mandatory exchange of four game films/tapes between the competing schools. If a school entering the playoffs has not filmed/taped any of its games, it should communicate that fact to the Commissioner prior to the beginning of the playoffs. Each coach will have his choice of any four of his opponent's game films/tapes. These film/tapes will be unedited and shall include all plays as originally filmed/taped. In addition to the mandatory exchange, it shall be permissible for either coach to secure from other sources any game film/tape of his opponent that he may desire to view for the purpose of preparing for his next playoff game.
- #2029.4 The initial mandatory film exchange will take place immediately after pairings are released. Subsequent film exchanges will be made by 12:00 noon the day after each playoff game. The coaches shall make the return exchange of film/tapes the night of their playoff game.
- #2029.5 Any violation of the mandatory film/tape exchange rule (refusal to cooperate) should be reported at once to the CIF Southern Section Office. Such violation may subject a team to disqualification from the playoffs.
- #2029.6 The 25-yard tie breaker system may be used by leagues in order to determine entry, not priority, of their schools for playoffs so long as it is provided for in the league constitution and the competition is held no later than the last allowable regular playing date.
- #2029.7 The persons assigned to the "chain crew" responsible for marking down and distance on the field, shall be responsible adults.

#2101. STATE CHAMPIONSHIP ADOPTED

State golf championships for girls will be conducted in the Fall, state golf championships for boys will be conducted in the Spring.
(Approved May 2003 Federated Council.)

#2102. RULES

All golf competition in the CIF Southern Section will be played under USGA rules unless otherwise provided herein.

<>2103. STARTING DATES FOR INTERSCHOLASTIC CONTESTS

<>Girls Teams - No interscholastic matches (non-league, tournament, or league) may be scheduled prior to August 21.

<>Boys Teams - No interscholastic matches (non-league, tournament, or league) may be scheduled prior to February 24.

#2104. MAXIMUM TEAM CONTESTS

Definition of a Match - Every contest in which two or more teams or individuals from teams meet for the purpose of competition or playoff entry constitutes a match. Matches must be completed on the same day as the scheduled competition (i.e. a school that plays nine holes against an opponent on one day, shall count that as a match, they may not play nine holes against that same opponent on another date and then count the 18-hole total as one match). The maximum number of allowable matches is 24. All teams in a league may meet for the purpose of competition if points are accumulated for the purpose of playoff entries. *Individual golfers may not participate in more than 24 matches, regardless of the level played.* **

**Exception: Any student engaged in a multi-round elimination tournament for the purpose of determining league individual entries may complete that tournament even if he/she would exceed the maximum number of matches.

Tournaments - Schools may compete in four tournaments during the season, regardless of the number of entries that score toward team finish.

For purposes of this rule, a tournament is defined as follows:

- * Sanctioned by the Section
- * Attended by invitation from the host school and cannot be limited to only league schools.
- * Order of finish must include at least the first, second and third place finishers.
- * Finishes by participants cannot be used for league entries into playoffs.

Teams entering tournaments may not be "split" in order to participate at multiple sites. Each school team is limited to four tournaments total. Teams are defined as: Varsity, Junior Varsity, and Frosh/Soph.

Individual golfers may not participate in more than four tournaments regardless of level of competition.

<>2105. END OF COMPETITION

All league competition for entries must end on or before the Friday prior to the first playoff date. For girls, October 20 and for boys May 4. Schools may compete until October 21 for girls and May 5 for boys.

For the purpose of entry into Section Divisionals, leagues are to develop procedures for determining entrants. In the event of a tie for the last entrant, leagues should refer to their own Bylaws for determining entry.

#2106. SUMMERTIME RULES/SUMMER DEAD PERIOD/SPORTS CAMPS

#2106.1 With the exception of the summer dead period, until the beginning of the first official starting date for fall sports, there shall be no restriction on high school coaches working with high school students registered and/or attending their respective high school or entering them in summer competition, provided approval is received from the school principal.

QUESTION: Who may participate in high school summer athletic programs approved by the principal?

ANSWER: Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

#2106.2 High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.

- * High school students and individuals from the general community can attend.
- * The high school name, nickname and identifying marks can be used in the title and/or promotion of the camp.
- * The principal of the high school must give permission for the camp to take place; non-school sponsored camps must secure a facility permit for use of any facilities and equipment.
- * The camp must comply with all CIF rules, including those pertaining to undue influence and dead period.
- * Non-school sponsored camps should provide required liability insurance for the use of any school facilities.

#2106.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

During the dead period, weight lifting ONLY would be permitted. No running or other type of conditioning would be allowed.

Special nationally recognized programs in various sports that require a national or regional championship format, such as Bobby Sox Softball, American Legion or Mickey Mantle Baseball, etc., would be allowed to continue, until completion, during the dead period.

QUESTION: Who may participate in high school summer athletic programs approved by the principal?

ANSWER: Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

#2308.2 High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.

- * High school students and individuals from the general community can attend.
- * The high school name, nickname and identifying marks can be used in the title and/or promotion of the camp.
- * The principal of the high school must give permission for the camp to take place; non-school sponsored camps must secure a facility permit for use of any facilities and equipment.
- * The camp must comply with all CIF rules, including those pertaining to undue influence and dead period.
- * Non-school sponsored camps should provide required liability insurance for the use of any school facilities.

#2308.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

During the dead period, weight lifting ONLY would be permitted. No running or other type of conditioning would be allowed.

Special nationally recognized programs in various sports that require a national or regional championship format, such as Bobby Sox Softball, American Legion or Mickey Mantle Baseball, etc., would be allowed to continue, until completion, during the dead period.

#2309. OUTSIDE COMPETITION BY AN INDIVIDUAL

During Individual's Season of Sport - A member of a high school lacrosse team may *not*, during his or her season of sport, *compete* for an outside team in the sport of lacrosse. Contrary to certain aspects of professional lacrosse, the players and coaches on CIF Southern Section lacrosse teams are expected to accept the officials' decisions and to refrain from unsportsmanlike gestures and remarks to opposing players and officials. It is the direct responsibility of the coach to control such unsportsmanlike actions and remarks on the part of his players or bench. In the event the coach does not accept this responsibility, the official shall have the right to remove the offender from the scene of the contest.

ANSWER: Yes, the intent of Bylaw 2314 is to allow no contact with student athletes on Sundays.

QUESTION: What constitutes a scrimmage or practice on Sunday?

ANSWER: Any preparation of an upcoming lacrosse game in which a player or players meet with the coach(es) on a Sunday is prohibited.

#2315. PLAYER CONDUCT

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two-contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSSHome misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION: What must be submitted to the Section office before a student can be cleared to rejoin his/her team?

ANSWER: The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for students who commit such offenses.

ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remains in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?
ANSWER:	The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.
QUESTION:	What if a senior (12 th grader) student receives a red card or misconduct during the last game of the season?
ANSWER:	If a senior (12 th grade) student receives a red card, misconduct of any kind, or an ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?
ANSWER:	A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. OPTION II - "JUNIOR VARSITY games are limited to seven innings or a maximum of two hours. No new inning shall begin after two hours have expired from the start of the game."

NOTE: League approval is mandatory before either of the options can be used in league contests. For non-league games adoption of these rule modifications would be by prior mutual consent of the competing schools.

#2601. OFFICIAL NATIONAL FEDERATION AUTHENTICATION MARK

Only balls with the National Federation authentication mark shall be used in the sports of baseball, basketball, field hockey, football, lacrosse, soccer, softball, volleyball and water polo (Revised to include lacrosse November 2000 Federated Council.)

NOTE: All softball bats must meet the Amateur Softball Association (ASA) bat performance standard (NFHS Softball Rule 1-5-1d). Please see the National Federation Rulebook for further clarification on this rule.

#2602. PROTECTIVE EQUIPMENT

It is required that adult base coaches wear a protective helmet. Play will not continue until compliance with this rule is met. It is recommended that the helmet meet NOCSAE standards.

NOTE: NFHS rules govern use of protective equipment by a player/student. (Approved January 2015 Federated Council)

#2603. RULES

All softball games in the CIF Southern Section will be played under National Federation rules unless otherwise provided herein.

#2604. SCRIMMAGES

An interscholastic scrimmage is a training session between a minimum of two and a maximum of three schools where no score is kept, free substitution and time outs are permitted, spectators are not urged to attend, and officials are not paid. (See Q & A following Bylaw 220.8 for definition.)

#2604.1 Schools are permitted one interscholastic scrimmage which may not be held prior to February 24 and must be held prior to team's first interscholastic contest (non-league, tournament, or league).

#2605. TOURNAMENTS

A team may not be entered in more than three tournaments.

#2605.1 For each tournament, a team will be charged two games toward the allowable maximum number of contests.

QUESTION: Can a school enter two teams in the same tournament at the same level (i.e. varsity "A" and varsity "B")?

ANSWER: If a school chooses to split a single team into two teams in the same tournament at the same level they will be charged one allotted tournament for each team entered. If a school enters a varsity "A" and a varsity "B" team, they will be charged for two (2) of the allowable three (3) tournaments for the season.

#2605.2 All tournaments, regardless of the number of teams participating, are allowed a maximum of 5 games while still counting as 2 of your allowable contests. (See Bylaw #2613 for number of contests allowed per day)

#2605.3 Tournament managers are responsible for notifying participating schools of the number of games and/or teams participating in the tournament.

NOTE: Two contests could be played in the SAME TOURNAMENT only, but not two games in two different tournaments (See Bylaw #2612).

#2606. STARTING DATES FOR INTERSCHOLASTIC CONTESTS

No interscholastic contests (non-league, tournament or league) may be scheduled prior to February 24.

#2607. MAXIMUM TEAM CONTESTS

A softball team will be permitted to play no more than 20 games during the season, including tournaments but excluding CIF Southern Section playoffs.

#2607.1 FACULTY: Each team will be permitted to play one game with the faculty which will not count toward the allowable number of contests.

#2607.2 ALUMNI: Each team will be permitted to play one Alumni contest, which will not count toward the allowable number of contests.

#2608. DOUBLEHEADER CONCEPT

A school may select any two non-league games and play each as a doubleheader. Each of these doubleheaders would count as one of the 20 allowable contests.

#2508.1 Both games of the doubleheader must be between the same two schools.

#2508.2 The maximum amount of time between games shall be no more than 35 minutes.

NOTE: If school plays a league doubleheader contest, it will count as 2 contests.

QUESTION: May a school play more than two doubleheaders during a season?

ANSWER: Yes, with CIF-SS office approval. However, each doubleheader after the allowable two would count as single contests charged against your allowable 20 in a season.

#2609. END OF COMPETITION

All league competition for entries must end on or before Thursday, May 10. Schools may compete until May 12 for non-league contests.

#2610. SUMMERTIME RULES/SUMMER DEAD PERIOD/SPORTS CAMPS

#2610.1 With the exception of the summer dead period, until the beginning of the first official starting date for fall sports, there shall be no restriction on high school coaches working with high school students registered and/or attending their respective high school or entering them in summer competition, provided approval is received from the school principal.

QUESTION: Who may participate in high school summer athletic programs approved by the principal?

ANSWER: Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

#2610.2 High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.

- * High school students and individuals from the general community can attend.
- * The high school name, nickname and identifying marks can be used in the title and/or promotion of the camp.
- * The principal of the high school must give permission for the camp to take place; non-school sponsored camps must secure a facility permit for use of any facilities and equipment.
- * The camp must comply with all CIF rules, including those pertaining to undue influence and dead period.
- * Non-school sponsored camps should provide required liability insurance for the use of any school facilities.

#2610.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

During the dead period, weight lifting ONLY would be permitted. No running or other type of conditioning would be allowed.

Special nationally recognized programs in various sports that require a national or regional championship format, such as Bobby Sox Softball, American Legion or Mickey Mantle Baseball, etc., would be allowed to continue, until completion, during the dead period.

#2611. OUTSIDE COMPETITION BY AN INDIVIDUAL

During Individual's Season of Sport - A member of a high school softball team may not, during his or her season of sport, compete for an outside team in the sport of softball. A season of sport (See Bylaw 504) is defined as that period which begins with a student's first interscholastic competition (non-league, tournament or league game) and ends with that student's last interscholastic contest (non-league, tournament, league or CIF Southern Section playoff).

#2612. LEVEL OF COMPETITION

No student shall participate in more than one level of competition in the same sport on the same day.

#2613. MAXIMUM ATHLETIC CONTESTS IN ONE DAY

All interscholastic contests are to be arranged in such a way that no student shall take part in more than two athletic contests in any one day.

#2614. SCHOOL ATTENDANCE

Standards for school attendance are determined by local school governing boards.

#2615. SOFTBALL-BASEBALL SLOW-PITCH DISTINCTIONS

The sport of softball is considered separate and distinct from the sport of baseball and competition by a school softball player on an outside baseball team during that individuals' softball season is permissible. Slow-pitch, however, is considered to be softball.

#2616. NIGHT SOFTBALL GAME TIME LIMIT

In any night softball game, no inning will be permitted to start after 11:30 p.m., except for the championship finals.

#2617. COUNTING A TIE GAME

A regulation *called* game with a tie score shall be counted as ½ game won and ½ game lost for each team. This rule will apply to all contests and leagues may not waive this rule.

#2618. SUNDAY RESTRICTION

A school may not play a softball game nor conduct a scrimmage or softball practice of any type on Sunday during the season of sport.

QUESTION: May a team be assembled on Sunday for a "skill session" or review a game film?

ANSWER: Neither of these activities would be permitted.

QUESTION: Does a meeting on Sunday of a single student with a coach constitute a violation of Bylaw #2618?

ANSWER: Yes, the intent of Bylaw #2618 is to allow no contact with student athletes on Sundays.

QUESTION: What constitutes a scrimmage or practice on Sunday?

ANSWER: Any preparation of an upcoming softball game in which a player or players meet with the coach(s) on a Sunday is prohibited.

#2619. PLAYER CONDUCT

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two-contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSSHome misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION:	What must be submitted to the Section office before a student can be cleared to rejoin his/her team?
ANSWER:	The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.
QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for students who commit such offenses.
QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remains in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?
ANSWER:	The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.
QUESTION:	What if a senior (12th grader) student receives a red card, misconduct of any kind, or ejection during the last game of the season?
ANSWER:	If a senior (12th grade) student receives a red card, misconduct or ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

#2620. COACH EJECTION

Upon ejection, the head or assistant coach shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. The next contest may not be a forfeited, postponed or canceled game. A second ejection will constitute a two-contest suspension and a third ejection will cause suspension for the remainder of the season. A coach who was ejected from the previous contest who, knowingly or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served

QUESTION: What is meant by attendance at a contest?

ANSWER: Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.

QUESTION: How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?

ANSWER: A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. (i.e.: An ejected JV coach who is also a varsity assistant may NOT be in attendance at any contest until his/her mandatory JV suspension has been completed.)

#2621. NOISEMAKERS PROHIBITED

No noisemakers (horns, bells, victory bells, sirens, chimes, musical instruments other than those in the band, etc.) will be permitted inside the gymnasium, stadium or playing fields at any CIF Southern Section contest (non-league, league, tournament or playoff). Cheering devices such as wooden blocks, or other similar objects, are prohibited. Megaphones shall be used only by uniformed cheerleaders for the purpose of directing and controlling rooting sections. The improper use of any of the above listed devices by supporters of a team would subject that team to possible forfeiture of the contest.

#2622. PLAYOFFS

Refer to Article #330 (Playoffs) for details regarding playoff information. (Specific information will be contained in playoff information bulletins.)

#2622.1 The Commissioner has the authority to determine the sites of all softball playoff contests. For any playoff contest, the Commissioner may direct that such a contest be played on an alternate field if the home field does not meet CIF Southern Section standards.

#2622.2 Teams entered in the softball playoffs will NOT be permitted to take batting practice on the day of a playoff game prior to the commencement of the contest or during the contest. (See playoff bulletin for definition of batting practice.)

#2806.1 With the exception of the summer dead period, until the beginning of the first official starting date for fall sports, there shall be no restriction on high school coaches working with high school students registered and/or attending their respective high school or entering them in summer competition, provided approval is received from the school principal.

QUESTION: Who may participate in high school summer athletic programs approved by the principal?

ANSWER: Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

#2806.2 High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.

- * High school students and individuals from the general community can attend.
- * The high school name, nickname and identifying marks can be used in the title and/or promotion of the camp.
- * The principal of the high school must give permission for the camp to take place; non-school sponsored camps must secure a facility permit for use of any facilities and equipment.
- * The camp must comply with all CIF rules, including those pertaining to undue influence and dead period.
- * Non-school sponsored camps should provide required liability insurance for the use of any school facilities.

#2806.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

During the dead period, weight lifting ONLY would be permitted. No running or other type of conditioning would be allowed.

Special nationally recognized programs in various sports that require a national or regional championship format, such as Bobby Sox Softball, American Legion or Mickey Mantle Baseball, etc., would be allowed to continue, until completion, during the dead period.

#2811. SUNDAY RESTRICTION

A school may not play a tennis match nor conduct a scrimmage or tennis practice of any type on Sunday during the season of sport.

QUESTION: May a team be assembled on Sunday for a "skill session" or review a game film?

ANSWER: Neither of these activities would be permitted.

QUESTION: Does a meeting on Sunday of a single student with a coach constitute a violation of Bylaw 2811?

ANSWER: Yes, the intent of Bylaw 2811 is to allow no contact with student athletes on Sundays.

QUESTION: What constitutes a scrimmage or practice on Sunday?

ANSWER: Any preparation of an upcoming tennis match in which a player or players meet with the coach(es) on a Sunday is prohibited.

<>2812. PLAYER CONDUCT

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSSHome misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION:	What must be submitted to the Section office before a student can be cleared to rejoin his/her team?
ANSWER:	The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.
QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for students who commit such offenses.
QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remain in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?
ANSWER:	The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.
QUESTION:	What if a senior (12 th grader) student receives a red card, misconduct of any kind, or ejection during the last game of the season?
ANSWER:	If a senior (12 th grade) student receives a red card, misconduct or ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

#2813. COACH EJECTION

Upon ejection, the head or assistant coach shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. The next contest may not be a forfeited, postponed or canceled game. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A coach who was ejected from the previous contest who, knowingly or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served

QUESTION: What is meant by attendance at a contest?

ANSWER: Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.

QUESTION: How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?

ANSWER: A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. (i.e.: An ejected JV coach who is also a varsity assistant may NOT be in attendance at any contest until his/her mandatory JV suspension has been completed.)

#2814. NOISEMAKERS PROHIBITED

No noisemakers (horns, bells, victory bells, sirens, chimes, musical instruments other than those in the band, etc.) will be permitted inside the gymnasium, stadium or playing fields at any CIF Southern Section contest (non-league, league, tournament or playoff). Cheering devices such as wooden blocks, or other similar objects, are prohibited. Megaphones shall be used only by uniformed cheerleaders for the purpose of directing and controlling rooting sections. The improper use of any of the above listed devices by supporters of a team would subject that team to possible forfeiture of the contest.

QUESTION: Who may participate in high school summer athletic programs approved by the principal?

ANSWER: Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

#3009.2 High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.

* High school students and individuals from the general community can attend.

- * The high school name, nickname and identifying marks can be used in the title and/or promotion of the camp.
- * The principal of the high school must give permission for the camp to take place; non-school sponsored camps must secure a facility permit for use of any facilities and equipment.
- * The camp must comply with all CIF rules, including those pertaining to undue influence and dead period.
- * Non-school sponsored camps should provide required liability insurance for the use of any school facilities.

#3009.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

During the dead period, weight lifting ONLY would be permitted. No running or other type of conditioning would be allowed.

#3010. OUTSIDE COMPETITION BY AN INDIVIDUAL

During Individual's Season of Sport - A member of a high school volleyball team may not, during his or her season of sport, *compete* for an outside team in the sport of volleyball. This shall include any form of tryouts or player evaluations, occurring during the high school season of sport with a team, program, club, or any other outside organization other than the student-athlete's high school team. Any such event is considered a violation of this Bylaw. A student shall become ineligible for CIF competition *in the sport of volleyball* if he/she participates in any tryout or *player evaluation* for a team, program, club, or any other outside organization. A season of sport (See Bylaw 504) is defined as that period which begins with a student's first interscholastic competition (non-league, tournament or league game) and ends with that student's last interscholastic contest (non-league, tournament, league or CIF Southern Section playoff).

QUESTION: Can a member of a volleyball team participate in organized "two player" or "three player" volleyball competition during his or her high school season of sport?

ANSWER: Yes - Any volleyball player who participates in organized "two player" or "three player" volleyball competition during his or her high school season of sport would not be in violation of the "outside competition" Bylaw 600. Regardless of the surface (sand, grass, outdoor) "two player" or "three player" competition would not violate Bylaw 600.

#3011. LEVEL OF COMPETITION

No student shall participate in more than one level of competition in the same sport in the same day.

#3012. MAXIMUM ATHLETIC CONTESTS IN ONE DAY

All interscholastic matches are to be arranged in such a way that no student shall take part in more than two athletic matches in any one day.

QUESTION: Does a meeting on Sunday of a single student with a coach constitute a violation of Bylaw #3017?

ANSWER: Yes, the intent of Bylaw #3017 is to allow no contact with student athletes on Sundays.

QUESTION: What constitutes a scrimmage or practice on Sunday?

ANSWER: Any preparation of an upcoming volleyball match in which a player or players meet with the coach(es) on a Sunday is prohibited.

#3018. PLAYER CONDUCT

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSSHome misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION: What must be submitted to the Section office before a student can be cleared to rejoin his/her team?

ANSWER: The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

QUESTION: What is meant by attendance at a contest?

ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for students who commit such offenses.
QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remains in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?
ANSWER:	The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.
QUESTION:	What if a senior (12th grader) student receives a red card, misconduct of any kind, or ejection during the last game of the season?
ANSWER:	If a senior (12th grade) student receives a red card, misconduct or ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

#3019. COACH EJECTION

Upon ejection, the head or assistant coach shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. The next contest may not be a forfeited, postponed or canceled game. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A coach who was ejected from the previous contest who, knowingly or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

QUESTION:	What is meant by attendance at a match?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?
ANSWER:	A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. (i.e.: An ejected JV coach who is also a varsity assistant may NOT be in attendance at any contest until his/her mandatory JV suspension has been completed.)

No noisemakers (horns, bells, victory bells, sirens, chimes, musical instruments other than those in the band, etc.) will be permitted inside the gymnasium, stadium or playing fields at any CIF Southern Section contest (non-league, league, tournament or playoff). Cheering devices such as wooden blocks, or other similar objects, are prohibited. Megaphones shall be used only by uniformed cheerleaders for the purpose of directing and controlling rooting sections. The improper use of any of the above listed devices by supporters of a team would subject that team to possible forfeiture of the contest.

<>3202. WEIGH-INS

- A. All CIF-member schools must follow all National Federation rules and procedures concerning the weighing in of wrestlers.
 - (1) Violation of NFHS rule 4-5-5 will result in the following sanction; the host school will not be allowed to host any tournament for the following year and cannot financially benefit from any other tournament for that year. In addition, the Section may impose the following additional sanctions:
 - a. The hosting school is placed on probation.
 - b. Reduction of maximum number of matches.
(Revised May 2010 Federated Council; see NFHS Wrestling Rules Book 4-5-5)
- B. California provides 14 weight classes per NFHS rules and the two (2)-pound growth allowance to each weight class on January 15.
(Approved February 1997 Federated Council; Also see NFHS Wrestling Rules Book 4-4-4)
- C. Each coach is required to bring his/her team's Pre-Match Weigh-In form to all competitions including the CIF State Wrestling Championships.
PENALTY: Failure to comply will result in the entire team being ineligible to compete and charged with forfeiture.

- D. Each wrestler is required to weigh in with his/her Pre-Match Weigh-In form at all competitions up to and including the competition that begins the CIF State Championship qualifying series.

PENALTY: Failure to comply will result in the wrestler being ineligible for that competition.

(Revised May 2006 Federated Council)

- E. The use of laxatives, emetics, excessive food and liquid restriction, self-induced vomiting, hot rooms, hot boxes, saunas, and steam rooms is prohibited for any purpose. The use of diuretics at any time is prohibited. Regardless of the purpose, the use of vapor-impermeable suits (e.g. rubber or rubberized nylon) or any similar devices used solely for dehydration is prohibited. Artificial means of rehydration (i.e. intravenous hydration) are also prohibited. Violators of these rules shall be suspended for the competition(s) for which the weigh-in is intended. A second violation would result in suspension for the remainder of the season.

Only wrestlers who make weight at their league's qualifying tournament or through the freelance tournament are eligible for CIF-SS Individual Championship competition.

#3203. CIF WRESTLING WEIGHT MANAGEMENT PROGRAM

Bylaw 3203: Wrestling Weight Management has moved to the Blue Pages in the CIF State Constitution and Bylaws.
(Approved April 2016 Federated Council) This information can be found as a "NOTE" at the end of this wrestling section

#3204. RULES

All wrestling competition in the CIF Southern Section will be conducted under National Federation rules unless otherwise provided herein.

<>3205. STARTING DATES FOR INTERSCHOLASTIC CONTESTS

No interscholastic contests (non-league, tournament, or league) may be scheduled prior to November 20.

<>3206. END OF COMPETITION

All league competition for Dual Wrestling entries must end on or before Tuesday, January 30, and for Individual Wrestling on or before Saturday, February 10. Schools may compete until February 3 for non-league dual contests. Dual meet entries will be due in the CIF Southern Section Office on Wednesday, January 31, at 9:00 a.m. Individual meet entries will be due from your league final meet manager on Monday, February 12.

#3207. SUMMERTIME RULES/ SUMMER DEAD PERIOD/SPORTS CAMPS

- #3207.1 With the exception of the summer dead period, until the beginning of the first official starting date for fall sports, there shall be no restriction on high school coaches working with high school students registered and/or attending their respective high school or entering them in summer competition, provided approval is received from the school principal.

QUESTION: Who may participate in high school summer athletic programs approved by the principal?

ANSWER: Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

- #3207.2 High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.

- * High school students and individuals from the general community can attend.
- * The high school name, nickname and identifying marks can be used in the title and/or promotion of the camp.
- * The principal of the high school must give permission for the camp to take place; non-school sponsored camps must secure a facility permit for use of any facilities and equipment.
- * The camp must comply with all CIF rules, including those pertaining to undue influence and dead period.
- * Non-school sponsored camps should provide required liability insurance for the use of any school facilities.

#3207.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

During the dead period, weight lifting ONLY would be permitted. No running or other type of conditioning would be allowed. Special nationally recognized programs in various sports that require a national or regional championship format, such as Bobby Sox Softball, American Legion or Mickey Mantle Baseball, etc., would be allowed to continue, until completion, during the dead period.

#3208. OUTSIDE COMPETITION BY AN INDIVIDUAL

Refer to Article 6 for specific guidelines.

#3209. LEVEL OF COMPETITION

No student shall participate in more than one level of competition in the same sport in the same day.

#3210. MAXIMUM ATHLETIC CONTESTS IN ONE DAY

All interscholastic contest are to be arranged in such a way that no student shall take part in more than two athletic contests in any one day.

#3211. SCHOOL ATTENDANCE

Standards for school attendance are determined by local school governing boards.

#3212. CLASSIFICATION CHANGES

The different wrestling teams at each school (i.e., varsity, JV, frosh-soph or extra teams that may be formed) must retain their team identity with regard to squad roster. When a wrestler moves from one team to the other, it should be by challenge match, and there should be no indiscriminate shuffling of wrestlers from one team to the other by coaches for the purpose of manipulating the makeup of the team in order to meet a certain opponent.

#3213. POST-REGULAR SEASON WORKOUTS

Wrestlers who qualify for CIF post-season championship competition will be permitted to workout following the close of the league season with students from other high schools who have also qualified for this competition.

QUESTION: Would it be permissible for a wrestler who has qualified for the CIF Southern Section post-season individual competition to practice with another wrestler who is a member of the high school team but not qualified for post-season individual competition?

ANSWER: Wrestlers who qualify for post-season individual championship competition will be permitted to workout following the close of the league season with students from other schools who have also qualified for individual championship competition. This rule is not intended to allow teams that qualify for dual meet championships to workout with another team. Those that qualify for the dual meet championships would be allowed to workout their entire varsity team until their elimination from the dual meet championships. They may not workout with another team or individual prior to elimination.

#3214. ONE-PIECE UNIFORM

Southern Section wrestlers have the option of wearing and competing in a properly cut one-piece uniform to be worn without full-length tights. The uniform must meet all requirements listed for the shirt and must have a minimum of a four-inch inseam with close fitting legs.

#3215. SUNDAY RESTRICTION

A school may not participate in a wrestling meet nor conduct a wrestling practice of any type on Sunday during the season of sport.

QUESTION: May a team be assembled on Sunday for a "skill session" or review a game film?

ANSWER: Neither of these activities would be permitted.

QUESTION:	Does a meeting on Sunday of a single student with a coach constitute a violation of Bylaw 3115?
ANSWER:	Yes, the intent of Bylaw 3215 is to allow no contact with student athletes on Sundays.
QUESTION:	What constitutes a scrimmage or practice on Sunday?
ANSWER:	Any preparation of an upcoming wrestling meet in which a player or players meet with the coach(es) on a Sunday is prohibited.

<>3216. PLAYER CONDUCT

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSSHome misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION:	What must be submitted to the Section office before a student can be cleared to rejoin his/her team?
ANSWER:	The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.
QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for the students who commit such offenses.
QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remains in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?

ANSWER: The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.

QUESTION: What if a senior (12th grader) student receives a red card or misconduct during the last game of the season?

ANSWER: If a senior (12th grade) student receives a red card, misconduct or any kind, or ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

#3217. COACH EJECTION

Upon ejection, the head or assistant coach shall be disqualified from participating in the remainder of the match and will be ineligible for the team's next contest. The next contest may not be a forfeited, postponed or canceled match. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A coach who was ejected from the previous contest who, knowingly or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

QUESTION: What is meant by attendance at a contest?

ANSWER: Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.

QUESTION: How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?

ANSWER: A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. (i.e.: An ejected JV coach who is also a varsity assistant may NOT be in attendance at any contest until his/her mandatory JV suspension has been completed.)

#3218. NOISEMAKERS PROHIBITED

No noisemakers (horns, bells, victory bells, sirens, chimes, musical instruments other than those in the band, etc.) will be permitted inside the gymnasium, stadium or playing fields at any CIF Southern Section contest (non-league, league, tournament or playoff). Cheering devices such as wooden blocks, or other similar objects, are prohibited. Megaphones shall be used only by uniformed cheerleaders for the purpose of directing and controlling rooting sections. The improper use of any of the above listed devices by supporters of a team would subject that team to possible forfeiture of the contest.

#3219. PLAYOFFS

Refer to Article 32 (Playoffs) for details regarding playoff information. (Specific information will be contained in playoff information bulletins.)

NOTE: CIF WEIGHT MANAGEMENT PROGRAM

CIF State Boys Weight Classes:

106 Pounds	132 Pounds	160 Pounds	220 Pounds
113 Pounds	138 Pounds	170 Pounds	285 Pounds
120 Pounds	145 Pounds	182 Pounds	
126 Pounds	152 Pounds	195 Pounds	

CIF State Girls Weight Classes:

101 Pounds	121 Pounds	143 Pounds	189 Pounds
106 Pounds	126 Pounds	150 Pounds	235 Pounds
111 Pounds	131 Pounds	160 Pounds	
116 Pounds	137 Pounds	170 Pounds	

The establishment of a certified minimum wrestling weight based on 7% body fat for males and 12% for females is required for all high schools. Participation in the CIF Wrestling Weight Management Program will be mandatory and binding for all CIF interscholastic wrestlers. No wrestler may compete until he/she has completed the required body composition assessment.

The CIF will utilize Trackwrestling as the mechanism to calculate the certified minimum weight for each wrestler and as the data reporting and retrieval tool for all member schools sponsoring wrestling.

A. Establishing Certified Minimum Weights

- (1) For all initial assessments, Bioelectrical Impedance will be the only method utilized to determine each wrestler's body fat percentage. Refractometers will be utilized to determine hydration levels through analysis of urine. Only measurements taken by persons who have successfully completed the CIF Assessor Certification Workshop will be valid. Schools will receive a list of CIF Certified Assessors. It is the responsibility of the school to contact an assessor from this list and arrange a time to have its wrestling squad assessed or attend a CIF Section sponsored regional testing clinic. No wrestler may compete until the athlete has had a certified minimum wrestling weight determined by Trackwrestling and it appears on the school's Trackwrestling Pre-Match Weigh-In Form. Once a wrestler competes at a weight class allowed by the weight loss plan, the option to appeal is voided.
- (2) 1% Variance: The formula incorporated by Trackwrestling for assessment data for CIF wrestlers will automatically include a 1% variance of the wrestler's body weight at the certified minimum weight. (Example: If a male wrestler's minimum body weight at 7% is 150, the program will indicate that 148.5 lbs. is the certified minimum for that wrestler).
- (3) The lowest weight class at which a wrestler may compete will be determined as follows:
 - a. If the certified minimum weight, at 7% or 12% body fat, is exactly that of one of the adopted weight classes, that weight shall be the wrestler's minimum weight class;
 - b. If the certified minimum weight, at 7% or 12% body fat, is greater than one of the adopted weight classes but lower than the next higher weight class, the next higher weight class shall be the wrestler's minimum weight class.

PENALTY: Failure to adhere to these bylaws will result in the wrestler being declared ineligible for that competition and for the next regularly scheduled competition. If this occurred during a tournament, then the athlete would be ineligible for the duration of that tournament and for the next regularly scheduled match/ competition for that team or individual.

(Revised May 2013 Federated Council)

B. Time Period for Assessments

- (1) No wrestler may compete until he/she has participated in an initial assessment and his/her name and data are included on the school Trackwrestling Pre-Match Weigh-In form and Alpha Master Report.
- (2) The specific gravity of the urine, as determined by a refractometer analysis, will determine whether a candidate may participate in an assessment on any date. A specific gravity result of less than or equal to 1.025 is required in order to participate in the body fat assessment. Any wrestler not passing the urine specific gravity test must wait a minimum of 24 hours in order to be retested.
- (3) Assessments may begin on October 15 of each school year. Wrestlers may be measured any time on or following this date and no later than January 15 to establish a minimum wrestling weight. All wrestlers, including those coming out late, must have their minimum wrestling weight established prior to competing.
 - a. **Hardship Exceptions**
Appeals may be submitted to the CIF Section Office for the following two exceptions only:
 - (i) **Assessment Exception One:** A student under doctor's care may be assessed after January 15 before the student competes or within seven (7) days, whichever comes first, following the student's release from the doctor.
 - (ii) **Assessment Exception Two:** A student who becomes eligible after January 15 may be assessed after January 15 before the student competes or within seven (7) days, whichever comes first, following the student becoming scholastically and/or residentially eligible.
- (4) A wrestler who competes at a weight class allowed by his/her weight loss plan before or during an appeal has accepted his/her most recent assessment and voids all other appeal options allowed within this policy.

C. School Responsibilities for the Measurement Process

- (1) It is the school's responsibility to contact and contract with a CIF Certified Assessor from the list provided by the CIF or attend a CIF Section sponsored regional testing clinic.
- (2) Schools choosing to contract with a CIF Certified Assessor will be required to have available at the time of assessment:
 - a. Bioelectrical Impedance Assessment Data Forms.
 - b. Plastic collection cups to conduct urine specific gravity tests.
 - c. Two adults (teacher, AD, parent, etc.) who will:
 - (i) Assist with measuring height (in feet and inches);
 - (ii) Assist with the recording of data;
 - (iii) Assist with urine specific gravity testing.
- (3) Bioelectrical Impedance assessments shall not be conducted by any active wrestling coach at any level.

D. Wrestlers Below 7% or 12% Body Fat

Prior to competition, any male wrestler whose body fat percentage at the time of his initial assessment is below 7% may request a waiver in order to establish a certifiable wrestling weight class if a physician attests that the athlete is naturally at his sub-7% body fat level. In the case of a female wrestler, a waiver may be requested if the athlete is naturally at her sub-12% body fat. A waiver form must be signed by a physician, a parent, the principal and the head wrestling coach. The completed waiver form must be mailed or faxed to the appropriate CIF Section office. Wrestlers may not compete at their waiver weight class until the completed waiver form, with all four (4) required signatures, has been received by the appropriate CIF Section office. The waiver weight class is valid for one (1) season only and expires March 15 of each year. The sub-7% male or sub-12% female, who receives clearance, may not wrestle below their actual weight class at the time of initial assessment.

PENALTY: Failure to adhere to these bylaws will result in the wrestler being declared ineligible for that competition and for the next regularly scheduled competition. If this occurred during a tournament, then the athlete would be ineligible for the duration of that tournament and for the next regularly scheduled match/ competition for that team or individual. (Revised May 2013 Federated Council)

E. Growth Allowance

- (1) The NFHS Wrestling rules provide a two-pound growth allowance on January 15 of each wrestling season.

F. Weight Loss Per Week

- (1) An average weight loss limit per week of 1.5% of body weight at the time of initial assessment has been established. A season-long weight loss plan will guide each wrestler's weight loss during the season.
- (2) The weight loss plan shall determine in which weight class(es) a wrestler may compete each week.
- (3) A wrestler is ineligible to compete in a weight class below the lowest eligible weight class defined by the weight loss plan before the proper amount of time has passed to achieve the weight class.
 - a. A wrestler shall not wrestle more than one weight class above that class for which the actual weight, at the time of weigh-in, qualifies the competitor (NFHS Rule 4-4-2);
 - b. If a wrestler weighs in one weight class below his/her lowest allowable weight class per his/her Trackwrestling Pre-Match Weigh-in form, he/she is eligible per NFHS Rule 4-4-2 to only wrestle at the lower of the two weight classes listed for that day on his/her Trackwrestling Pre-Match Weigh-In form.
 - c. If a wrestler weighs in two or more weight classes below his/her lowest allowable weight class per his/her Trackwrestling Pre-Match Weigh-in form, he/she is ineligible to wrestle in any weight class at that competition.
 - d. If a wrestler weighs in at a weight class higher than his/her allowable weight classes per his/her Trackwrestling Pre-Match Weigh-in form, he/she may wrestle in compliance with NFHS Rule 4-4-2; a wrestler shall not wrestle more than one weight class above that class for which the actual weight, at the time of weigh in, qualifies the competitor.

PENALTY: Failure to adhere to these bylaws will result in the wrestler being declared ineligible for that competition and for the next regularly scheduled competition. If this occurred during a tournament, then the athlete would be ineligible for the duration of that tournament and for the next regularly scheduled match/ competition for that team or individual.

(Revised May 2013 Federated Council)

G. Appeal of Assessment Results

- (1) Any athlete may Appeal his/her initial assessment results one time by reassessment. In order to utilize the results of an appeal, the school must receive notification from the CIF Section Office prior to allowing the challenging athlete to compete.
- (2) The steps of the appeal process are as follows (Step 1 may be bypassed and only Step 2 utilized):

STEP 1: The athlete shall repeat the assessment as described in the regulation.

- a. The reassessment shall occur within 14 calendar days of the initial assessment date unless a written extension is granted by the CIF Section before the expiration of the 14-day period. The 14-day appeal period shall start on the day following the date of the initial assessment. Day one through seven does not permit any loss of weight for an appeal to be valid. During the second week, days 8-14, a wrestler may weigh no less than 1.5% (rounded down) of the body weight measured at the initial assessment. Failure to meet these conditions or timelines is cause for denial.
- b. Data shall be recorded on the Bioelectrical Impedance Assessment Data Form.
- c. Reassessment includes hydration and Bioelectrical Impedance assessment.
- d. **PENALTY:** A wrestler who competes at a weight class allowed by his/her weight loss plan before or during an appeal has accepted his/her most recent assessment and voids all challenge options allowed within this policy.

STEP 2: If dissatisfaction with the results remains, the wrestler may choose Bod Pod assessment to determine body fat percentage. Results obtained at this step are final: the athlete, family, school or coach may not appeal further.

- a. The Bod Pod assessment shall occur within 14 calendar days of the initial assessment date unless a written extension is granted by the CIF Section before the expiration of the 14-day period. The 14-day appeal period shall start on the day following the date of initial assessment. Day one through seven does not permit any loss of weight for an appeal to be valid. During the second week, days 8-14, a wrestler may weigh no less than 1.5% (rounded down) of the body weight measured at the initial assessment. Failure to meet these conditions or timelines is cause for denial.
- b. Bod Pod facilities must be approved by the CIF State Office; the proper form shall be filed with the CIF Section Office.
- c. Bod Pod assessment must be conducted before the wrestler participates in interscholastic competition.
- d. **PENALTY:** A wrestler who competes at a weight class allowed by his/her weight loss plan before or during an appeal has accepted his/her most recent assessment and voids all appeal options allowed within this policy.

H. Costs

- (1) All costs incurred for initial assessment, appeal process, nutrition education program, and NWCA Optimal Performance Calculator are the responsibility of the school or parent.
- (2) Charges for Bioelectrical Impedance assessment conducted by a CIF Certified Assessor may not exceed \$10 per wrestler.
- (3) CIF Certified Assessors are permitted to charge mileage at the CIF adopted rate or a minimum service fee of \$50 whenever travel is required to a location at which fewer than six (6) subjects are to be assessed on any given date.

I. Training the Assessor

- (1) Persons eligible to be trained as CIF Certified Assessors shall be medical practitioners (e.g., physicians, registered nurses, licensed practical nurses, certified athletic trainers, physical therapists, physician's assistants, nutritionists, health educators, exercise physiologists) or other persons approved by the CIF. Under no circumstances may an active wrestling coach be a certified assessor.
- (2) Training and certification of CIF Certified Assessors will be conducted by CIF Master Assessors under the direction of the State CIF.
- (3) The assessor will attend a training session and annual update certification.
- (4) The assessor will participate in a random sample test to substantiate the quality and accuracy of his/her measurements.
- (5) The assessor certification training will consist of a minimum of two (2) hours of training (classroom and practical training).
- (6) A certification training fee will be charged to each assessor candidate attending the training program.
- (7) **Recertification**
 - a. The CIF State Office will conduct annual recertification clinics for a minimum of one (1) CIF Head Master Assessor from each CIF Section. Recertified Head Master Assessors will then conduct recertification clinics for CIF Master Assessors within each local CIF Section.
 - b. CIF Master Assessors will conduct all recertification training programs for CIF Certified Assessors.
 - c. Recertification of CIF Certified Assessors will require a minimum of one (1)-hour training.
- (8) **Data Collection**
 - a. The CIF will provide the reporting forms.
 - b. The assessor will conduct all Bioelectrical Impedance measurements.
 - c. The assessor will provide the supplies to conduct the urine specific gravity test.
 - d. The assessor will be responsible for posting all wrestler data to the NWCA web site within 72 hours after the initial assessment is made.
 - e. Failed urine tests will not be reported to the CIF.

**ARTICLE 330
PLAYOFFS**

#3300. ALL PLAYOFFS MANAGED BY COMMISSIONER

All playoffs of the CIF Southern Section shall be under the management of the Commissioner of Athletics, who will have final authority and responsibility for their conduct.

#3300.1 Enrollment based divisions will be used in the sports of boys and girls cross country and boys and girls track and field. By action of the Southern Section Council, once the divisions are established for the playoff, no school shall be allowed to move up to a larger enrollment division. Schools will participate based upon their CBED enrollment figures. Consideration will be given to geography after league placement has been recognized.

#3300.2 No playoffs will be conducted by the CIF Southern Section Office when less than 20% of the membership field teams in that sport.

#3300.3 See 54.8 (Emergency Powers).

#3301. REPORT OF PLAYOFFS

At the close of the season for each sport, the Commissioner of Athletics shall compile a report of the playoffs in the "CIF Southern Section Bulletin."

#3302. IDENTIFYING LEAGUE REPRESENTATIVES INTO THE PLAYOFFS

Under the playoff format - in all sports - leagues have the responsibility of developing and identifying the priority for their representatives into the playoffs. This will include the league's priority with regard to any at-large consideration.

Thus, the league through its CIF Council Representative, **MUST** notify the CIF Southern Section Office prior to the playoff draw, the No. 1 representative, the No. 2 representative, the No. 3 representative, and the league's priority team for consideration to any at-large berth.

If, for example, a league would have a "co-champion" in football, the league - by the method outlined in its Constitution and Bylaws - **MUST** specify which team is its No. 1 representative and its No. 2 representative. This principle would hold true for any combination, such as a tie for third place in the standings or a "four-way tie" for first place, etc.

NOTE: If two teams from the same league are tied at the end of league competition, and are in different playoff divisions, they may both carry the same designation into their respective playoff divisions. For example, if School A and School B tie for their league's championship, and are in different playoff divisions, they can both be designated as League (#1T) in their respective playoff divisions. However, leagues may not exceed its total allowable guaranteed entries regardless of what playoff division those schools would enter. (See Bylaw #3314 for allowable number of guaranteed league entries).

QUESTION: For recognition purposes, how many schools constitute a league?

ANSWER: A minimum of four schools or teams make up a league for recognition for guaranteed playoff entry, less than four teams or schools are not recognized for entry into playoffs.

QUESTION: If my league has a tie for first place and both School A and School B are in different playoff divisions therefore allowing them to carry the first-place designation with them (#1T), how would the next league entry be listed?

ANSWER: The next team listed would be the 3rd place team.

#3303. FIRST ROUND PLAYOFFS

In the first round of the playoffs in all sports, the arrangement shall be as follows:

The Commissioner shall match the teams for first-round playoff contests, and the host school for these games shall be predetermined by the Commissioner. Schools must fulfill their playoff obligation once entered by the league unless excused in an emergency by the Commissioner and/or replaced as an entry by the league prior to completion of the opening round.

In cases where a first representative team meets a second team representative in an opening-round game, the first team representative will be designated as the host team.

Where two first or two second-team representatives meet in the opening round, the Commissioner will flip a coin prior to the publishing of the draw to determine the host school.

Leagues are responsible for developing the priority for their representatives and the finish of a team in league play will have no bearing unless it is reflected in the league's priority. For example, if a co-champion had a league priority of a second team representative it would have no special consideration as compared to a second place finisher from another league who had a second team priority and a flip would be made.

- #3303.1 A "wild card game" for entry into the full field will have no bearing on priority for host contests in the first and/or subsequent rounds.
- #3303.2 All freelance entries will be considered as the equivalency of a No. 3 representative with regard to determining host and/or away contests unless they are one of the four seeded teams in which case they will be the host team.
- #3303.3 If schools falling into the category of California Youth Authority and probationary schools would qualify for the post-season playoffs, the contest will be played at an alternate site other than the facility where the school is located.

#3304. HOST TEAM AFTER THE FIRST ROUND

To decide who shall be the host team after the first round of competition in any sport will be the sole responsibility of the Commissioner. In cases where two teams are paired after the first round of the playoffs, the team having the fewest number of host games in playoff competition shall be designated as the host team. When both teams have had an equal number of host playoff contests, the Commissioner shall toss a coin to decide the host team. When a school has been designated as the host school for a playoff contest it shall (1) act in that capacity unless excused by the Commissioner, (2) be considered the host team regardless of where the game is being played, and (3) a "bye" designation shall not count as a host contest for the team drawing the "bye" following the first round and throughout the remainder of the tournament.

- #3304.1 Teams receiving a bye in the first round shall be the host team in the next round of the playoffs.

#3305. COMMISSIONER DETERMINES PLAYOFF SITES

The Commissioner shall have sole authority in determining sites for playoff competition in all sports and for all rounds.

#3306. ALTERNATE SITE DEFINITION

An alternate court or field has been defined as one on which a team has not conducted practice sessions. A team may have played some of its league games and even a playoff contest on a particular court or field, and it could still be classified as an alternate court or field.

#3307. HOST SCHOOL ACCOUNTS FOR ALL GAME REVENUE

In football, basketball and volleyball playoff games, the host school will account for all the revenue from the game, pay all expenses for the game, and compile the financial report, sending a copy to the visiting school and the CIF Southern Section. Please refer to Bylaw 144 for detailed information concerning the distribution of receipts from playoff contests in basketball, football, and volleyball.

#3308. TEAM EXPENSES

The Commissioner shall set the team expenses to be allowed the traveling team in any playoff contest.

#3309. BROADCAST OR TELECAST FEES

The Commissioner shall set the fee to be charged for the right to broadcast or telecast any playoff contest.

#3310. FREELANCE PLAYOFF ENTRY QUALIFICATION

If a school does not have membership in a league or the school belongs to a league which does not offer students in a given sport an opportunity to qualify into CIF Southern Section championships, special conditions exist which must be followed in order to qualify for possible entry into a CIF Southern Section playoff activity.

- #3310.1 *Team Sports* - All freelance schools desiring entry into the playoffs must submit schedules to the Commissioner for evaluation and approval of conditions under which the team may qualify. Schedules must be submitted prior to the start of each season for evaluation.
- #3310.2 *Individual Sports* - Schools meeting the criteria outlined in #3310.1 above may petition individual athletes for possible entry into CIF Southern Section individual playoff competition. Petitions for such athletes must include a complete data sheet for each individual showing best marks, scores or rankings from any competition held during the current school year. All such petitions must be submitted two calendar weeks prior to the first scheduled date of CIF Southern Section playoff competition.

QUESTION:	How can a freelance team qualify for CIF playoff consideration?
ANSWER:	A school must schedule 80% of allowable contests per sport and they must be at the varsity level. In order to be considered for the playoffs, the school must have a .500 or better record in all contests played and there must be openings in the bracket. Additionally, teams that win 80% of their contests played will be guaranteed entry. (Except football.)
QUESTION:	How can an individual qualify for consideration for freelance competition?
ANSWER:	To be eligible for freelance individual competition, an individual must participate in at least one-half of the number of allowable varsity contests permitted in a particular sport.

#3311. PLAYOFF ELIGIBILITY

An ineligible player is one who is in violation of any State CIF or Section scholastic residence, transfer, age, semesters of attendance, or other eligibility rules.

- A. Games in which the student participated, after the occurrence of the violation shall be forfeited (See Bylaw 500.2)
- B. From the time the CIF Southern Section Office receives the entries from the league, violations discovered will be assessed only against the individual(s) and will not affect the advancement of a team into the playoffs.
- C. Violations discovered after the first round of any playoff will result in disqualification of the ineligible player's team from the playoffs and forfeiture of its last playoff competition. In such cases, the losing team will advance provided the date of the next scheduled contest has not elapsed.
- D. Freelance schools will submit eligibility rosters prior to their second contest of the season to the CIF Southern Section Office. Any additions to the freelance school eligibility roster will be made directly to the CIF Southern Section Office within five (5) school days of each occurrence.

#3312. CIF-SS TROPHIES

Appropriate trophies shall be awarded by the CIF Southern Section to team champions and runner-up in all official sports. The winning or runner-up team has the option of awarding more than the prescribed number of medals or patches at its own expense.

#3313. PLAYOFF ENTRIES TENTATIVE

All entries into the playoffs are tentative until the first round is completed. Updated results or new information may necessitate changes in any draw when necessary. No change in entries will be permitted after the first round (or "wild card" game if it applies to a league entry) has been played.

#3314. NUMBER OF TEAM ENTRIES INTO PLAYOFFS

In the sport of football only, the team entry formula for each league into the playoffs is as follows:

- 4 & 5 team leagues = 2 entries
- 6-8 team leagues = 3 entries
- 9 or more team leagues = 4 entries

In all sports other than football, the team entry formula for each league into the playoffs is as follows:

- 4 team leagues = 2 entries
- 5 and 6 team leagues = 3 entries
- 7 and 8 team leagues = 4 entries
- 9 or more team league = 5 entries

- #3314.1 In all team sports other than wrestling, additional entries beyond a league's guaranteed number of entries will only be permitted to enter the playoffs to fill any byes which exist in the opening round. Wildcard contests will be for situations where the number of teams that are guaranteed entries from their leagues necessitate that additional contests be played to reduce the number of teams entered to the required number of the original draw. (For example, when there are 37 teams entered as guaranteed entries from their leagues into a particular playoff draw, there must be 5 wildcard contests played to reduce the number of teams from 37 to 32, the required number of the original draw.) At-large teams, teams meeting the at-large criteria (.500 or better overall record), can only be accepted into the playoffs if there are openings in the original draw after all of the league's guaranteed entries are submitted. (For example, when there are 30 teams entered as guaranteed entries from their leagues into a 32-team draw, there would be 2 byes in the bracket and those byes could be filled by teams who were not guaranteed entries from their

leagues who submitted at-large application forms for that particular sport and have an overall record of .500 or better in all games played during the regular season.)

In all team sports at-large selections will be considered from the next place beyond the guarantee that are .500 or better. After all those schools have been taken and there are still positions available, the next place teams that are .500 or better will then be considered. Next, all 3rd place teams would be taken before any 4th place teams would be considered. (A tie will count as half a win and half a loss for a .500 record or better.) For specific information on the at-large selection process, see the respective Playoff Bulletin for each particular sport.

QUESTION: How will the CIF Southern Section Office determine additional entries into the playoff draw to fill byes after each league has submitted their three guaranteed entries?

ANSWER: As provided for under Bylaw #3302, a playoff committee will select the additional entries to fill the draw from the league's priority team entry that has been submitted for consideration as an at-large berth to fill any bye which may exist.

#3315. NOISEMAKERS PROHIBITED

No noisemakers (horns, bells, victory bells, sirens, chimes, musical instruments other than those in the band, etc.) will be permitted inside the gymnasium, stadium or playing fields at any CIF Southern Section contest (non-league, league, tournament or playoff). Cheering devices such as wooden blocks, or other similar objects, are prohibited. Megaphones shall be used only by uniformed cheerleaders for the purpose of directing and controlling rooting sections. The improper use of any of the above listed devices by supporters of a team would subject that team to possible forfeiture of the contest.

#3316. EQUAL FACILITIES

The visiting school in dual team playoff contests is entitled to equal facilities, including one-half of the seating, locker rooms, phone lines, spotting facilities, etc.

#3317. WILD CARD TEAMS

Where the number of teams exceeds the number of openings in the draw, the Commissioner may order a special playoff contest ("Wild Card System") to determine the draw for the playoffs. Insofar as host team designation in the regular playoff draw, this "Wild Card Contest" will have no bearing when such a procedure is used. The Commissioner, or his representative, will draw the contending 4th, 3rd team representative (and 2nd team representatives if required by the number of leagues in a division and the number of teams in the draw) or freelance teams by lot and conduct a coin flip between same for the purpose of designating the host team in such a "Wild Card" contest. For all enrollment based playoffs, please refer to specific sport bulletins.

#3318. ADDITIONAL CONTESTS TO DETERMINE ENTRY ONLY

Leagues may not conduct additional contests beyond the prescribed limits unless said contests are to determine ENTRY and not representative priority.

- #3318.1 Please note, leagues **MAY NOT** conduct additional contests beyond the prescribed limits unless said contests are to determine **ENTRY** and not representative priority. Additionally, leagues must have this as part of their Constitution and must secure permission from the CIF Southern Section Office before conducting such playoffs for entry. If a league covers such Conditions in its constitution, it is still obligated to stage said contest on or before the last specified allowable playing date.

An example of the above application would be that two teams finish in a tie for the last guaranteed entry in the final league standings and the league also has it stipulated in its Constitution that the deadlock may be broken by a special playoff game. As long as that contest is played on or before the last specified date, the two teams would be permitted to play as a process in determining **ENTRY** into the playoffs. However, should there be an outright league champion and the two teams deadlocking for second place, a special playoff game would **NOT** be permitted, as both teams already have guaranteed entry into the playoffs. In this latter example, the league would then refer to the next segment of its Constitution to see which team would be declared the No. 2 representative, the other becoming the No. 3 representative.

- #3318.2 If time does not permit a playoff for entry, the league must again resort to the next item in its Constitution to determine its designation.
- #3318.3 In the sport of football, the 25-yard tie breaker system may be used to determine **ENTRY**, provided it meets all other guidelines noted above, including the last specified playing date.

#3319. PLAYOFF GROUPINGS

The following procedures for conducting the business of playoff groupings will be in effect for the sports listed below:

Fall – Football, Tennis (Girls), Volleyball (Girls), Water Polo (Boys)
Winter – Basketball (Boys/Girls), Soccer (Boys/Girls), Water Polo (Girls)
Spring – Baseball, Softball, Tennis (Boys), Volleyball (Boys)

- #3319.1 Individual schools will be evaluated and placed into divisions on a yearly basis for the sports listed above utilizing a formula which includes the following factors: regular season record, strength of schedule and Southern Section playoff performance over a two-year period. (For example in Baseball and Softball, the data from the 2016 and 2017 seasons will be used to formulate divisions for the 2018 season. After the 2018 season is concluded, the data from the 2016 season will be removed and the data from the 2017 and 2018 seasons will be used to formulate divisions for the 2019 season.) The formula will be applied to each school resulting in the creation of competitive equity power rankings for individual schools, using that school's competitive performance as the only criteria for establishing playoff divisions.
- #3319.2 Once individual school power rankings for each sport are completed, after the conclusion of each sport season, playoff divisions will be created. Playoff divisions will be published in the Sport Preview for each sport, along with an explanation of the formula utilized in creating playoff divisions for that sport.
- #3319.3 It is MANDATORY that all Southern Section member schools enter the results of ALL regular season contests and Southern Section playoff contests into the CIFSSHome system by the following dates:
- Fall Sports – December 15, 2017
 - Winter Sports – March 16, 2018
 - Spring Sports – June 15, 2018
- #3319.4 Member schools who fail to accurately enter full and complete regular season results and/or Southern Section playoff results into the CIFSSHome system will not be placed into a playoff division for the upcoming season and will be ineligible to participate in the Southern Section Championships in that sport.
- #3319.5 Leagues are guaranteed their appropriate number of entries into the Southern Section Championships, per current Southern Section Blue Book Rule #3314, with the exception of football. In football, League Champions will have first priority, followed by 2nd place teams, 3rd place teams and so on from each league. Once the total number of guaranteed entries from each league are submitted, the At-Large Selection process outlined in the Football Playoff Bulletin will be used to select at-large teams to fill any byes in the draw, or to eliminate teams from the draw, in order to create a 16-team bracket for each division.
- #3319.6 Appeals of divisional placements will only be considered regarding inaccurate information provided by schools. If that is the case, the school must send a request, in writing, to the Assistant Commissioner in charge of the particular sport(s), seeking a reconsideration of their divisional placement based upon corrected information provided by the school.

#3320. PLAYOFF GROUPINGS – ENROLLMENT / GEOGRAPHY / DATA-BASED

- #3320.1 Boys and Girls Cross Country – Divisional placement for each school will be done yearly using school enrollment, according to Section and State designated numbers.
- #3320.2 Boys and Girls Golf – Each year, Team Divisionals will be composed of leagues using the factors of competitive equity and geographic locations of leagues for placement into playoff divisions. The competitive equity of each league will be determined by utilizing a system based on points accumulated by golfers from each league who qualified for Southern Section Team and Individual Golf Championships in the previous year.
- #3320.3 8-Man Football – Divisional placement will be done yearly, using school enrollment.
- #3320.4 Boys and Girls Swimming and Diving– Divisions formulated every two years by tabulating points earned, by league, in the Southern Section Swimming and Diving Championships using #1 through #32 qualifiers in each event. Boys and Girls are always placed in the same division.
- #3320.5 Boys and Girls Track and Field – Divisional placement for each school will be done yearly using school enrollment, according to Section and State designated numbers.

#3320.6 Boys Dual Meet Wrestling – Divisions formed every two years by geographic locations of leagues.

#3320.7 Boys Individual Wrestling – Divisions formulated every two years using Masters Meet qualifiers, by league, over a four-year period.

#3320.8 Girls Individual Wrestling – Regional qualifying tournaments held each year, with divisions formed by geographic locations of leagues.

#3321. PLAYOFF FINANCIAL REPORTS

After a reasonable request from the Commissioner's office, schools that continue to be delinquent with financial reports will not be allowed to host a game during the playoffs in all sports for a period of one year.

PROTEIN FOR RECOVERY

PROTEIN STRUCTURES

Protein structures in the body are constantly **turning over, breaking down and rebuilding** with new amino acids from the diet.

EXERCISE

Exercise **accelerates this process** and promotes the creation of new muscle proteins, a process that is most effective when the athlete eats protein to deliver new amino acids.

RECOVERY

Consuming protein to start the recovery process **as soon as possible** after practice and competition helps to **rebuild muscle tissue** as well as promote training adaptations.

TYPES OF PROTEIN

Consume **high-quality, complete protein sources** that are **rapidly absorbed and rich in leucine**.

WHEY AND MILK PROTEIN ARE GREAT CHOICES

WHEY AND MILK PROTEIN

- meet all the criteria
- have been shown to be effective for recovery

LEUCINE

- one of the amino acid building blocks for new muscle
- acts as a signal for the muscle to start the process of assembling new muscle proteins

signifies when protein should be consumed

EXAMPLE PROTEIN CONSUMPTION CYCLE

To get the most out of their workout, athletes should consume protein **regularly throughout the day**.

RECOMMENDED AMOUNT

MORE ISN'T BETTER.

Research shows that

~20 g of protein

is the right amount to stimulate post-exercise muscle protein synthesis for most athletes.

If you want to get specific for your athlete, calculate **0.25 g/kg**.

FINANCIAL PRINCIPLES AND AUDIT POLICY

1. GUIDING PRINCIPLE FOR FINANCIAL OPERATIONS (ADOPTED MAY 1995, FEDERATED COUNCIL)

It is recognized that all funds handled by the California Interscholastic Federation, or any of the CIF entities, are monies designed for the enhancement and administration of athletics for the students of the high schools in California.

2. PRINCIPLES GUIDING POLICY DEVELOPMENT AND APPLICATION (ADOPTED MAY 1995, FEDERATED COUNCIL)

The following principles should guide the formulation and administration of financial policies within the State CIF and all CIF sections and leagues. All financial policies and regulations adopted apply to all California Interscholastic Federation entities (state, sections, and leagues) and to all CIF personnel (staff and elected representatives) unless a specific distinction has been recognized and authorized in writing. An adequately financed program of competitive athletics is essential for California's youth to receive a well-rounded education.

- (a) It is the intent of these policies to develop a bright line definition of what is and is not appropriate. Therefore, these policies are written as unambiguously and published as widely as possible. These principles and policies apply to all CIF entities.
- (b) Financial information at all levels should be kept on a computer data base for easy access, appropriate administration, and accountability to local constituencies as well as the State CIF and auditors.
- (c) Staff at all levels should not be in the position of supervising and approving the expenses of elected representatives, and therefore will administratively review and approve for payment these expenses which fall within the framework of pre-approved written guidelines. A detailed report of all expenses approved in this manner shall be prepared monthly and be available for review by any CIF elected official. A committee of elected representatives, appointed by the State President with the advice and consent of the Executive Committee/Administrative Committee, will review and authorize, where appropriate, all actual and necessary expenses of elected or appointed representatives which do not fall within the framework or written guidelines. Sections shall have a similar procedure for review and authorization of expenses exceeding guidelines.
- (d) All entities collecting and disbursing funds, whether it be league, section, or the state, are required to have two signatures for all expenditures. Staff/elected officials shall not approve or sign their own pay or reimbursement forms.
- (e) Yearly audits for sections and the State CIF shall be conducted by reputable auditing firms with established expertise in dealing with school district and/or other non-profit organization finances. The audits shall be based upon the principles contained in this document and conclude with a presentation by the auditor to the elected representatives of the entity. All relevant documentation shall be distributed to the elected representatives in sufficient time prior to the meeting to allow familiarization of the data in order to have a meaningful discussion with the auditor during the presentation. The audit shall not be edited or have items altered or deleted by any person and must be presented and retained in its original form from the auditor. League audits shall be conducted according to policies listed in this document and approved by sections.
- (f) All fiscal accounting at all levels shall use generally accepted accounting principles when handling and disbursing funds.
- (g) All funds expended by any CIF entity must be budgeted and authorized. Commissioners/league presidents, etc., must have prior limited authorization for all expenditures. An example would be some limited authorization for general expenses including lunches, recognitions, etc. These expenses would then be reported to the governing body at the next meeting.
- (h) No alcohol or tobacco shall be purchased or paid for out of any CIF funds. CIF funds may not be used for gifts or personal loans.
- (i) All financial practices and information shall be open to review by CIF members or other interested parties. CIF financial records are public information.
- (j) The allocation of CIF funds should be as simple and equitable as possible. An annual budget for each fiscal entity should be prepared with the affected parties sufficiently involved so that they are a part of the process. The process should have as its goal maximizing the benefits to our school children.
- (k) The CIF should improve the degree to which participation in high school athletics are available to students of all economic and social stations.

3. POLICIES RELATED TO AUDITS

The following are policies related to audits:

- (a) A thorough yearly audit shall be required at the CIF State and section levels. The audit shall consist of a complete examination and reassessment of present methodologies, procedures, and policies for the administration and control of CIF funds and all financial flows associated with or relevant to the CIF and its sections and leagues. It shall be the responsibility of the section to ensure compliance of leagues within the section to all state and section financial policies. Sections will assume responsibility for the creation and implementation of financial policies, practices, and procedures for each league within that section. As long as the section has financial policies in place which provide for league financial policies, practices, and procedures, and as long as the section is satisfied that the league financial policies, practices and procedures are consistent with state and section policy, the section may waive the requirement for a complete, thorough league audit. However, a section may require an audit of league financial records at any time.
- (b) The State CIF, and all sections, shall seek proposals from auditing firms on a cycle of three to five years. Procedures for auditing and the names of auditing firms used by the sections shall be forwarded to the State CIF on a yearly basis. Yearly audits shall be forwarded to the executive director upon completion. Sections with audits requiring corrective action shall include an addendum of the proposed corrective actions in the yearly audit report to the state office. (February 1996, Federated Council).

NOTE: The Financial Policies Handbook will be distributed, annually, to the Federated Council and to the Executive Committee.

4. CBEDS ENROLLMENT AND SCHOOL DUES

The CIF state office shall employ the latest possible CBEDs report used by the State Department of Education as the basis for assessment of dues and legal and liability costs. (Executive Committee, June 1999.)

5. LEGAL EXPENSES, LIABILITY INSURANCE COSTS AND SCHOOL ASSESSMENT

Each year the CIF state office will assess schools, based upon enrollment, an amount equal to the legal expenses and insurance costs for the fiscal year immediately preceding the year of assessment. Legal expenses and insurance costs shall be for all direct and indirect costs of same including, but not limited to, attorney and clerical salaries and fees, office expenses, travel, court fees, insurance policy premiums, training expenses for state and section staff and officers related to legal or insurance matters. (Executive Committee, June 1999.)

EQUITY COMPLAINT AND APPEAL PROCEDURE

The following is a model for schools, leagues and sections which describes a process for responding to a grievance filed by a student, employee, parent/guardian, or general public, alleging gender discrimination under the Title IX regulation. Districts are required to have a Title IX coordinator who should be utilized to resolve complaints at the local level (November 1998).

COMPLAINT PROCEDURE FOR SCHOOLS AND DISTRICTS

Complaints related to sports equity should be resolved at the level closest to the school site. First, at the local school district, the person who has a concern should speak with district administrators or the local Title IX coordinator. The Title IX coordinator's role is to investigate local complaints of gender discrimination or refer it to the appropriate level (if the complaint is a league or section problem, the appeal should be directed to that league or section for initial resolution.) Districts are required to distribute or post the name, business address and telephone number of the Title IX coordinator. Investigations of athletic programs are frequently difficult, lengthy, and sometimes expensive primarily because of the considerable amounts of information that must be collected, analyzed and evaluated to determine compliance. The decision regarding compliance involves determining which benefits and services are provided to males and which are provided to females, whether there are any differences between benefits and services for males and females, whether these differences have a negative impact on athletes of one gender, and thus, may result in noncompliance.

Section 1. DEFINITION AND INTERPRETATION

- A. Students, parents, district employees, and the general public may use this complaint procedure.
- B. Any claim by a student, parent, general public, or employee that there has been a violation or misinterpretation of Title IX shall be a gender equity complaint.
- C. The term "complainant" means any student, parent, from the general public, or employee filing a complaint.
- D. The term "days" means any calendar day, except Saturday, Sunday or legal holidays.
- E. The filing or service of any notice shall be timely if it bears a postmark of the U.S. mail, or a date stamp from the responsible agency, within the time period.
- F. The time limits provided in this complaint procedure shall be strictly observed, but may be extended by written mutual agreement between the complainant and the body investigating the complaint.
- G. In computing any period of time prescribed or allowed by procedures herein, the date of the act, event, or default for which the designated period of time begins to run shall not be included. The last day of the period as computed shall be counted, unless it is a Saturday, Sunday, or legal holiday, in which event, the period runs until the end of the next day, which is not a Saturday, Sunday, or legal holiday.
- H. The report of findings and proposed resolution at all levels, shall not conflict with state law and local policy governing employee discipline.
- I. The services of a fact finder are available to any level to which the appeal is directed, i.e., school, district, league, and section. The CIF also encourages the use of a mediator and/or arbitrator to bring about resolution of problems.
- J. Jurisdiction means that:
 - (1) the complainant has filed a complaint within 360 days from the date of the alleged violation or from the date when the complainant knew or should have known of the violation.
 - (2) the level (district, league, section, state) has the authority to resolve the complaint.

Section 2. COMPLAINT PROCEDURE FOR LOCAL LEVELS

The sports-related gender equity complaint should be processed using the local School District's Uniform Complaint Procedures as adopted by the local governing board or similar process as adopted by a private school governing board. The school district uniform complaint procedures should include all sports-related issues. If the complaint is a league or section issue, the appeal should be directed to that league or section for initial resolution. After completing all steps outlined in the district process if the complainant is not satisfied with the disposition of the complaint, the complainant may appeal as applicable to the California Department of Education, or use the procedures in Section 3 or 4 if the complaint has an effect or falls within the jurisdiction of the CIF. NOTE: For private schools, the procedure may be an appeal to the Office For Civil Rights.

Examples of a possible local complaint may include, but are not limited to discrepancies in the baseball vs. softball diamonds at a local school site or discrepancies between boys' and girls' locker rooms or etc.

It is noted that the Office For Civil Rights requires filing a complaint within six months of the knowledge of such a violation. Concurrent complaint filings with the Office For Civil Rights are at the discretion of the complainant.

Section 3. COMPLAINTS TO CIF LEAGUES

The following is a model for CIF Leagues which provides a process for responding to a complaint not applicable or able to be resolved at the local school, district, or board of education levels, i.e. the matter falls within the jurisdiction of a league.

- A. The complaint shall be filed with the State CIF office on a CIF form available from that office. A copy of the complaint shall be delivered to the Commissioner of that CIF Section in which the league is located. Copies shall also be forwarded to all other agencies or persons named in the complaint.
- B. The CIF Section shall review the complaint for initial jurisdiction within 10 days and shall inform the complainant in writing as to whether or not the league/section has jurisdiction. A copy of the Section decision on jurisdictional review shall be forwarded to the State CIF office.
- C. If the league has jurisdiction, the league shall present a written report of findings and proposed resolutions, if applicable, on the complaint within a 60-day period from receipt of the complaint. Copies of the findings shall also be forwarded to the CIF Section and to all other agencies or persons named in the complaint. The CIF Section shall forward the league findings to the State CIF.

Examples of a possible league complaint may include, but are not limited to discrepancies between genders in the number or quality of league awards or discrepancies in equal opportunity in the number or levels of sports.

Section 4. APPEALS TO THE CIF SECTION

A complaint from the league level may be appealed to the CIF Section.

- A. The CIF Section shall review the complaint for initial jurisdiction and shall inform the complainant as to whether or not the section/state has initial jurisdiction.
- B. If the complainant is not satisfied with a league decision, the complaint may be appealed to the section within 30 days of the league's written decision being sent to the complainant.

If a complaint is appealed to the CIF Section, the Section shall notify the State CIF. The Section may request that the State CIF provide a fact finder/investigator who shall be responsible for making findings of facts and proposed resolution to the Section.
- C. The Section shall present a written report of findings on the grievance within 60 days from receipt of said complaint. The fact finder may also assist the parties in reaching a resolution through mediation.

Examples of a possible Section complaint may include but not limited to a discrepancy between genders involving section season of sport, awards, tournament facilities and/or locations, etc.

Section 5. **STATE CIF APPEAL PROCESS**

- A. If the complainant is not satisfied with the decision of the Section, the complainant may appeal to the State CIF within 30 days of the Section's decision being sent to the complainant. If the State CIF receives the appeal, the CIF shall refer the matter to a neutral mediator and/or proceed directly to a final, neutral hearing panel, which will render a decision within 60 days.

- B. A complaint about a decision, not related to an appeal regarding a decision of a section under this complaint and appeal procedure, but related to a decision or practice of the executive director, the state staff, or directly related to any regional or state championship event, must be filed with the state executive director and/or the president of the Federated Council within 30 days following the decision or event. The executive director shall reply within 30 days of reception of the complaint. If the complainant is not satisfied with the reply, the complainant may appeal to the CIF Federated Council president within 30 days of the receipt of the reply. The CIF Federated Council president shall refer the matter to a neutral mediator, to a final neutral hearing panel or employ the procedure within Article 3, Section 34, J. A final decision will be rendered in 60 days. (Approved February 2001, Federated Council.)

Section 6. **RIGHT TO PARTICIPATE**

- A. No reprisal of any kind will be taken by the Board, an administrator, or any employee of any District or CIF against any person bringing a complaint under this procedure.

POLICY AND PROCEDURES FOR NEW EVENTS

Recommended criteria and procedures for development and approval of invitational and championship activities which provide equitable opportunities for student athletes and promote the values and goals of CIF within a financially responsible framework are as follows:

1. **Financial Criteria for New Events Sponsored by CIF**
 - A. Future championships will include reimbursement for participants of travel, lodging and meals according to CIF adopted criteria.
 - B. Participants in invitational events (pre and mid-season) will be expected to be responsible for travel, lodging and meals.
 - C. Participants in post-season invitational events will be expected to be responsible for travel, lodging and meals. If invitational events are sufficiently profitable, then payment of such expenses will be considered for participants.
 - D. New events cannot place section championships at risk financially.
 - E. Consideration must be given in proposals to mitigating expenses of new events.
 - F. Detailed, specific, feasible cost estimates will accompany all proposal.
 - G. In reviewing and approving proposals for invitational events, consideration should be given to designating at least a portion of any profits to go for reimbursement of school costs for participation in existing and new championships.
 - H. The event cannot be a burden on any section budget or on the state CIF budget and the staging of the event must be economically responsible.
 - I. The proposal must show how the event may be sustained economically, over many years.
2. **Philosophical Criteria for New Events.**

Any additional event should contribute to the goals of the organization (for instance, a new event might enhance gender equity, economic stability and enhance the awareness of values taught through sport or enhance the recognition of achievement of students). Sponsors of an event will be required to adhere to a "code of ethics" developed by the CIF to promote the values of the organization.
3. **Qualifying Participation Criterion for a State Championship**

At least 60 percent of all CIF schools participate in the sport in the same season or at least 6 or more sections have championships in the sport to include at least 2 in the north and 2 in the south. The committee may recommend that proposals for state championships be inaugurated as regional events even if criteria is met.
4. **Feasibility**
 - A. A new event can be managed by present CIF staff or efficient, competent management staff may be found by CIF.
 - B. The event may be financially supported by the revenue from the event and financial support can be sustained over a period of years.
 - C. A state championship or regional championship shall be scheduled only after the conclusion of the championships in those sections taking part in the championship.
5. **Other Recommendations/Questions**

The following are recommendations/questions to consider:

 - A. What is the benefit to participating schools and students?
 - B. Is there a conflict with other activities or athletic events?
 - C. Does this extend the season of sport? Has there been consideration of shortening the season or starting a season earlier?
 - D. Does the vent cause additional loss of instructional time? If so, has any thought been given to mitigating this loss (Saturday contest, evenings, vacation time)?
 - E. If the proposal is for a sport which is played now in more than one season in the state, what dates are selected and why?
 - F. How, specifically, will this event be a demonstration of the values of participation in high school athletics? Are there awards based upon values? In choosing teams or individuals for an event, is there any criterion such as demonstration of respect, sportsmanship, citizenship, achievement through effort and cooperation, full compliance to CIF code of ethics, rules, regulations, guidelines, etc?
 - G. Will the proposed event lend itself to a partnership between the State CIF and a CIF Section?
 - H. If there is a partnership proposed between a section and the State CIF, the nature of the partnership must be detailed. That is, what are the proposed financial details? If resources, other than financial, are to be used as part of a partnership, what are the anticipated resources?
 - I. Any proposal that involves a section/state partnership should consider whether or not an event should be rotated, upon request, among sections.
 - J. Proposals should involve consideration of adding to basic competition ancillary activities to make the event more attractive and reflective of the goals/mission of CIF; e.g. training for coaches, sportsmanship activities for student/schools.

6. **Process**

- A. **Proposals for new athletic events or championships which would be State CIF directed and implemented or directed and implemented in partnership between the State CIF and a CIF section must be submitted no later than 15 months before the desired event implementation date in order to allow for full discussion necessary for approval and implementation.**
- B. **The 15-month application requirement can be waived only by specific action by the Federated Council regarding a state or regional championship or by the Executive Committee or the Federated Council for a new pre, mid or post-season invitational event. The waiver is granted only when the decision-making body mentioned above is satisfied that all necessary consideration has taken place.**
- C. **Process for proposals for championships:**
 - (1) **Requests for proposals mailed to sections/schools in September.**
 - (2) **Proposals must be submitted for committee review by May 1.**
 - (3) **Sub-committee of Events Committee will review proposals by June 1.**
 - (4) **Commissioners will review proposals in mid-June.**
 - (5) **Events Committee develops recommendation for Federated Council - September.**
 - (6) **Federated Council - First Reading - November.**
 - (7) **Federated Council - Action - February.**

(Approved November 1999 Federated Council.)

INVESTMENT POLICY FOR THE CALIFORNIA INTERSCHOLASTIC FEDERATION

1. GENERAL RESERVE

The California Interscholastic Federation (CIF) shall create a general unallocated reserve comprised of cash and investments to be set aside for unanticipated needs, for major purchases meant to enhance the organization's assets and provide annually specified income to support the operating budget.

Decisions to use any part of the general unallocated reserve shall be the responsibility of the CIF Executive Committee in accord with this policy and the authority granted in Article Seven of the CIF Constitution.

2. GENERAL RESERVE GOAL

The Executive Committee, the Federated Council and the Economic Viability Committee established that the amount in reserve should be capped at an amount equal to the current year's operating expenses for the organization.

3. INVESTMENTS

A. Policy Goal

It shall be the policy of the CIF that investments are made to preserve the capital and maximize rate of return.

(1) Objectives

- a. Preservation of capital.
- b. Maximum rate of return.
- c. Investments made consistent with prudent principles regarding those investments.
- d. Provision of resources to allow CIF to meet any major, unanticipated, expense.
- e. Investments and policy, which will produce annual income to aid the CIF's annual budget needs.
- f. Balance in investments should be maintained to produce:
 - (i) Income – current, annual income to help meet budget needs
 - (ii) Growth – provide for growth of principal
 - (iii) Safety – provide for sufficient limitations upon risks and protect the principal through diversification of assets and the setting of specific standards.

(2) Compliance with State and Federal Laws

Investments will be made in compliance with State and Federal Laws and regulations.

(3) Permitted Investments

- a. Common and Preferred Stocks
- b. US Government Obligations
- c. Corporate bonds
- d. Bond funds
- e. Mutual funds (Equity and Bond)
- f. Money market funds
- g. Purchase of real property
- h. International investments (Equity and Bond)

(4) Prohibited Investments

- a. Securities on margin
- b. Commodity futures
- c. Derivative securities
- d. Selling "short"
- e. Leveraged buyouts
- f. Venture capital
- g. Private placement
- h. Limited partnerships

(5) Return Focus

The CIF is interested in preservation of principal, current income, along with long-term growth in an attempt to keep pace with inflation. Accordingly, a moderate to conservative risk profile should be kept in mind.

An example of a moderate to conservative portfolio would be as follows:

Equity		
	U.S. Stocks	26%
	Non-U.S. Stocks	11%
Bonds		
	U.S. Bonds	51%
	Non-U.S. Bonds	10%
Cash		2%

NOTE: If necessary, the investment portfolio shall be rebalanced every six months in order to maintain the asset allocation by category outlined in this moderate to conservative portfolio model.

- (6) **Performance Monitoring**
Performance numbers should be compared with a benchmark and appropriate indexes. An attempt should be made to keep the target allocation at +/- 4%. A benchmark for the strategy outlined above is a moderate-conservative benchmark, which consists of the following allocations to the indexes listed below:

Russell 1000 Growth	10%
Russell 1000 value	10%
Russell Mid Cap Value	7%
MSCI EAFR Net	11%
Lehman Bros. Bond Aggregate	26%
Lehman Bros. Credit L.T.	25%
LB Global Aggregate	10%
30-Day Money Market	2%

- (7) **Allocation Goal**
A moderate to conservative portfolio will have more emphasis on bonds and less on equities. This blend will most likely exceed long-term inflations by a small margin and has a moderate degree of risk. Assets should be managed in such a fashion that future changes to the allocation can be made without commissions or penalties.

4. REPORTING

The Executive Committee shall receive a report on current holdings and investments at each regularly scheduled meeting. It shall be the responsibility of the Executive Director to present this report or to designate responsibility for this report to an appropriate staff member.

The Executive Director, or designee, shall present a report on current holdings and investments to the Economic Viability Committee at its regularly scheduled meetings and, as requested by the Executive Committee, to the Federated Council.

The Economic Viability Committee will review the report and advise the Executive Committee on actions when deemed appropriate.

Such reports should include a complete listing of holdings, investments and cash (cash equivalents) and should show profit or loss along with comparisons to appropriate benchmarks.

5. APPROVAL, DIRECTION OF INVESTMENTS

Recommendations for purchase and/or sale of investments shall be made in accordance with the following process:

- A. **Investment Advisor**
The CIF may use the services of an investment advisor. Such advisor shall report regularly to the Executive Director and, when requested, to the Economic Viability Committee and the Executive Committee. The Investment Advisor may advise the Executive Director with respect to recommended changes to the CIF Investment Portfolio.
- B. **Finance/Investment Committee**
The CIF Investment Committee shall be comprised of the CIF officers (President, President-Elect and Past President). The Executive Director shall recommend portfolio changes, as needed, to the Investment Committee. The Investment Committee shall make its recommendation to the CIF Executive Committee.
- C. **Executive Committee**
The Executive Committee shall make final decisions with respect to purchases, transfers and/or liquidation of portfolio assets. All investment decisions must be consistent with the goals and objectives of the CIF Investment Policy.

(Revised May 2007 Federated Council)

DECLARED EMERGENCY POLICY

In the event an emergency is declared by any governmental agency at the local, state and/or national level the CIF policy will be:

A. LOCAL

1. If a local emergency is declared, schools will be expected to follow their local jurisdictions instructions. In the event postponement of scheduled contests is required, the rescheduling of these contests will be determined by the league, conference or section policies.

B. STATE

1. If a state emergency is declared, all schools/school districts will determine whether they should postpone scheduled contests.
2. If a school/school district determines it is in its community's best interest to postpone a scheduled contest, that is a decision that rests with the principals of both schools after consulting with each other. Nevertheless, if one principal decides it is in the best interest of his/her school not to play, the contest will be postponed and rescheduled.
3. If an event is postponed, it will be rescheduled at a date and time mutually agreed upon by both principals according to the policies of the league, and/or conference and/or Section. If there is a dispute on a rescheduled date or time, the league commissioner (if there is one) or Section commissioner in accordance with section policy will make the final determination.
4. If a contest cannot be rescheduled there will be no recorded win or loss on a team's season record. Sections are to ensure that in this case a season record absent this contest(s) will not be a mitigating factor whether or not a team/individual is eligible for a Section's postseason play.

C. NATIONAL

If a national emergency is declared the CIF will follow all directives and will determine whether play should continue or not.

1. Postseason Playoffs
If a declared emergency is called after section playoffs, the CIF will make the determination whether to continue play or not after consulting with all parties involved.
2. Section Play
Depending on the level of a declared emergency during Section play, all parties involved should be consulted prior to any decision.

Regardless of the situation, member schools should go to the State CIF web site (www.cifstate.org) or your Section web site for specific directions and instructions.

BROWN ACT

CIF is subject to the Brown Act – Section 33353 of the Education Code – includes sections and leagues. Brown Act Covers Legislative Bodies which are the governing body of the agency and, also, ... “a commission, committee, board, or other body of (the) agency, whether permanent or temporary, decision making or advisory, created by charter, ordinance, resolution, or formal action of a legislative body.” Government Code 54952.

Advisory committee made up of less than a quorum of the members of a legislative body are not covered unless it is a standing committee with continuing subject matter jurisdiction and, then, it is covered.

A meeting is “Any congregation of a majority of the members of a legislative body in the same time and place to hear, discuss, or deliberate upon any item that is within the subject matter jurisdiction of the ... agency.” It includes: “Any use of direct communication, personal intermediaries or technological devices that is employed by a majority of the members of the legislative body to develop a collective concurrence as to action to be taken on an item (of business). GC 54952.2

A majority of members can be present at community gatherings (i.e., a majority of the board attends a city council meeting) and purely social events, when business is not discussed, without violating the Brown Act.

POSTING THE AGENDA

Must be posted at least 72 hours prior to the meeting in a place that is freely and continuously accessible to the public. Must list each item of business (including those to be discussed in closed session) along with a general description of each item which need not normally be longer than 20 words. GC 54954.2. Must also mail to persons who formally request. **Must Follow the Agenda - No Action or Discussion if not Posted** – GC54954.3 prohibits action or discussion if not on the agenda except in (1) Emergency Situations – i.e. (1) work stoppages or crippling disasters voted upon by a majority-vote of the board; (2) Response to a question from the public; (3) Provide a reference to staff for factual information or request staff to report back at a subsequent meeting; (4) Request that an item be placed in the agenda of a future meeting; (5) Determination by a two-thirds vote if all members present (unanimous vote if less than all members present) that there is a need for immediate action and the need for action came to the attention of the agency subsequent to the agenda being posted (less than 72 hours). GC 54956.5

TAPE RECORDINGS BY THE PUBLIC PERMITTED

Must let the public record the meetings – includes video cameras and broadcasting. GC 54953.5 If the agency records meetings that recording is a public record, subject to examination by the public, but it may be destroyed after thirty days. **Meetings must be held in jurisdictional boundaries** of the local agency except to (1) otherwise comply with state or federal law or court order, (2) inspect real or personal property, (3) participate in multi-agency discussions, (4) meet with elected or appointed United States or California officials, (5) meet with the agency’s legal counsel in closed session on pending litigation, if to do so would reduce legal fees or costs. **No Meetings in Facilities that Discriminate** on basis of race, religion, color, sex, etc. **Public’s Right to Speak** – Every agenda for regular meetings shall provide an opportunity for the public to directly address the board.

Special Meetings – Every notice for a special meeting at which action is proposed to be taken on an item shall provide an opportunity for members of the public to directly address the legislative body concerning that item prior to action on the item (GC 54954.3).

HEARINGS ARE OPEN

Quasi judicial matters, such as hearings, are under the Brown Act and, therefore must be open. 61 Cal. Atty. Gen. 220;57 Ops.Cal.Atty.Gen.189. **Possible Closure for Terrible Facts** – Consider closing for terrible facts – e.g., rape, incest, etc., but call before doing so.

Limited Closure for Pupil Records - 35146 Ed.Code – requires that the giving out of information from pupil records be done only in closed session unless the student and/or parent objects within forty-eight hours prior to the hearing. A pupil record is information from school records related to a particular pupil – *other* than the student’s name, address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended. See generally, s49601 and s49073 Cal. Ed. Code. **CAVEAT:** Hearing should only be closed *while* information *from* the pupil record is raised and discussed. **CAVEAT:** Don’t close meeting because of a change of residence issue. Refer to *address* generally – i.e., the Norwalk residence – rather than by street number. Call for more information regarding the above distinctions and for boilerplate for letter to parents and students.

PURSUIING VICTORY WITH HONOR

The Operating Principles of the CIF

1. The essential elements of character building and ethics in CIF sports are embodied in the concept of sportsmanship and six core principles: trustworthiness, respect, responsibility, fairness, caring and good citizenship. The highest potential of sports is achieved when competition reflects these "six pillars of character."
2. It's the duty of School Boards, superintendents, school administrators, parents and school sports leadership -including coaches, athletic administrators, program directors and game officials - to promote sportsmanship and foster good character by teaching, enforcing, advocating and modeling these "six pillars of character."
3. To promote sportsmanship and foster the development of good character, school sports programs must be conducted in a manner that enhances the academic, emotional, social, physical and ethical development of student-athletes and teaches them positive life skills that will help them become personally successful and socially responsible.
4. Participation in school sports programs is a privilege, not a right. To earn that privilege, student-athletes must abide by the rules and they must conduct themselves, on and off the field, as positive role models who exemplify good character.
5. School Boards, superintendents, school administrators, parents and school sports leadership shall establish standards for participation by adopting and enforcing codes of conduct for coaches, athletes, parents and spectators.
6. All participants in high school sports must consistently demonstrate and demand scrupulous integrity and observe and enforce the spirit as well as the letter of the rules.
7. The importance of character, ethics and sportsmanship should be emphasized in all communications directed to student-athletes and their parents.
8. School Boards, superintendents, school administrators, parents and school sports leadership must ensure that the first priority of their student-athletes is a serious commitment to getting an education and developing the academic skills and character to succeed.
9. School Boards, superintendents, principals, school administrators and everyone involved at any level of governance in the CIF must maintain ultimate responsibility for the quality and integrity of CIF programs. Such individuals must assure that education and character development responsibilities are not compromised to achieve sports performance goals and that the academic, social, emotional, physical and ethical well-being of student-athletes is always placed above desires and pressured to win.
10. All employees of member schools must be directly involved and committed to the academic success of student-athletes and the character-building goals of the school.
11. Everyone involved in competition including parents, spectators, associated student body leaders, and all auxiliary groups have a duty to honor the traditions of the sport and to treat other participants with respect. Coaches have a special responsibility to model respectful behavior and the duty to demand that their student-athletes refrain from disrespectful conduct including verbal abuse of opponents and officials, profane or belligerent trash-talking, taunting and inappropriate celebrations.
12. School Boards, superintendents, and school administrators of CIF member schools must ensure that coaches, whether paid or voluntary, are competent to coach. Training or experience may determine minimal competence. These competencies include basic knowledge of: 1) The character building aspects of sports, including techniques and methods of teaching and reinforcing the core values comprising sportsmanship and good character. 2) The physical capabilities and limitations of the age group coached as well as the first aid. 3) Coaching principles and the rules and strategies of the sport.
13. Because of the powerful potential of sports as a vehicle for positive personal growth, a broad spectrum of school sports experiences should be made available to all of our diverse communities.
14. To safeguard the health of athletes and the integrity of the sport, school sports program must actively prohibit the use of alcohol, tobacco, drugs and performance enhancing substances, as well as a demand compliance with all laws and regulations, including those related to gambling and the use of drugs.
15. Schools that offer athletic programs must safeguard the integrity of their programs. Commercial relationships should be continually monitored to ensure against inappropriate exploitation of the school's name or reputation. There should be no undue influence of commercial interests. In addition, sports programs must be prudent, avoiding undue dependency on particular companies or sponsors.
16. The profession of coaching is a profession of teaching. In addition to teaching the mental and physical dimensions of their sport, coaches, through words and example, must also strive to build the character of their athletes by teaching them to be trustworthy, respectful, responsible, fair, caring and good citizens.

Code of Ethics - Athletes

Should a school fail to provide the correct game ball, the game will always be played. Teams/schools failing to utilize the correct official ball in CIF-SS playoffs will be reported by officials to CIF-SS and will not be allowed to host their next available home playoff game. Penalty does carry over to the next season if not enforceable this season due to elimination.

Note: NFHS stamp is required in all sports *except in golf and tennis*.
